#### 4. RATIONALE FOR THE INCLUSION OF CONTENT AND TEACHING APPROACH

The content of the course provides an overview of the major issues that may be relevant to the education of gifted and talented students. The teaching strategies were selected to actively engage students as they discuss and reflect upon current theory and practice and learn new information and skills. Students will be required to take responsibility for their own learning in this course.

#### 5. TEACHING STRATEGIES

The teaching strategies to be used in the course will comprise a mixture of online lectures, self-directed activities, participation in online discussion forums, and self-directed reading that reflect evidence-based teaching practices.

## 6. COURSE CONTENT AND STRUCTURE

The course is structured to be completed online through Moodle and will involve 8 weeks of content to be spread out over Term 1. Each of these weeks will require approximately 3 hours per week of work (i.e., approximately 24 hours of work for the course). This time should be used each week to complete the learning activities (see Moodle each week for weekly activities). Learning activities each week will involve viewing pre-recorded lectures and workshops (topics listed below), writing and reflecting in response to weekly activity questions, and posting and responding to posts on the discussion forums. ## 7. RESOURCES

The textbook for the course is as follows: *Rimm, S. B., Siegle, D. B., & Davis, G. A. (2018). Education of the gifted and talented (7th edition). New York, NY: Pearson.* You may be interested in obtaining a copy of this book, as chapters in the book are required reading for Weeks 1, 3, 4, and 7 of the courses. While the relevant chapters may be accessed in Moodle (i.e., the Prescribed Course Readings section), only the chapters for Weeks 1 and 3 relate to the 7th edition (the remaining chapters of the book that may be accessed in Moodle relate to the older 6th edition - nevertheless, the 6th and 7th editions of the textbook are not substantially different).
