International Scientia Coursework Scholarship
Alongside academic merit, we want you to show us your passion to become a leader, how you have engaged in extracurricular interests, and share with us why UNSW is the university for you.

What you receive:
• A full scholarship on your tuition fees or,
• AUD$20,000 per annum for the minimum duration of your program.

You will also have access to networks and support including ‘fast-tracked’ applications for campus accommodation, awards and networking events and guaranteed entry into the UNSW Professional Development Program.

Australia’s Global University Award
If you have strong academic merit and are passionate about achieving your goals through your university study, you will be considered for Australia’s Global University Award.

What you receive:
• AUD$10,000 for one year

For all eligibility requirements, instructions on how to apply, or to explore all the scholarships available, visit scholarships.unsw.edu.au

“My scholarship has encouraged me to stay out of my comfort zone and learn as much as I can. Not only did it allow me to focus on my academics, but it also pushed me to use this time wisely and make the most of it.”
– Ilma Nusidra Eprianto, Master of Commerce – Enterprise System and Business Design
Welcome to Sydney

Feel safe and welcome
G’day. Hello. Hi. How’s it going? Aussies are known for being friendly and you will find a smile wherever you go. Feel safe and welcome as you join our vibrant and multicultural communities all over Sydney that span social, religious and cultural collectives.

Sydney has been ranked one of safest cities in the world*. You can feel secure and safe about your choice to live here. It will feel like a home away from home, no matter where you are from. The best bit about our multicultural city? The food. Explore Chinatown, Spice Alley, Little Italy and an array of fresh food markets all within easy reach. Who knows what new treats you could discover?

Sydney is one of the best student cities globally. It is ranked the 4th most desirable place to live and study in the world^.

Sydney is known as one of the most diverse and inclusive cities in the world – made up of global citizens. The differences you bring are appreciated and we look forward to welcoming you.

Sydney is more than just a pretty face. It offers countless business and career opportunities – it is Australia’s financial and economic powerhouse. There is always something to do in Sydney, and UNSW is right in the heart of it all.

Come join us.

Sydney on a budget
On a budget? No worries. There are lots of affordable indoor and outdoor activities to enjoy in Sydney.

- Pop into a free art gallery,
- Catch a movie at the local cinema,
- Try a coastal walk, snorkel or surf at the beach,
- Or enjoy a budget-friendly lunch or dinner in one of our neighbouring suburbs.

Feel confident to try new hobbies with lots of UNSW student social clubs to join.

Explore Sydney’s surroundings
Sydney is a stunning and vibrant city built around one of the most beautiful harbours in the world with sparkling beaches and the city centre just minutes away from the UNSW Sydney campus. Head to one of our beautiful parks for an outdoor picnic with friends.

If you want to go further afield, the Blue Mountains to the west of Sydney, the Royal National Park to the south or stunning Palm Beach in the north are great for a getaway.

Take a break from the books
There is always something fun and exciting happening in Sydney – from concerts at the Opera House, to free events including Vivid light and musical festival, Chinese New Year celebrations and the multicultural Parramasala. Join an impromptu beach volleyball game on Coogee Beach or grab some friends for some photo-worthy moments in the Chinese Garden of Friendship.

Or if you are more into sport, we host world-class sporting events including cricket, soccer and rugby.

For the more artistic visitors, there are theatre productions, concerts and festivals (many of them free) to keep you entertained and inspired all year round. Get among it and join the fun in Sydney.

Get the full experience

University is about discovering the best version of yourself. At UNSW, there are so many opportunities for you to explore and grow, and with each new experience, you will discover new things about yourself and what motivates you to succeed. You will make friends in clubs and societies and enjoy fun events on and off campus.

Scan the QR code to watch a student tour of our campus and social activities.

Online, flexible study that works for you
Receive a world-class education from anywhere. Take advantage of a wide range of fully-online programs designed to help you balance professional and personal commitments. UNSW’s online learning is recognised as accredited study and is delivered with the same high standard of teaching as if you were on campus. Programs offered will enable you to upskill, shift careers or gain a competitive edge in the job market. Browse the range of online degrees at online.unsw.edu.au.

Please note that students are not able to obtain an Australian student visa for UNSW’s fully-online programs.

A place to make new friends
Students from all backgrounds are what makes our campus so rich and diverse. There are plenty of activities and opportunities to find your place in the community. With over 300 clubs and societies for everything from sport to religion, everyone is welcome. Arc, UNSW’s student-led organisation and home to many of our student clubs, hosts regular parties and events (in person and online), sporting competitions and practice, volunteering opportunities, health and wellness sessions… the list goes on. Find your friends at arc.unsw.edu.au.

Discover your favourite places
UNSW’s campus has everything you could need all in one place. You will find dozens of cafes and restaurants, banks, bankteller facilities, a post office, supermarket, medical facilities, libraries, sporting facilities and more! When it is time to hit the books, there are indoor computer labs and outdoor study areas, so you can find the right vibe to suit your study style – all with free and fast Wi-Fi.

Receive the support you need

UNSW is a friendly and welcoming university. We have a range of support and development services to guide you from your first day through to graduation.

Feel safe and welcome

The health and safety of our students is our number one priority. We have strict cleaning protocols in line with health authority guidelines. There is an on-campus health clinic, support for mental health, and wellbeing services designed specifically for students. We also provide 24/7 security services and have an app to help: StaySafe@UNSW.

Arriving in Sydney

With new-arrival workshops, campus tours, an airport meet & greet service, our dedicated International Student Welcome Centre will make you feel at home with UNSW.

Your student community is here to help

Before you arrive, be matched with a Cultural Mentor, who is your new senior student ‘buddy’ and will answer all your questions on UNSW and Sydney. After you arrive your mentor can help you learn about Australian culture, customs and settling into student life at UNSW.

Our International Student Advisors provide personalised advice and information on university life, student visas, wellbeing and academic performance. They’re ready to chat online now or meet you in person.

We have peer support mentors, special support programs for young students under 18 years of age and Arc, our student-led organisation, runs the Great Mates’ program where you can chat with experienced, senior international students. Plus, there is lots of helpful information online, visit student.unsw.edu.au/international.

Study and academic language support

UNSW academics are here to help you get the most from your studies and will work with you in classes and consultations. You can also attend workshops, use online materials or make an appointment with an Academic Learning Facilitator to develop your skills in the areas you want, like academic writing for essays, getting feedback on written work, preparing for exams, making presentations, and more.

For more information, visit student.unsw.edu.au/skills and student.unsw.edu.au/english.

Wellbeing and mental health support services

At UNSW we provide programs and counselling services to help improve your confidence and overall physical and mental wellbeing.

