

# Education (Primary) 4072

## Term 1 2026 Commencing Students

The Bachelor of Education (Primary) is an undergraduate initial teacher education program developed in partnership with the New South Wales Education Standards Authority.

The program will be accredited by the NSW Education Standards Authority (NESA), enabling graduates to teach in both government and non-government primary schools in all states of Australia and overseas.

The program supports students to meet the Australian Professional Standards for Teachers at graduate level. Academic lecturers and local teachers with experience in primary education work together to provide core education courses and discipline-specific curriculum and pedagogy studies within the six key learning areas of the primary curriculum:

- English
- Mathematics
- Science and Technology
- History and Geography
- Creative Arts
- Personal Development, Health and Physical Education

**It's very important to refer to the [2026 Handbook](#) for your program and stream requirements, plus any additional notes on accreditation.**

**To check your progress, log in to the myPlan progression checker tool <https://www.unsw.edu.au/student/managing-your-studies/resources/myplan>**

### Working with Children Check

For accreditation as a teacher in NSW, all teacher education students will need to meet the Participation and Enrolment Requirements set by the NSW Education Standards Authority (NESA). By the first week of your course in Term 1, you will need to complete your Working with Children Check

### Internship, Placement and Exchange Opportunities

85 days of Professional Experience in schools of which 20 days represent an internship

### Compulsory Training Component

Compulsory 85 days of work integrated learning in primary school settings, delivered across one Discipline course (EDST1120 Foundations of Literacy) and three professional experience courses (EDST2002, EDST6760 and EDST6765).

- EDST6765 (12 UOC) Professional Experience 2 / Internship cannot be studied concurrently with another course
