

Give now to fund the visionaries of the future

Your gift to UNSW helps our visionary researchers and talented students develop knowledge that improves lives and saves lives.

It also changes the lives of our students through creating better learning. It helps create real world change through supporting UNSW to generate practical applications from research that are being used right now to solve problems today. Many of our gifted researchers would not have had the opportunity to succeed in their important work without the support of undergraduate and postgraduate scholarships as students. Their multidisciplinary, ground breaking studies have led to revolutionary outcomes such as super efficient solar panels, innovative cancer drugs, a bionic eye for blindness sufferers,

radical insights into climate change, 360 degree stereoscopic cinema, economic models for the impact of Australia's ageing population, and much more.

Our students and researchers are the thought leaders of the future who will make a real difference to our world by addressing contemporary and social issues through research, learning and teaching.

In fact, they are already having an impact, and they need your support to continue their work.

Please make your gift now to fund the visionaries of the future.

Please complete this form and return OR go to – www.donateunsw.edu.au to complete the secure online gift form.

My Gift

I would like to make a regular gift of:

- \$ _____ per month
 \$ _____ per quarter