Our Psychology and Wellness centre offers 1:1 confidential appointments, and group sessions where you can speak and share with other students. Counsellors can refer you to specialist services and we offer 24-hour mental health support via after hours calls and text.

Our UNSW Clubs and Societies are a vital part of your student experience outside the classroom. Joining a club is a great way to make friends, get active and make the most of your time at university.

Find out more at arc.unsw.edu.au/clubs.

Educational adjustments

If you are living with disabilities or health conditions, our Equitable Learning Service can work with you to make reasonable adjustments to support your learning experience at UNSW. This is a confidential service and academics at UNSW do not know what disabilities students may have. For more information, visit student.unsw.edu.au/el.
UNSW’s campuses are located between Sydney’s coastal eastern suburbs and bustling city centre - surrounded by public transport options. There are trains, buses, ferries and light rail options that run from UNSW campuses throughout Sydney at all hours of the day. A short bus trip will take you to explore the famous beaches of Coogee or Bondi, while the new Light Rail network takes you from UNSW’s Kensington campus the central business district and inner city.

You can even go sightseeing from campus – the famous Sydney Opera House and Sydney Harbour Bridge are a short trip on public transport, or explore Sydney’s famous coastal and inner-city suburbs by walking or cycling.
Find your new home

Feel at home with a range of award-winning accommodation on and off campus at UNSW. Live within walking distance of your lecture halls, meet people from around the world, and make lifelong friends.

Accommodation at UNSW
Living on campus is unlike any other accommodation option. Colleges have a strong culture of socialising, while apartments have more opportunity for independence. Both are places to grow alongside fellow students, fulfilling your personal and academic potential.

Colleges
Live among students from Australia and around the world. Fully immerse yourself in university life and create unforgettable experiences in a community built around you and your education. Every room includes utilities, fast Wi-Fi, secure facilities and staff on hand to support you at no extra cost. You can access catered meals, an ensuite and room cleaning services, with all dietary requirements catered for.

Apartments
Apartments provide an opportunity to make your own home and household. They cater to students who want more independent living or need specific living arrangements, including families. All accommodation prices include furniture, general cleaning, Wi-Fi, water, electricity and gas.

Private accommodation options
Rental property
Choose from numerous private rental properties located in the surrounding suburbs of UNSW. You can rent a furnished or unfurnished property. Be sure to consider additional expenses such as electricity, gas, telephone and Wi-Fi. Costs vary but usually range from AUD$450 - AUD$600 per student per week in a shared house or apartment.

Homestay
Homestay options include full board and single room-only accommodation. Full board usually includes a furnished room, use of facilities in a private home plus breakfast and dinner. Single room-only homestays include a furnished room, and gas and electricity expenses in the rent. You will need to arrange your own food, cooking, cleaning, laundry and telephone costs. Costs vary but usually range from AUD$300 - AUD$400 per student per week. Search our database of local private properties at studystays.unsw.edu.au.

Temporary accommodation
We recommend having three to four weeks before classes begin to arrange private housing. Be sure to book short-term accommodation first, then look for long-term options in person. Short-term accommodation can include private hotels, motels, hostels, lodges or furnished apartments ranging from AUD$55 – AUD$100 per day.

Private student housing assistance
UNSW’s International Student Housing Assistance (ISHA) team can help you look for temporary or private accommodation if UNSW accommodation is not available when you apply. For more information, visit student.unsw.edu.au/housing-assistance.

Living on campus compared to living off campus
Living on campus compared to living independently factoring in everything you need to consider from food to transport, so you can make an informed choice about where you will live when you study with UNSW.

Living costs are indicative only and will vary based on the location, number of people you live with and the condition of the housing.

Temporary accommodation
Under 18s
Arrangements must be made for students under 18 years of age according to Australian Government regulations for the welfare of international students under 18. For more information, visit student.unsw.edu.au/visa18.

Living on campus compared to living off campus
We have compiled indicative costs of living on campus compared to living independently factoring in everything you need to consider from food to transport, so you can make an informed choice about where you will live when you study with UNSW.

Career success
UNSW graduates succeed. They are earning the highest median salaries of graduates from Go8 universities*. Many are making contributions to the world’s most admired enterprises and organisations. Others are disrupting the status quo, launching brands and start-up businesses that make a real difference.

Build professional networks
Whichever sector you want to move into, you will be able to leverage our faculty’s connections to thousands of industry partners. You will work with and learn from staff who are not only practicing in your field, but who are also leading and shaping the future of your industry.

Gain a global mindset
As part of our diverse community of students, staff, alumni and industry partners from around the world, you will be able to build a global network. Studying at an internationally renowned university, you will learn the communication and professional skills to move into global careers and drive solutions to challenges that go beyond borders.

Experiences to shape your future
We are dedicated to helping you create a university experience that aligns with your ambitions and values. We will listen to and work with you to understand your goals and support you to pursue those through industry connections, social networks, hands-on experiences and world-class campus facilities.

Our campuses and facilities
Kensington Campus
Located between the global metropolis of Sydney’s CBD, and its world-famous beaches, UNSW’s Kensington campus hosts hundreds of clubs, societies and networking events. It is home to Australia’s most comprehensive entrepreneurship program – UNSW Founders.

Paddington Campus
Our Art & Design campus in inner city Sydney is a renowned creative hub. Studying here, you will have access to an unmatched array of studio, workshop and gallery spaces, as well as state-of-the-art digital production technology.

Design Futures Lab
Purpose-built to inspire exploration and innovation in architecture, design and the built environment using emerging technologies.

Esme Timbery Creative Practice Lab
Our multi-arts production and performance hub contains the latest digital production technology to facilitate creative collaboration across media and the arts.

UNSW Galleries & Making
UNSW Galleries exhibit the work of leading Australian and International practitioners and curators, while our Making Spaces are open for you to explore, design and create using UNSW’s tools and technologies.

Architecture and Built Environment

Architecture

Master of Architecture

Program code 8143
CRICOS code 088355M
Duration 2 years
Entry February and September
Estimated first year tuition AUD$39,100

Build on the disciplinary foundation of a bachelor-level architecture degree with a Master of Architecture. This degree provides advanced knowledge of architectural design, professional practice, environmental design and construction and structures. You can choose one of four program streams to tailor your degree to a specific field of your interest. The Master of Architecture prepares you to practice in architecture and other design-based industries.

Areas of specialisations
- High Performance Technology
- Housing
- Social Agency
- Urban Conditions
- Generalist (no stream specialisation)

Entry requirements
- A recognised bachelor's degree (or equivalent qualification) in architecture, with at least a credit average (65%).
- OR: Applicants who have completed the Bachelor of Architectural Studies (or equivalent) but do not meet the entry requirements specified above may be considered after they have obtained work experience in an architectural office. Work experience will be individually assessed based on the following submission:
  - A portfolio of the work undertaken during this period
  - A referee report from the employer
  - A completed Bachelor of Interior Architecture (Honours) graduate will meet entry requirements for the Master of Architecture 8143 if they complete the architecture elective pathway in the Bachelor of Interior Architecture (3256) degree. Students will need to complete the following courses as part of this pathway, and achieve an overall WAM of 65. These courses will count as electives in their BIA program.

