Summary of the Course

Subject Area: *Social Work*

You will study a specific method of social work practice in-depth. As part of advanced study in the field of Social Work, this course provides you with the opportunity to deepen your understanding and capacity to practice in a given aspect of advanced social work methods. Tuition and assessment includes working interactively with examples of practice. Student preferences are taken into account in establishing the range of advanced methods that are considered each year.

Course Learning Outcomes

1. Conceptualise a selected social work practice method.
2. Explain relevant practice theories in depth.
3. Articulate the relationship between skills and knowledge relevant to a selected social work practice method.
4. Select and apply a social work method to a stated practice issue or problem.

Teaching Strategies

This course offers students instruction in the theory and practice of a selected social work practice method. The weekly format is a 3-hour class that requires the active participation of all students and combines a guided reading program, theory seminars and practice workshops.

Assessment

Refer to Moodle for specific details for assignments for each elective.

Attendance Requirements

The School of Social Sciences expects that students will attend and participate actively in 100% of learning and teaching activities (henceforth 'classes', to include lectures, tutorials, seminars, labs, online activities and so on).

Mandatory attendance of classes for this course is part of the accreditation requirements for the BSW (Hons) program.

If you attend less than 80% of classes, you may be refused final assessment. This means that if you do not attend at least 80% of possible classes your final assignment or exam may receive a mark of zero. You are responsible for keeping track of your attendance and contacting your course convenor (add name) immediately if you are concerned about your attendance record and its impact on your ability to complete your course successfully.

For the purpose of attendance monitoring, the final assessment for this course is the Substantive Assignment worth 55% of your overall grade for this course. This is the assessment item that will be graded at zero if you do not meet the attendance requirement.

Submission of Assessment Tasks

Submission of Assessment Tasks

Turnitin Submission

If you encounter a problem when attempting to submit your assignment through Turnitin, please telephone External Support on 9385 3331 or email them on externalteltsupport@unsw.edu.au . Support hours are 8:00am – 10:00pm on weekdays and 9:00am – 5:00pm on weekends (365 days a year). If you are unable to submit your assignment due to a fault with Turnitin you may apply for an extension, but you must retain your ticket number from External Support (along with any other relevant documents) to include as evidence to support your extension application. If you email External Support you will automatically receive a ticket number, but if you telephone you will need to specifically ask for one. Turnitin also provides updates on their system status on Twitter.

Generally, assessment tasks must be submitted electronically via either Turnitin or a Moodle assignment. In instances where this is not possible, it will be stated on your course's Moodle site with alternative submission details.

Academic Honesty and Plagiarism

Plagiarism is using the words or ideas of others and presenting them as your own. It can take many forms, from deliberate cheating to accidentally copying from a source without acknowledgement.

UNSW groups plagiarism into the following categories:

Copying: using the same or very similar words to the original text or idea without acknowledging the source or using quotation marks. This also applies to images, art and design projects, as well as presentations where someone presents another's ideas or words without credit.

Inappropriate paraphrasing: Changing a few words and phrases while mostly retaining the original structure and/or progression of ideas of the original, and information without acknowledgement. This also applies in presentations where someone paraphrases another's ideas or words without credit and to piecing together quotes and paraphrases into a new whole, without appropriate referencing.

Collusion: working with others but passing off the work as a person's individual work. Collusion also includes providing your work to another student before the due date, or for the purpose of them plagiarising at any time, paying another person to perform an academic task, stealing or acquiring another person's academic work and copying it, offering to complete another person's work or seeking payment for completing academic work.

Inappropriate citation: Citing sources which have not been read, without acknowledging the "secondary" source from which knowledge of them has been obtained.

Duplication ("self-plagiarism"): submitting your own work, in whole or in part, where it has previously been prepared or submitted for another assessment or course at UNSW or another university.

Correct referencing practices:

- Paraphrasing, summarising, essay writing and time management
- Appropriate use of and attribution for a range of materials including text, images, formulae and concepts.

Individual assistance is available on request from The Learning Centre (<http://www.lc.unsw.edu.au/>). Students are also reminded that careful time management is an important part of study and one of the identified causes of plagiarism is poor time management. Students should allow sufficient time for research, drafting and proper referencing of sources in preparing all assessment items.

UNSW Library also has the ELISE tool available to assist you with your study at UNSW. ELISE is designed to introduce new students to studying at UNSW but it can also be a great refresher during your study.

Completing the ELISE tutorial and quiz will enable you to:

- analyse topics, plan responses and organise research for academic writing and other assessment tasks
- effectively and efficiently find appropriate information sources and evaluate relevance to your needs
- use and manage information effectively to accomplish a specific purpose
- better manage your time

- understand your rights and responsibilities as a student at UNSW
- be aware of plagiarism, copyright, UNSW Student Code of Conduct and Acceptable Use of UNSW ICT Resources Policy
- be aware of the standards of behaviour expected of everyone in the UNSW community
- locate services and information about UNSW and UNSW Library

Some of these areas will be familiar to you, others will be new. Gaining a solid understanding of all the related aspects of ELISE will help you make the most of your studies at UNSW.
