Summary of the Course

The Greek language, however intricate, is more than yet another foreign language; it is the key to unlocking a great culture that is the backbone of our modern civilization. In this course you are introduced to the Greek language and you will begin to learn functional Greek, which can be used in everyday life in Greece. You are exposed to the Greek alphabet to make reading and writing possible as from the first week of classes. Basic grammatical and syntactical aspects of Greek are introduced through oral, listening and reading activities. The morphology and structure of the language is presented in the context of culturally relevant topics which concern the modern Greek world like popular culture, music, cuisine, travel, traditions, cinema and current affairs.

This course is a beginners-level language course. All students who have had some experience with the language, either as a heritage language or through previous instruction, must fill in the placement questionnaire available at <https://www.arts.unsw.edu.au/hal/study-us/resources-support/language-placements>. You will not be permitted to enrol in a language course that is too easy for you. If this occurs, you will be requested to change your enrolment.

Course Learning Outcomes

1. Use a very basic range of vocabulary and phrases in Greek and apply a few simple rules of grammar.
2. Understand and use the Greek Language in short interactions in familiar everyday situations.
3. Use very basic strategies to maintain communication.
4. Identify some features of linguistic and cultural diversity, including the varied nature of the Greek-speaking world.

Teaching Strategies

The lectures are partly in Greek so that you develop your listening abilities. Grammatical topics are presented, as well as cultural material related to the topics and themes of the course. The tutorials will provide you with the opportunities to listen, speak, read, and write in Greek. In the tutorials you will use grammar and vocabulary to discuss themes relevant to the Greek-speaking world, as well as the environment and yourselves. The online materials will provide you with explicit practice with vocabulary and grammar. These materials contain aural as well as written exercises for which you are provided immediate feedback.

You will communicate information, ideas and arguments both orally and in writing. You will gather and process information from a variety of printed, audio-visual and electronic sources. You will use IT effectively, both as a means of communication and as an aid to learning, as well as to demonstrate some ability as independent learners.

Submission of Assessment Tasks

Turnitin Submission

If you encounter a problem when attempting to submit your assignment through Turnitin, please telephone External Support on 9385 3331 or email them on externalteltsupport@unsw.edu.au . Support hours are 8:00am – 10:00pm on weekdays and 9:00am – 5:00pm on weekends (365 days a year). If you are unable to submit your assignment due to a fault with Turnitin you may apply for an extension, but you must retain your ticket number from External Support (along with any other relevant documents) to include as evidence to support your extension application. If you email External Support you will automatically receive a ticket number, but if you telephone you will need to specifically ask for one. Turnitin also provides updates on their system status on Twitter.

Generally, assessment tasks must be submitted electronically via either Turnitin or a Moodle assignment. In instances where this is not possible, it will be stated on your course's Moodle site with alternative submission details.

Academic Honesty and Plagiarism

Plagiarism is using the words or ideas of others and presenting them as your own. It can take many forms, from deliberate cheating to accidentally copying from a source without acknowledgement.

UNSW groups plagiarism into the following categories:

Copying: using the same or very similar words to the original text or idea without acknowledging the source or using quotation marks. This also applies to images, art and design projects, as well as presentations where someone presents another's ideas or words without credit.

Inappropriate paraphrasing: Changing a few words and phrases while mostly retaining the original structure and/or progression of ideas of the original, and information without acknowledgement. This also applies in presentations where someone paraphrases another's ideas or words without credit and to piecing together quotes and paraphrases into a new whole, without appropriate referencing.

Collusion: working with others but passing off the work as a person's individual work. Collusion also includes providing your work to another student before the due date, or for the purpose of them plagiarising at any time, paying another person to perform an academic task, stealing or acquiring another person's academic work and copying it, offering to complete another person's work or seeking payment for completing academic work.

Inappropriate citation: Citing sources which have not been read, without acknowledging the "secondary" source from which knowledge of them has been obtained.

Duplication ("self-plagiarism"): submitting your own work, in whole or in part, where it has previously been prepared or submitted for another assessment or course at UNSW or another university.

Correct referencing practices:

- Paraphrasing, summarising, essay writing and time management
- Appropriate use of and attribution for a range of materials including text, images, formulae and concepts.

Individual assistance is available on request from The Learning Centre (<http://www.lc.unsw.edu.au/>). Students are also reminded that careful time management is an important part of study and one of the identified causes of plagiarism is poor time management. Students should allow sufficient time for research, drafting and proper referencing of sources in preparing all assessment items.

UNSW Library also has the ELISE tool available to assist you with your study at UNSW. ELISE is designed to introduce new students to studying at UNSW but it can also be a great refresher during your study.

Completing the ELISE tutorial and quiz will enable you to:

- analyse topics, plan responses and organise research for academic writing and other assessment tasks
- effectively and efficiently find appropriate information sources and evaluate relevance to your needs
- use and manage information effectively to accomplish a specific purpose
- better manage your time

- understand your rights and responsibilities as a student at UNSW
- be aware of plagiarism, copyright, UNSW Student Code of Conduct and Acceptable Use of UNSW ICT Resources Policy
- be aware of the standards of behaviour expected of everyone in the UNSW community
- locate services and information about UNSW and UNSW Library

Some of these areas will be familiar to you, others will be new. Gaining a solid understanding of all the related aspects of ELISE will help you make the most of your studies at UNSW.
