# Summary of the Course

#### Subject Area: Music

This core course extends the student's knowledge of the materials, structures, and processes of tonal music beyond the foundational level via the study and application of harmonic and melodic practices in post-1850 art music composition, as well as other styles including popular music and jazz. Students will develop technical knowledge and skill in the analysis and application of appropriate melodic and harmonic elaboration, voice-leading, and musical form. Exercises in advanced compositional craft provide the student with the opportunity to demonstrate their initiative and creativity within selected styles of music. The course develops core skills in musicianship and the ability to apply these in other areas of musical practice and research.

## **Course Learning Outcomes**

- 1. master knowledge of the materials, structures, and processes of chromatic tonal music at an advanced level.
- 2. analyse chromatic melody and harmony in post-1850 musical styles, including popular music and jazz.
- 3. apply their knowledge and skills in the use of chromatic melody and harmony to the identification and contextualisation of key post-1850 musical works.
- 4. apply their developing musical knowledge and skill to music making, whether it be performing or composing.
- 5. demonstrate core skills in musicianship, in particular, music literacy, score reading, and the performance of advanced chromatic harmonic principles.

# **Teaching Strategies**

BMus and BA (Music Studies and Music Studies Extension) students attend a weekly one-hour lecture on music theory and harmony; a weekly one-hour tutorial on aural and ear-training skills, and a weekly one-hour laboratory on choral singing skills.

Lectures involve class exercises in music theory and harmonic analysis in various compositional contexts and are augmented with sound recordings, powerpoint presentations, and class quizzes. Aural tutorials involve class activities, intensive drills, and exercises in the analysis of selected musical examples designed to develop advanced aural perception. Group singing in the Choir Laboratory presents opportunities for the practical application of aural skills in a performance and compositional context.

# Assessment

• PLEASE NOTE: in order to receive a PASS mark for this course, students **must make a serious attempt** at completing ALL assessment tasks.

• STUDENTS ARE REMINDED THAT THEY MUST ACHIEVE **A PASS MARK** FOR THE **HARMONY COMPONENT** IN ORDER TO BE AWARDED A PASS MARK FOR THE OVERALL MUSC 2602 COURSE. Failure to achieve a Pass mark for the Harmony component may lead to a student receiving an overall 'Fail' Grade for the MUSC 2602 Course.

• All assessment items, with the exception of in-class tests, must be submitted via Moodle. Further details about the submission of particular assessment items will be issued at various times by the relevant tutor or lecturer in the MUSC 2602 Materials and Structures of Music 3 Course. Please take especial note of due dates and times as Late Penalties are applied automatically by the Moodle Submission system immediately after the designated submission time has passed.

• Music Literature List (self-directed study) and Test: a list of the works to be examined this semester is available on Moodle – see the MUSC 2602 Course module.

# Resources

## **Prescribed Resources**

MOODLE: Materials for this course will be frequently made available to all students via the Moodle eLearning website: log-in with your student ID and password, and select the MUSC2602 2020 Course.

Students are expected to monitor the Moodle module frequently during Term for information, class notes, revision exercises, and any updates on assessments.

Please Note: all assessment items, with the exception of in-class tests, must be submitted for marking via the Moodle website.

### **Recommended Resources**

Harmony Textbook: the following textbook will be used by the lecturer throughout all of the 'Materials and Structures of Music' Courses here at UNSW:

Title: The Musician's Guide to Theory and Analysis Author(s): Jane Piper Clendinnigand Elizabeth Marvin West Publisher: W.W. Norton & Company Inc. Edition: 3rd Edition Year: 2016 (3rd Edition) Available from the UNSWBookshop as a hard copy, or as an ebook at: http://books.wwnorton.com/books/webad.aspx?id=4294990554 (click on 'eBook' under Digital Resources.

Students are strongly encouraged to make use of the textbook, either has a hard copy (purchased from the UNSWBookshop or vai the UNSWLibrary) or as an ebook (purchased from the publisher's website).

Please note: this textbook is a valuable resource for all students in M&S Courses and, if you purchase a copy of the book, you will also receive information (from the book publisher) regarding access to useful on-line support materials, including tutorials on content, quizzes, and recordings of musical examples included in the textbook.