**ARCH1311: Architecture Studies 5
ARCH1302: Architecture Studies 6
ARCH1321: Structures and Construction 2
ARCH1322: Architectural History and Theory 3
ARCH1331: Architectural Science and Building Environment 2**

Professional accreditation

The Master of Architecture builds on the UNSW Bachelor of Architectural Studies degree, and presently has full five-year accreditation from the Architects Accreditation Council of Australia (AACA) and NSW Architects Registration Board. Upon successful completion of their studies, Master of Architecture graduates are then eligible to apply for the Architectural Practice Examination (APE) which must be undertaken in order to become a Registered Architect in Australia.

Landscape Architecture

Master of Landscape Architecture

Program code 8148
CRICOS code 088355A
Duration 2 years
Entry February and September
Estimated first year tuition AUD$39,100

Landscape Architecture caters to students from a non-contemporary issues facing the field. The Master of Landscape Architecture provides a solid foundation to pursue planning and urban policy-related career opportunities. The two-year master's degree is professionally accredited, and gives students the chance to undertake a major capstone project in their chosen area of interest. Graduate Diploma and Graduate certificate programs are also available.

Entry requirements
- A recognised bachelor's degree with at least a credit average (65%).
- OR: Applicants who have completed the Bachelor of Landscape Architecture from an accredited program. These students may be granted 96 UOC for recognition of prior learning (RPL) and are required to complete one year of study (48 UOC program). You must submit a portfolio and provide a personal statement.

**Stream A**
- To students from a non-design background. You will be required to complete the three-year, 144 UOC program. You must submit a portfolio and provide a personal statement.

**Stream B**
- To students from related backgrounds, including landscape architecture, architecture and urban design. These students may receive 48 UOC for recognition of prior learning (RPL) and are required to complete the two-year, 96 UOC program. You must submit a portfolio and provide a personal statement.

City Planning

Planning is an exciting, varied and progressive profession, which plays a pivotal role in decisions shaping the future of cities and regions. The City Planning programs provide a solid foundation to pursue planning and urban policy-related career opportunities. The two-year master's degree is professionally accredited, and gives students the chance to undertake a major capstone project in their chosen area of interest. Graduate Diploma and Graduate certificate programs are also available.

Graduate Diploma in City Planning

Program code 8148
CRICOS code 088355A
Duration 2 years
Entry February and September
Estimated first year tuition AUD$39,100

Entry requirements
- A recognised bachelor's degree with at least a credit average (65%).
- OR: Applicants who have completed the Bachelor of Landscape Architecture from an accredited program. 1 year program
• A recognised honours degree with at least a credit average (65%) in a related field*, OR
• An honours degree in an unrelated field with at least a credit average (65%) plus three years construction industry experience at a managerial level, OR
• A master’s degree with a credit average in a related field

If you meet the criteria for the 1 year program, you’ll receive Recognition of Prior Learning (RPL) credit points for two research courses and one elective.

*Related fields are:
Built environment disciplines
Engineering
Business
Law

Professional accreditation
The program has been accredited by the Australian Institute of Building (AIB) and the Royal Institute of Chartered Surveyors (RICS). Graduates will be eligible to apply for membership with both AIB and RICS.

Entry requirements
Please see the single degrees (B121 and B127).

The Master of Construction Project Management/Property and Development combines the principles of these two fields to equip you with the advanced, interdisciplinary skills required to manage the property development or construction process. You will learn how to apply innovative, smart technologies and sustainable approaches to construction and infrastructure required for higher density living. Graduates from this program will meet the growing global demand in the construction and property industries for those who have a deep understanding of how construction management and property development are interrelated.
Launch a dynamic career in contemporary curating by generating new ideas and setting cultural agendas. The Curating and Cultural Leadership programs forge connections between curating, audience engagement, policy, management, critical writing, promotion, production, and other emerging aspects of this field. The programs are customisable and include an industry-based project at postgraduate level, allowing you to build your skills and professional networks.

Curating and Cultural Leadership programs forge connections generating new ideas and setting cultural agendas. The Launch a dynamic career in contemporary curating by specific studies; political science and policy geography, indigenous studies, gender studies, communication and media studies; art theory, museum studies, visual arts and the creative arts such as fine arts, art history, librarianship and information management; 2 year program entry points with different duration: Curating and Cultural Leadership has three Depending on the level and nature of prior qualifications, admission to the Master of Design has three entry points with different duration. You can also articulate into the A recognised honours degree in a related field. Applicants who apply with a bachelor’s degree completed more than 10 years ago can be admitted to the Graduate Certificate in Design on a case-by-case basis by the Program Director, based on a portfolio of work and professional experience.

Areas of study Curating focuses on contemporary curating as a diverse and dynamic profession which plays a key role in setting cultural agendas and discovering new ground. The curatorial strand emphasises experimentation and the development of a strong independent practice through curatorial studios and live public projects.

Cultural Leadership includes museum management, public programming and engagement, education, policy, critical writing, promotion, production, and new emerging roles. It emphasises the fluid boundaries between all these activities and promotes a collaborative approach. This strand fosters a vision of leadership that is diverse and limited by neither age nor status. It educates students to develop a unique individual philosophy underpinned by a robust and flexible skill set.

"I like that UNSW is a really prestigious institution and has links to some pretty big industries, so I know that will look good on my resume."

Evena Wong, Malaysia, Master of Design

"I'd like that UNSW is a really prestigious institution and has links to some pretty big industries, so I know that will look good on my resume."

Evena Wong, Malaysia, Master of Design

Design

UNSW's design programs are interdisciplinary, industry-engaged and focus on the role of design in innovation and the global economy. You will combine technology, design thinking, conceptual exploration with practical skills to take your professional and practical design knowledge to an advanced level.

Areas of practice You will choose from the following studio-based courses to either focus on a specific area of design and digital media practice or to put together your own suite of courses.

Graphic Communication addresses graphic design for paper and print, the screen and broadcast, encompassing contemporary typography, graphic design and cross-cultural communication strategies in designing for different audiences.

Spatial Experiences engages with the design of processes, services, events and environments, with a focus on the quality of the user experience.

Interaction and User Experience (UX) Design covers visual communication and user experience across graphics, media and emergent interactive technologies.

Visualisation and Visual Effects focuses on the practices of designing for animation, 3D, sound, film, video, illustration and computing.

