

## MWAC/UNSW Cold Storage Services

# Backup Freezers

### Information if you require a backup freezer:

A list of the backup units available are listed here:

[Current CSS Emergency Backup Freezer List.xlsx](#)

This list will be kept up to date with freezer locations and space availability. We rely on your assistance in informing the CSS team when a freezer or freezer space has been occupied.

Contact UNSW Security on 02-8385 6666 to gain access to the rooms.

Once your sample have been transferred add your details including mobile number to the form on the front of the unit.

Please email Cold Storage Services ([ColdStorageServices@unsw.edu.au](mailto:ColdStorageServices@unsw.edu.au)) with:

- zID
- Location & serial number of the freezer you will be using.
- Capacity remaining in the freezer.

Do not move the units between buildings as the wireless monitoring will not be configured correctly.

### CSS contact details:

Name	Email	Mobile
Layla Ghourizi	<a href="mailto:l.ghourizi@unsw.edu.au">l.ghourizi@unsw.edu.au</a>	0403 581 634
