

37**68** – Engineering (Honours) Computer Engineering /

Biomedical Engineering

3768 - Engineering (Honours) / Computer Engineering 240 UoC

This dual degree program is designed for undergraduate students wishing to pursue a career in either Engineering or Biomedical Engineering. At the end of the program, successful candidates will graduate with a Bachelor in Engineering (Honours) and a Masters in Biomedical Engineering. Students are expected to perform at a credit average (65%) or better in their first three years to continue into the Masters part of the program. Students who do not satisfy this requirement can revert to the Bachelor of Engineering (Honours) program.

Double Degree Structure

Additional Elective

Engineering Course List)

(The Additional Elective can be taken from the Biomedical

*The list of Biomedical Engineering Courses can be found in the handbook.

- 1. Students must complete 240 UoC
- 2. Students must complete a minimum of 72 UoC of the Biomedical component (BIOMDS)
- 3. Students must complete 168 UoC from their chosen Engineering (Honours) stream

These courses will count towards the 168 UoC that is required for completion of their BE (Hons)
