Summary of the Course

This course provides you with an opportunity to undertake work-integrated learning and gain industry experience with a host organisation closely related to your Masters program.

At the end of the internship you will provide a summative report of your experiences and work examples completed during the internship.

The internship requires a total commitment of 100-150 hours of work with a host organisation and may normally be taken in first or second semester. Internship opportunities are advertised via the School of the Arts and Media Internship Newsletter. Alternatively you may approach a relevant organisation to apply for an internship. Prior to seeking an internship, you should attend an internship information session run by the School of the Arts and Media.

Enrolment is by approval of the School, conditional on approval of an internship placement and meeting the eligibility requirements above.

Course Learning Outcomes

1. have gained experience of industry processes and practices
2. apply theoretical concepts and practical skills gained in the program to real-world contexts
3. have enhanced their capacity for independent engagement with industry providers

Teaching Strategies

This course has no formal teaching component.

Assessment

This subject is ungraded so a pass is dependent on Satisfactory (SY) or Unsatisfactory (FL) in meeting the course requirements. An SY grade will not affect your weighted average mark (WAM) but a FL grade will.

Course requirements include:

- Completion of a minimum of 100 hours of placement
- Submissions of assessment tasks 1 & 2 demonstrating a serious attempt to answer the task requirements
- Submission of both the host and student feedback forms

Assessment Tasks

Assessment task	Weight	Due Date	Student Learning Outcomes Assessed
Critical Reflection	50%	Any time before 5pm on the Friday of Week 10	1,2
Work Evidence	50%	Any time before 5pm on the Friday of Week 10	1,3

Assessment Details

Assessment 1: Critical Reflection

Start date:

Details: Students will submit a critical reflection which (i) briefly describes the type of media organization they were placed in (in general terms only, without naming) and their role within it; (ii) identifies a relevant role in the organization at or close to entry level and the skills and attributes needed to complete such a role; (iii) addresses how the type of work they have undertaken/produced during their placement contributes to their host organization and/or relevant media industry. In this last component students should explicitly reflect on such factors as the host/industry agenda, challenges and innovations for the host/industry, questions of ethics which may arise in relation to this work, questions of industry standards, industry processes or media forms. Academic reference should be made, using the Harvard system, and a minimum of five separate academic sources used, to support/explain/define the relevant concepts. The reflective analysis as a whole should be a minimum of 500 words but may make up more of the combined total of 1500-2500 word limit for both assessment components. Grading will be Satisfactory/Unsatisfactory only and no further feedback will be provided.

Additional details:

Submission notes: Tasks 1 and 2 are to be submitted in a single document to Moodle.

Assessment 2: Work Evidence

Start date:

Details: Students will present a sample of, reports on, or links to original work undertaken/produced during and for the purposes of the internship. This may be a holistic written document (eg news story, client profile etc) or records of research undertaken to prepare for a document/event/process in the host organization, reporting on tasks undertaken, description of workflow in relation to a larger process, or similar, ie it should provide evidence of practical work undertaken during the placement. This should be a minimum of 250 words but may make up more of the combined total of 1500-2500 words for both assessment components. Grading will be Satisfactory/Unsatisfactory only and no further feedback will be provided.

Submission notes: Tasks 1 and 2 are to be submitted in a single document to Moodle.

Academic Honesty and Plagiarism

Plagiarism is using the words or ideas of others and presenting them as your own. It can take many forms, from deliberate cheating to accidentally copying from a source without acknowledgement.

UNSW groups plagiarism into the following categories:

Copying: using the same or very similar words to the original text or idea without acknowledging the source or using quotation marks. This also applies to images, art and design projects, as well as presentations where someone presents another's ideas or words without credit.

Inappropriate paraphrasing: Changing a few words and phrases while mostly retaining the original structure and/or progression of ideas of the original, and information without acknowledgement. This also applies in presentations where someone paraphrases another's ideas or words without credit and to piecing together quotes and paraphrases into a new whole, without appropriate referencing.

Collusion: working with others but passing off the work as a person's individual work. Collusion also includes providing your work to another student before the due date, or for the purpose of them plagiarising at any time, paying another person to perform an academic task, stealing or acquiring another person's academic work and copying it, offering to complete another person's work or seeking payment for completing academic work.

Inappropriate citation: Citing sources which have not been read, without acknowledging the "secondary" source from which knowledge of them has been obtained.

Duplication ("self-plagiarism"): submitting your own work, in whole or in part, where it has previously been prepared or submitted for another assessment or course at UNSW or another university.

Correct referencing practices:

- Paraphrasing, summarising, essay writing and time management
- Appropriate use of and attribution for a range of materials including text, images, formulae and concepts.

Individual assistance is available on request from The Learning Centre (<http://www.lc.unsw.edu.au/>). Students are also reminded that careful time management is an important part of study and one of the identified causes of plagiarism is poor time management. Students should allow sufficient time for research, drafting and proper referencing of sources in preparing all assessment items.

UNSW Library also has the ELISE tool available to assist you with your study at UNSW. ELISE is designed to introduce new students to studying at UNSW but it can also be a great refresher during your study.

Completing the ELISE tutorial and quiz will enable you to:

- analyse topics, plan responses and organise research for academic writing and other assessment tasks
- effectively and efficiently find appropriate information sources and evaluate relevance to your needs
- use and manage information effectively to accomplish a specific purpose
- better manage your time

- understand your rights and responsibilities as a student at UNSW
- be aware of plagiarism, copyright, UNSW Student Code of Conduct and Acceptable Use of UNSW ICT Resources Policy
- be aware of the standards of behaviour expected of everyone in the UNSW community
- locate services and information about UNSW and UNSW Library

Some of these areas will be familiar to you, others will be new. Gaining a solid understanding of all the related aspects of ELISE will help you make the most of your studies at UNSW.