### **Course Evaluation and Development**

Student feedback is on this course is gathered periodically and is always carefully considered with a view to acting on it constructively wherever possible. Feedback is gathered by various means including the occasional informal on-line questionnaire and via the more formal MyExperience Survey process completed at the end of each Term.

In light of previous feedback from students in this course, more emphasis has been placed on providing examples from a wider range of musical styles within all components of the course, in order to further consolidate the student's understanding of the course content and its relevance to student study programs. Also, further attempts have been made to ensure that students have increased access to revision materials, made available via the Moodle website.

# **Submission of Assessment Tasks**

# **Submission of Assessment Tasks**

# **Turnitin Submission**

If you encounter a problem when attempting to submit your assignment through Turnitin, please telephone External Support on 9385 3331 or email them on externalteltsupport@unsw.edu.au . Support hours are 8:00am – 10:00pm on weekdays and 9:00am – 5:00pm on weekends (365 days a year). If you are unable to submit your assignment due to a fault with Turnitin you may apply for an extension, but you must retain your ticket number from External Support (along with any other relevant documents) to include as evidence to support your extension application. If you email External Support you will automatically receive a ticket number, but if you telephone you will need to specifically ask for one. Turnitin also provides updates on their system status on Twitter.

Generally, assessment tasks must be submitted electronically via either Turnitin or a Moodle assignment. In instances where this is not possible, it will be stated on your course's Moodle site with alternative submission details.

For information on how to submit assignments online via Moodle: https://student.unsw.edu.au/how-submit-assignment-moodle

# **Academic Honesty and Plagiarism**

Plagiarism is using the words or ideas of others and presenting them as your own. It can take many forms, from deliberate cheating to accidentally copying from a source without acknowledgement.

UNSW groups plagiarism into the following categories:

Copying: using the same or very similar words to the original text or idea without acknowledging the source or using quotation marks. This also applies to images, art and design projects, as well as presentations where someone presents another's ideas or words without credit.

Inappropriate paraphrasing: Changing a few words and phrases while mostly retaining the original structure and/or progression of ideas of the original, and information without acknowledgement. This also applies in presentations where someone paraphrases another's ideas or words without credit and to piecing together quotes and paraphrases into a new whole, without appropriate referencing.

Collusion: working with others but passing off the work as a person's individual work. Collusion also includes providing your work to another student before the due date, or for the purpose of them plagiarising at any time, paying another person to perform an academic task, stealing or acquiring another person's academic work and copying it, offering to complete another person's work or seeking payment for completing academic work.

Inappropriate citation: Citing sources which have not been read, without acknowledging the "secondary" source from which knowledge of them has been obtained.

Duplication ("self-plagiarism"): submitting your own work, in whole or in part, where it has previously been prepared or submitted for another assessment or course at UNSW or another university.

Correct referencing practices:

- Paraphrasing, summarising, essay writing and time management
- Appropriate use of and attribution for a range of materials including text, images, formulae and concepts.

Individual assistance is available on request from The Learning Centre (http://www.lc.unsw.edu.au/). Students are also reminded that careful time management is an important part of study and one of the identified causes of plagiarism is poor time management. Students should allow sufficient time for research, drafting and proper referencing of sources in preparing all assessment items.

UNSW Library also has the ELISE tool available to assist you with your study at UNSW. ELISE is designed to introduce new students to studying at UNSW but it can also be a great refresher during your study.

Completing the ELISE tutorial and quiz will enable you to:

- analyse topics, plan responses and organise research for academic writing and other assessment tasks
- effectively and efficiently find appropriate information sources and evaluate relevance to your needs
- use and manage information effectively to accomplish a specific purpose
- better manage your time

- understand your rights and responsibilities as a student at UNSW
- be aware of plagiarism, copyright, UNSW Student Code of Conduct and Acceptable Use of UNSW ICT Resources Policy
- be aware of the standards of behaviour expected of everyone in the UNSW community
- locate services and information about UNSW and UNSW Library

Some of these areas will be familiar to you, others will be new. Gaining a solid understanding of all the related aspects of ELISE will help you make the most of your studies at UNSW. <a href="http://subjectguides.library.unsw.edu.au/elise/aboutelise">http://subjectguides.library.unsw.edu.au/elise/aboutelise</a>