Future Making: Materials and Objects focuses on the making of objects with new materials, digital technologies and craftsmanship. It addresses the integration of technical knowledge and skills with material and contextual understanding. Future making works with ceramics, jewellery, metal, textiles, furniture and lighting.

Design Portfolio Requirements You may be required to submit a portfolio depending on the level and nature of your prior qualifications. Portfolios are submitted with your online application and must include the following:

- A 10-page digital portfolio of original design work with critically reflective text;
- A letter explaining your interest in UNSW and the degree as well as your interests, achievements and experience;
- A portfolio of work that demonstrates your professional experience in design or media-related field(s);
- A two-page resume that details your experience in or related to design including contact details for two referees.

"I'd like that UNSW is a really prestigious institution and has links to some pretty big industries, so I know that will look good on my resume."

Evena Wong, Malaysia, Master of Design
Interested in VR, AR, MR or simulation? Equip yourself with the creative skills and latest immersive technologies to meet industry’s rapidly transforming approaches to manufacturing, training, modelling, planning and more. The Simulation and Immersive Technologies programs offer a unique human-centric, design-led approach to immersive technology focusing on human perception and experience. You will learn the how, why, when and where to effectively utilise these in demand skills in a variety of industries.

Simulation and Immersive Technologies programs are designed to accommodate busy professionals. This program can be completed fully online. For more information, visit unsw.to/msit

**Master of Simulation and Immersive Technologies**

- **Program code**: 9323
- **CRICOS code**: 099986A
- **Duration**: 1.7 years
- **Entry**: February and September
- **Estimated first year tuition**: AUD$37,420

**Entry requirements**

A recognised bachelor’s degree (or equivalent qualification) in any field, with at least a credit average (65%). Given that the program enables practitioners from a wide range of industry sectors, entry does not depend on a degree related to the creative disciplines.

**Recognition of Prior Learning**

You can shorten the duration of your program by applying for RPL for credit. This may include 5 years or more industry experience, formal or informal learning, and approved UNSW Art & Design Short Courses. RPL is usually considered when applying to join a program.

The Graduate Certificate in Simulation and Immersive Technologies which is usually 4 courses or 0.7 years full time can be shortened by the equivalent of 2 elective courses to a minimum of 2 core courses. This could be completed in as little as 1 term or 0.3 years if undertaken full time.

**Graduate Certificate in Simulation and Immersive Technologies**

- **Program code**: 7223
- **CRICOS code**: 099994A
- **Duration**: 0.7 years
- **Entry**: February and September
- **Estimated first year tuition**: AUD$18,960

**ARTS, DESIGN & ARCHITECTURE**

**ARTS, DESIGN & ARCHITECTURE**
The Master of Education will enhance your career prospects and give you the skills needed to progress into a specialist field of education or a leadership role. The degree is designed for existing education professionals and offers seven areas of specialisation.

Areas of specialisation
- Curriculum and Assessment
- Educational Psychology
- Educational Studies
- Gifted Education
- Higher Education
- Special Education*
- TESLA (Teaching English to Speakers of Other Languages)*

*International students may be restricted from taking this specialisation due to professional registration requirements. For more details, please contact the School of Education, education@unsw.edu.au

Entry requirements
- A recognised bachelor’s degree and a postgraduate teaching qualification (e.g., Graduate Diploma of Education or Master of Teaching) equivalent to the qualifications required for Graduate Teacher status in NSW or other Australian jurisdictions; or
- A recognised bachelor’s degree and a postgraduate teaching qualification (e.g., Graduate Diploma of Education or Master of Teaching) equivalent to the qualifications required for Graduate Teacher status in NSW or other Australian jurisdictions; or
- A recognised bachelor’s degree and a postgraduate teaching qualification (e.g., Graduate Diploma of Education or Master of Teaching) equivalent to the qualifications required for Graduate Teacher status in NSW or other Australian jurisdictions; or

Important note: All students must qualify in one or more first teaching specialisations and, depending on prior study, may be eligible to qualify in two first teaching specialisations or a first specialisation and up to two additional teaching specialisations. Applicants must meet certain subject content requirements to be eligible to teach in their area of specialisation. For more information, visit www.edu.gov.au/study/postgraduate/undergraduate/teaching_specialisation.

Additional English language requirements
A very high level of competence in spoken and written English is required for this degree. You'll need an equivalent to a Band 5 in IELTS English Advanced, Standard English or English as a Second Language, or an overall IELTS score of 7.5, with a minimum of 6.0 in listening and speaking and a minimum of 7.0 in reading and writing, or the equivalent.

Professional accreditation
This program is accredited by the NSW Education Standards Authority (NESA).

Master of Education Leadership

Program code: 9013
CRICOS code: 11665G
Duration: 1.7 or 2 years
Entry: February, May and September
Estimated first year tuition: AUD$36,700

The Master of Educational Leadership provides aspiring and current educational leaders with an understanding of theory, research and practice in educational leadership. You will gain the ability to apply disciplinary principles and practices to new or complex educational environments. In this collaborative degree you will share research and experiences with other educational colleagues and specialise by choosing from a wide range of electives.

Entry requirements
1 year program
- A four-year bachelor’s degree or combined degree in Education, including professional experience or practice, equivalent to the qualifications required for Graduate Teacher status in NSW or other Australian jurisdictions; or
- A recognised bachelor’s degree and a postgraduate teaching qualification (e.g., Graduate Diploma of Education or Master of Teaching) equivalent to the qualifications required for Graduate Teacher status in NSW or other Australian jurisdictions; or

Graduate Certificate in Educational Leadership

Program code: 7481
CRICOS code: 88276F
Duration: 8.7 years
Entry: February, May and September
Estimated first year tuition: AUD$18,600

Graduate Certificate in Education

Program code: 5784
CRICOS code: 89130G
Duration: 8.7 years
Entry: February, May and September
Estimated first year tuition: AUD$44,235

The Master of Teaching (Secondary) is an accredited secondary teacher degree enabling you to become eligible for employment within one year of full-time study. Learn innovative teaching methods that link practice with theory including advanced skills in effective unit and lesson planning, assessment and reporting, as well as practical classroom communication and reflective teaching.

The Master of Teaching requires students to study two single teaching specialisations, or one double teaching specialisation (available only for English, Mathematics, Music and Visual Arts) from the method courses listed.

Method courses
- Aboriginal Studies
- Biology
- Business Studies
- Chemistry
- Classical Studies
- Drama (Theatre and Performance Studies)
- Earth and Environmental Science
- English
- Ethics
- English as an Additional Language or Dialect (EAL/OL)
- Geography
- Graphics and Multimedia Technology
- History – Modern
- Languages French, Spanish, Chinese, Japanese and/or Korean
- Legal Studies
- Mathematics
- Music
- Physics
- Society and Culture or Media
- Visual Arts

Entry requirements
A recognised bachelor’s degree (or equivalent qualification) with at least a credit average of 65% which meets the prerequisites for the selected teaching methods/specialisations.

