

Greetings from New York!

A group of our U.S. based alumni recently took time off from their busy holiday schedules to have brunch at Pastis in New York - see Tristen Langley's letter below for the full scoop. Pictured, from left to right seated:

Hi there!

August is a tough month here in the US with most people taking the month off to travel (myself included, I made my way to New York from San Francisco). In any case, we had 5 Alumni attending the brunch at Pastis, New York, with some other friends and family attending also.

There were compliments all around the table with respect to the inaugural issue of UNSW ALUMNI. Everyone LOVED the magazine!!

Everyone is looking forward to receiving a lifelong email address also. There was a lot of laughter around the table and reminiscing about Sydney.

We even found that Jennifer and Chris had lived in the same street in Coogee! We're hoping to have a hike for the Californian resident Alumni in September.

Warm regards and best wishes from the USA.

Tristen.
