Program and Course Terminology

Please refer to the 2022 Handbook for the program and major rules: <https://www.handbook.unsw.edu.au/postgraduate/programs/2022/8417>

Terminology	Definition
Program and Data Analysis Core Courses	12 UOC compulsory core courses which students must complete under this degree
Gateway Courses	Students who have 2 different specialisation gateway courses will only have 6 UOC in this requirement. Students who have 2 specialisations that share the same specialisation gateway course will have 12 UOC in this requirement. Students completing the Accounting or Management Accounting specialisations must not complete ACCT5906
Specialisation Gateway Courses	6 UOC specialisation gateway part of the 36 UOC specialisation (See Table C). Students with 2 specialisations with different specialisation gateway courses will take a further one (6 UOC) to meet this requirement.
Specialisation Requirements	A sequence of approved courses (36 UOC) in an approved discipline stream offered by the UNSW Business School (See Table C), containing a combination of a Gateway Core Course (6 UOC), specialisation core courses and/or specialisation elective courses (30 UOC)
Optional 2nd specialisation	Students with a 2nd specialisation will take another 36 UOC of specialisation courses with 6 UOC specialisation gateway and 30 UOC specialisation core and/or electives. Students with two specialisations that share the same specialisation core courses can only count the course towards 1 specialisation. Students will then need to take a specialisation elective to replace the missing core for the other specialisation. If the two specialisations share the same specialisation electives, students can only count the course towards 1 specialisation. Students will then need to take another specialisation elective to replace the specialisation elective for the other specialisation.
Master of Commerce Elective Course	This course can be any 6UOC Postgraduate course offered within the Master of Commerce program (subject to pre-requisite requirements) and cannot be ECON5257 or TABL5512. Students may find complementary electives to their specialisations.
Capstone or Practicum Course	The final subject (6 UOC) that will tie all your learning together. For students with 2 specialisations, the capstone course can be from either specialisation.

PLEASE USE THIS DIAGRAM AS REFERENCE ONLY. IT DOES NOT REPLACE THE HANDBOOK AS GUIDE FOR PROGRAM REQUIREMENTS.

Please refer to the 2022 Handbook for the program and major rules: <https://www.handbook.unsw.edu.au/postgraduate/programs/2022/8417>