Important note: These prerequisites normally involve at least a major (three consecutive years of study, usually six courses) in the main teaching specialisation, and a minor (two years of study, usually four courses) in the second teaching specialisation.

* Certain specialisations within this program have compulsory Work Integrated Learning components.
** Relevant professional experience may also include roles such as ‘Teacher, trainer, coach, educational developer, language teacher, lecturer, assistant of English to speakers of other languages, educational leader, educational administrator.’
---

The Master of Teaching (Primary) is a 1.7-year program focusing on teaching in the specialisation of your choice. For more information, visit www.edu.gov.au/study/postgraduate/undergraduate/teaching_specialisation.

Master of Teaching (Primary)

Program code: 9025
CRICOS code: 099104G
Duration: 1.3-1.7 years
Entry: February
Estimated first year tuition: AUD$44,235

Learn theories you can apply directly to the classroom in the Master of Teaching (Primary). You will learn innovative teaching methods derived from our industry-shaping research and gain the skills needed to teach across the six key learning areas. You will be based in primary schools for two days a week for the first year, working with primary age students and taught by experienced primary teachers as well as university staff.

Teaching

Media

Master of Journalism and Communication

Program code 8232
CRICOS code 083249K
Duration 1 or 1.7 or 2 years
Entry February, May and September
Estimated first year tuition AUD$38,305

The Master of Journalism and Communication is an innovative, interdisciplinary degree that produces industry-ready journalists and communication professionals who have the necessary skills to reimagine media and shape a positive world. You will learn how to harness technology and gain specialist knowledge of the social, economic and political role of media in Australia and internationally to give you a competitive edge in a fast-evolving industry.

Entry requirements
Depending on the level and nature of prior qualifications, admission to the Master of Journalism and Communication has three entry points with different durations:

1 year program
- A recognised honours degree or graduate diploma (or equivalent qualification) in any field, with at least a credit average (65%); OR
- A recognised bachelor’s degree (or equivalent qualification) in a related field, with at least a credit average (65%); OR
- A recognised honours degree or graduate diploma (or equivalent qualification) in any field, with at least a credit average (65%), and one year of relevant professional experience.

1.7 year program
- A recognised bachelor’s degree (or equivalent qualification) in a related field, with at least a credit average (65%), and one year of relevant professional experience; OR
- A recognised honours degree or graduate diploma (or equivalent qualification) in a related field, with at least a credit average (65%).

2 year program*
- A recognised bachelor’s degree in any field with at least a credit average (65%) or equivalent.

*Students who are eligible for the 1 year and/or 1.7 year program are also permitted to study the 2 year program.

Relevant disciplines include: Arts, humanities, social sciences, media, communications, journalism, public relations, advertising, marketing, business, economics, commerce, and law.

Relevant professional experience includes:
Work in the public relations, advertising, journalism, or media and communication sectors or at least one year of workplace experience at management level.

Master of Public Relations and Advertising

Program code 8281
CRICOS code 883240C
Duration 1, 1.7 or 2 years
Entry February, May and September
Estimated first year tuition AUD$38,900

The Master of Public Relations and Advertising addresses strategy, creativity, digital innovation and practical industry skills via deep engagement with contemporary theory. Taught by leading academics and professionals, you will discover how to develop public relations and advertising campaigns that achieve cut-through. In doing so, you will gain the critical knowledge and analytical ability needed not only to solve complex client problems but also to shape the brands of the future.

Entry requirements

1 year program
- A recognised honours degree or graduate diploma in a related field with at least a credit average (65%) or equivalent; OR
- A recognised bachelor’s degree (or equivalent qualification) in a related field, with at least a credit average (65%), and one year of relevant professional experience.

1.7 year program
- A recognised honours degree or graduate diploma (or equivalent qualification) in a related field, with at least a credit average (65%); OR
- A recognised honours degree or graduate diploma (or equivalent qualification) in any field, with at least a credit average (65%), and one year of relevant professional experience.

2 year program*
- A recognised bachelor’s degree (or equivalent qualification) in any field, with at least a credit average (65%); OR
- A recognised bachelor’s degree (or equivalent qualification) in any field, with at least a credit average (65%).

*Students who are eligible for the 1 year and/or 1.7 year program are also permitted to study the 2 year program.

Relevant disciplines include: Arts, design, humanities, social sciences, media, communications, journalism, public relations, advertising, marketing, business, economics, commerce, and law.

Relevant professional experience includes:
Work in design, creative arts, innovation, marketing, public relations, advertising, journalism, media and communication sectors.

Master of Public Relations and Advertising/Master of Design

Program code 8284
CRICOS code 94465K
Duration 2 – 3 years
Entry February, May and September
Estimated first year tuition AUD$38,900

This double degree will equip you to think critically and innovatively to develop public relations and advertising strategies, as well as design and digital media practice. This double degree is ideal for industry professionals who want to advance their career in advertising or design and gain the in-depth knowledge needed to shape tomorrow’s media industry.

Entry requirements
Please see the single degrees (8281 and 9313)

Relevant disciplines include: Arts, humanities, social sciences, media, communications, journalism, public relations, advertising, marketing, design and creative arts.

Relevant professional experience includes:
Work in design, creative arts, innovation, marketing, public relations, advertising, journalism, media and communication sectors.
Arts and Social Sciences

Master of Development Studies

Entry requirements
Depending on the level and nature of prior qualifications, admission to the Master of Development Studies has three entry points with different duration:

1 year program
• A recognised honours degree or graduate diploma (or equivalent qualification) in a related field, with at least a credit average (65%); OR
• A recognised bachelor’s degree (or equivalent qualification) in a related field, with at least a credit average (65%).

1.7 year program
• A recognised bachelor’s degree (or equivalent qualification) in a related field, with at least a credit average (65%). OR
• A recognised honours degree or diploma (or equivalent qualification) in any field with at least a credit average (65%).

2 year program*
• A recognised bachelor’s degree in any field with at least a credit average (65%) or equivalent;

*Students who are eligible for the 1 year and/or 1.7 year program are also permitted to study the 2 year program.

Relevant disciplines include: Social sciences; humanities; business; economics; law; public health; communications; social work; psychology/psychological science.

The Master of Development Studies is an interactive degree that provides specialist studies in international development at local, national and global levels. Alongside academics who are at the forefront of national and international development practice, you will take a hands-on approach to understanding issues around human rights, social justice and community development.

Master of International Relations

Entry requirements
Depending on the level and nature of prior qualifications, admission to the Master of International Relations has three entry points with different duration:

1 year program
• A recognised honours degree or graduate diploma (or equivalent qualification) in a related field, with at least a credit average (65%); OR
• A recognised bachelor’s degree (or equivalent qualification) in a related field, with at least a credit average (65%).

1.7 year program
• A recognised bachelor’s degree (or equivalent qualification) in a related field, with at least a credit average (65%). OR
• A recognised honours degree or diploma (or equivalent qualification) in any field with at least a credit average (65%).

2 year program*
• A recognised bachelor’s degree in any field with at least a credit average (65%) or equivalent;

*Students who are eligible for the 1 year and/or 1.7 year program are also permitted to study the 2 year program.

Relevant disciplines include: Social sciences; humanities; business; economics; law; public health; communications; social work; psychology/psychological science.

The Master of International Relations is a specialist degree that recognises the complexity and the globalised nature of today’s world. This degree is specifically designed to advance your understanding of global politics and foreign policy. You will explore areas such as international security, great power rivalry, regional conflicts, nuclear proliferation, global environmental politics, civil conflict, human rights, gender politics, international political economy and development.

Combined Master of Arts and Social Sciences

Entry requirements
Students need to meet the requirements specific to the individual one-year program (48 UOC) of the postgraduate degrees chosen. Please refer to the entry requirements of individual programs.

Programs you can combine
• Master of Applied Linguistics
• Master of Development Studies
• Master of Education
• Master of Educational Leadership
• Master of Environmental Management
• Master of International Relations
• Master of Journalism and Communication
• Master of Public Policy and Governance
• Master of Public Relations and Advertising
• Master of Translation

Join the club
Life at UNSW Business School goes beyond the classroom. Our clubs and societies are where you get to combine what you love, with what you’re good at. By joining a business club or society, you will fill your calendar with social, industry, and networking events, gain experience with exclusive business workshops, and make lifelong friendships. UNSW Business Society (BSOC) is the largest society at UNSW and hosts over 75 events a year, including camp and mentoring for first years to help you settle in.

Career Accelerator
Our degrees bring the boardroom to the classroom with a range of hands-on professional learning opportunities, exclusive to UNSW Business School. Career Accelerator career development experiences ensure you graduate career-ready, prepared to hit the ground running in the workforce.

Real world experience
Gain real-world business experience while you study by choosing from a range of for-credit and extra-curricular options. Participate in a consulting project for our industry partners, explore potential career paths through virtual internships, complete short business experiences in parallel to your studies, or take on a social entrepreneurship project.

Australian Business Essentials is a series of interactive workshops, volunteering experiences and team building activities tailored to international postgraduate students. This exclusive UNSW Business School program will develop your professional communication skills, understanding of Australian culture and the workplace.

Professional networking
Get personalised advice from experienced industry professionals as part of our ten-week, structured Career Mentoring Program. Hear challenges, trends and opportunities at our Business Insights events where experienced professionals share their thought leadership with our students. Grow your network of peers by participating in career development workshops, attending career showcases, or joining a Community Wednesday event. Our student clubs and societies hold regular industry events, upskilling workshops, lecture review sessions and social and professional networking events.

Global opportunities
Experience business around the world with our range of global opportunities, including short overseas electives, practicums and international exchanges. Through a Global Business Practicum, you can do a practical consulting project with our industry partners in international business hubs including Indonesia and Vietnam.

The The Master of Actuarial Studies is designed for students with a strong background in actuarial studies, economics, mathematics or statistics. This degree will suit if you want to develop the technical expertise required to become an actuarial analyst or roles in the broader financial services industry.

The Master of Actuarial (Extension) adds four courses to the Master of Actuarial Studies, allowing you to study advanced actuarial and risk management topics. You will extend your expertise in the area and set yourself apart from others in the profession.

Professional accreditation
Upon completion of this degree, you will be eligible to gain exemptions for the Foundation and part of the Actuary program of the Institute of Actuaries of Australia. You may also earn credit for FM and SRM exams through UEC Program and VCE credit from the Society of Actuaries (USA). Mutual recognition agreements between major actuarial associations also mean that your professional qualifications are internationally transferrable.

Master of Actuarial Studies

**Program code** 8411
**CRICOS code** 095122G
**Duration** 1.7 years
**Entry** February, May and September
**Estimated first year tuition** AUD$49,448

Entry requirements
A recognised bachelor’s degree (or equivalent qualification) with a substantial component of mathematics, statistics, econometrics or actuarial studies, with a credit average, as determined by the UNSW Business School.

Master of Actuarial Studies (Extension)

**Program code** 8416
**CRICOS code** 86878K
**Duration** 2 years
**Entry** February, May and September
**Estimated first year tuition** AUD$48,575

Entry requirements
A recognised bachelor’s degree (or equivalent qualification) with a substantial component of mathematics, statistics, econometrics or actuarial studies, with a credit average, as determined by the UNSW Business School.

Analytics

Our world today is built on data. Data is woven through every industry, organisation and profession. Data can help us solve some of the world’s biggest problems and enable us to analyse data in demand. Organisations of all sizes want professionals who can apply data-driven decisions. Our suite of analytics programs are designed to meet this demand.

Master of Analytics (Online)

**Program code** 8437
**Duration** 2 years (online only)
**Entry** January, March, May, July, September, October
**Estimated first year tuition** AUD$30,355

Entry requirements
• An Australian bachelor’s degree (or equivalent qualification) with at least a WAM (65%); or
• Completion of the Graduate Diploma in Analytics with at least a WAM (65%).

Graduate Diploma in Analytics (Online)

**Program code** 5437
**Duration** 1.4 years (online only)
**Entry** January, March, May, July, September, October
**Estimated first year tuition** AUD$31,448

Entry requirements
• An Australian bachelor’s degree (or equivalent qualification) with at least a WAM (65%); or
• Completion of the Graduate Certificate in Analytics with at least a WAM (65%).

Graduate Certificate in Analytics (Online)

**Program code** 7457
**Duration** 0.7 year (online only)
**Entry** January, March, May, July, September, October
**Estimated first year tuition** AUD$21,145

Entry requirements
• An Australian bachelor’s degree (or equivalent qualification) with at least a WAM (65%); or
• At least three years relevant work experience in related fields, for example, analytics, clerical or administrative work in banking, finance or marketing organisations (commercial or public service).

Graduate Certificate in Business Analytics

**Program code** 7456
**CRICOS code** 103145G
**Duration** 0.7 year
**Entry** February, May and September
**Estimated first year tuition** AUD$24,600

Entry requirements
• A recognised bachelor’s degree with at least a WAM (65%); or
• 5 years relevant work experience: for example, clerical or administrative work in a commercial or public service organisation, supervisory or management, banking, finance or marketing experience or other business-related positions.

You can also develop expertise in data and analytics with the Master of Commerce, specialising in Business Analytics or Marketing Analytics. See page 56 for details.

Business Administration

The AGSM Master of Business Administration (MBA) will prepare you for general management and executive leadership roles in business, government and not-for-profit organisations. Acquire management insights from current business leaders and benefit from the diverse and globalised knowledge of your fellow students.

The MBA (Extension) allows you to extend your study plan to include an additional term for an internship or research project. You can study the MBA (full-time) with the addition of an extra session (Extension Session). For more information, visit unsw.edu.au/business/agsm

Master of Business Administration (MBA)

**Program code** 6551
**CRICOS code** 106822C
**Duration** 1 year or undertake the 2 year extension program
**Entry** AGSM Session 1 (Term 1) or AGSM Session 2 (Term 2) and part of the Actuarial program of the Institute of Actuaries of Australia, the Institute of Actuaries (UK) or the Society of Actuaries.

Entry requirements
Admission is based on the assessment of a portfolio of achievements containing an undergraduate degree (or equivalent qualification) and a minimum of 2 years’ professional or managerial work experience, or at least 6 years’ professional work experience. A Good Graduate Management Admission Test (GMAT) score or Graduate Record Examinations (GRE) score is preferable.

Professional recognition
The MBA program is accredited by the Association to Advance Collegiate Schools of Business (AACSB) and has European Foundation for Management Development (EFMD) EQUIS accreditation. AGSM is part of the world’s leading business schools – only 180 of more than 13,000 business schools in the world have received EQUIS accreditation.

Scholarships
AGSM offers a range of scholarships for exceptional candidates who demonstrate leadership potential, academic ability and a commitment to their community.

AGSM MBAX (Online)

**Program code** 6556
**Duration** 2 years
**Entry** February, May and September
**Estimated first year tuition** AUD$41,185

Entry requirements
• At least 2 years relevant professional experience

Areas of specialisation
• MBA (Change)
• MBA (Finance)
• MBA (Law)
• MBA (Social Impact)
• MBA (Technology)

International students are not eligible for an Australian student visa for this program.
With the latest thinking across research, innovation and industry at their core, UNSW’s Master of Commerce programs are designed in consultation with industry to prepare you for success in the careers of the future. Guided by our experts and renowned professionals, you will:
• Tailor a program and gain career experience unique to your goals.
• Join a global business community, shaping a sustainable future.
• Expand your mind and deepen your knowledge at a global top 50 university.

Throughout your studies you’ll access professional experiences and Work Integrated Learning (WIL) opportunities, which can be built into your degree. You will be able to demonstrate these experiences to employers through an online portfolio.

UNSW offers 14 unique commerce specialisations. Through the Master of Commerce you can choose to:
• Broaden your experience by choosing two specialisations, or
• Deepen your expertise by choosing one specialisation, plus related electives.

Through the Master of Commerce (Extension) you will take two specialisations and:
• Deepen your knowledge in each through related electives, or
• Diversity your experience through general electives.

Professional recognition
Depending on the specialisation chosen, the Master of Commerce and Master of Commerce (Extension) meet the education requirements of various professional accreditation bodies including Australian Human Resources Institute and Chartered Institute of Management Accountants.

“Studying my masters at UNSW was about more than getting a degree. I connected with industry leaders, sat as an executive member of a student society and took part in entrepreneurial competitions. These experiences combined with UNSW’s reputation as a leading business school, locally and internationally, made me stand out from the crowd.”
– Shirin Shiran, Master of Commerce
Economics

Master of Applied Economics

Program code 8429
CRICOS code 06283G
Duration 3 years
Entry February and September
Estimated first year tuition AUD$48,700

If you are seeking a career as a professional economist, the Master of Applied Economics degree will prepare you to succeed. Gain advanced knowledge and practical skills with expertise in business forecasting, development economics, industrial organisation and financial systems. The program can be completed in as little as one year, depending on your previous learning and/or work experience.

Entry requirements
- A recognised bachelor’s degree (or equivalent qualification) with at least a credit average (65% or higher). Prior learning will be recognised which may reduce the program duration.

Recognition of Prior Learning
You may be eligible to have courses credited based on prior learning. If you have a recognised Bachelor of Economics or Bachelor of Business degree with economics specialisation or equivalent honours or graduate diploma, you may have the five core courses waived.

If you have prior work experience of at least one year in the private or public sector. For example, work experience in clinical or administrative work in a commercial, not-for-profit or public service organisation, supervisory or management, banking, finance or marketing experience or other business-related positions may have the prescribed economics practicum waived.

Graduate Certificate in Economics

Program code 7412
CRICOS code 06843A
Duration 8.7 years
Entry February and September
Estimated first year tuition AUD$2,400

Entry requirements
- A recognised bachelor’s degree (or equivalent qualification).

Finance

Master of Finance

Program code 8406
CRICOS code 08399J
Duration 1 year
Entry February, May and September
Estimated first year tuition AUD$48,700

Developed in consultation with experts in the finance industry, the Master of Finance offers you the latest thinking and research in finance, taught by industry leading academics and researchers.

Entry requirements
- A recognised bachelor’s degree (or equivalent qualification) with a credit average (65% or higher) as determined by the UNSW Postgraduate Coursework Entry Calculator.
- A major (at least seven courses) in finance within the bachelor’s degree, and
- A credit average (65% or higher) within the finance major, as determined by the UNSW Postgraduate Coursework Entry Calculator.

Areas of specialisation
- Corporate Finance and Investment Banking
- Finance (General)
- Funds Management

International Business

Master of International Business

Gain an in-depth understanding of the key issues in the global business environment and successfully lead businesses on an international scale. The Master of International Business will give you the ability to think globally and strategically, setting you up to become an effective and successful leader in the global business environment. This program is suitable for students with an undergraduate degree in any field.

Program code 8371
CRICOS code 07854K
Duration 2 years
Entry February, May and September
Estimated first year tuition AUD$48,675

Entry requirements
A recognised bachelor’s degree (or equivalent qualification) with at least a credit average (65%).

Recognition of Prior Learning
Up to four courses (24 UOC) may be awarded based on your previous business studies (bachelor or higher).

Management

Rapid changes in technology and the emergence of new business models are disrupting many, if not all, industries. This disruption is having a profound impact on the way we work. Employers are placing greater importance on hiring professionals from a broad range of disciplinary backgrounds who possess a combination of hard and soft skills and can creatively approach problems and tasks. UNSW’s suite of online management programs provide you with the fundamentals of business, as well as contemporary subjects and topics, giving you the ability to think critically, innovatively and creatively.

This disruption is having a profound impact on the way we work. Employers are placing greater importance on hiring professionals from a broad range of disciplinary backgrounds who possess a combination of hard and soft skills and can creatively approach problems and tasks. UNSW’s suite of online management programs provide you with the fundamentals of business, as well as contemporary subjects designed to prepare you for a future in business management.

Master of Management (Online)

Program code 8431
CRICOS code 07854K
Duration 2 years
Entry January, March, May, July, September, October

• A minimum of three years’ relevant work experience. Relevant work experience includes clerical or administrative work in a commercial or public service organisation, supervisory or management, banking, finance or marketing experience or other business-related positions.

You can also develop expertise in fintech with the Master of Commerce, specialising in Financial Technology. See page 56 for details.

International Students are not eligible for an Australian Student visa for this program.
Accounting
Gain expert knowledge and skills for a successful career in accounting with UNSW’s professional accounting suite of programs. You will develop a solid foundation in business alongside strong accounting acumen. Learn from industry experienced academics to gain professional recognition with leading accounting bodies.

The Master of Professional Accounting (Extension) follows the structure of the Master of Professional Accounting with four extra courses in your choice of elective to further your knowledge.

Graduate as a qualified CPA
Become a qualified CPA while you study the Master of Professional Accounting (Extension). In this program you will have the option to undertake a specialisation delivered in partnership with CPA Australia, allowing you to obtain your CPA accreditation.

If you have already completed a recognised accounting qualification, you may be eligible to study the Graduate Diploma in Professional Accounting, which combines UNSW’s world-class accounting education alongside CPA exams.

Professional recognition
This program meets the educational requirements of peak professional accounting bodies including CPA Australia, Chartered Accountants Australia and New Zealand (CAANZ), and ACCA (Accounting).

Recognized Professional Accounting
Recognition of Prior Learning
Up to four courses (24 UOC) may be awarded with limited or no previous study in Accounting.

Master of Professional Accounting
Program code: 8409
CRICOS code: 015835K
Duration: 1.7 years
Entry: February/May and September
Estimated first year tuition: AUD$6,765

Entry requirements
• A recognised bachelor’s degree (or equivalent qualification) with at least a credit average (65%)

Note: This program is suitable for graduates with limited or no previous study in Accounting.

Recognition of Prior Learning
Up to four courses (24 UOC) may be awarded based on your previous business studies (bachelor’s degree or higher).

Graduate Diploma in Professional Accounting
Program code: 5415
CRICOS code: 111881E
Duration: 1 year
Entry: February/May and September
Estimated first year tuition: AUD$18,349

Entry requirements
• A recognised bachelor’s degree (or equivalent qualification) in Commerce, Accounting or Finance, as determined by the UNSW Business School with a WAM of 65 or higher as well as meeting entry requirements to CPA Australia.

Professional recognition
This program meets the educational requirements of peak professional accounting bodies including CPA Australia, Chartered Accountants Australia and New Zealand (CAANZ), and ACCA (Accounting).

Social Impact
UNSW’s Social Impact programs will build your professional capacity as a social manager and entrepreneur across corporate, government and not-for-profit sectors. Develop skills and knowledge in social entrepreneurship, innovation, investment and governance and enhance your understanding of the dynamics of the social economy. Gain a deeper understanding on how business, social enterprise, government, foundations and organisations can work together to enact social change.

Graduate Diploma in Social Impact
Program code: 5357
CRICOS code: 010974
Duration: 1 year
Entry: February/May and September
Estimated first year tuition: AUD$18,700

Entry requirements
Category A
• A recognised bachelor’s degree (or equivalent qualification) with at least a credit average (65%), and a minimum of two years’ full-time relevant work experience.

Category B
• Professionals without a bachelor’s degree can apply to the program if they have at least 5 years’ full-time relevant work experience in government, corporate or not for profit sector.

Category C
• Students completing the Graduate Certificate in Social Impact with a minimum overall WAM (85%) can apply to this program.

Graduate Certificate in Social Impact
Program code: 7357
CRICOS code: 0109131
Duration: 0.7 years
Entry: February/May and September
Estimated first year tuition: AUD$12,600

Entry requirements
• Recognised bachelor’s degree (or equivalent qualification) with a credit average as determined by the UNSW/Postgraduate Coursework Entry Calculator and a minimum of two years’ work experience, OR
• Minimum of 5 years’ relevant work experience in government, corporate or not-for-profit sector. Students must provide a detailed resume (outlining relevant competencies and achievements) and evidence of other academic and professional qualifications.

Taxation
The Master of Taxation gives tax professionals and practitioners the skills and know-how to manage taxation issues in business decisions and transactions. You will deal with the more complex aspects of the discipline including applied and international taxation, financial planning and revenue administration, as well as developing a critical understanding of the Australian taxation system.

Master of Taxation
Program code: 9258
CRICOS code: 015849E
Duration: 1 year
Entry: February/May and September
Estimated first year tuition: AUD$4,700

Entry requirements
• A recognised bachelor’s degree (or equivalent qualification) in accounting taxation, law or commerce with a credit average (65% or higher) as determined by the UNSW Postgraduate Coursework Entry Calculator, and

• Relevant professional work experience in professional services firms or government departments.

Graduate Certificate in Taxation
Program code: 7321
CRICOS code: 019008
Duration: 0.7 years
Entry: February/May and September
Estimated first year tuition: AUD$2,600

Entry requirements
Category A
• A recognised bachelor’s degree (or equivalent qualification) in any discipline as determined by UNSW Business School, and a minimum of two years full-time professional experience in professional services firms or in government departments.

Category B
• A recognised bachelor’s degree (or equivalent qualification) in any discipline as determined by UNSW Business School, and a minimum of two years full-time professional experience in professional services firms or in government departments. Applicants must provide a detailed resume (outlining relevant competencies and achievements) and provide evidence of other professional qualifications or studies if applying under the ‘equivalent qualification’ criteria and evidence of academic and professional qualifications.

Note: Courses in these degrees are delivered in a variety of modes including online, face-to-face and intensive. If you will be studying online from your home country, no student visa is required. Studying theses degrees face-to-face at UNSW Sydney requires a student visa.
Pre-Doctoral Business

Master of Pre-Doctoral Business

Program code 8635
CRICOS code 096892J
Duration 1 year
Entry February, May and September
Estimated first year tuition AUD$48,535

The Master of Pre-Doctoral Business Studies is a pathway for if you want to complete a PhD at UNSW Business School. You will study the first component of the doctoral program which is designed to allow you to take up to two successive years of advanced coursework during your doctoral studies.

You must submit a 300-word statement outlining your research interests as well as three potential referees. Admission is at the discretion of the UNSW Business School and depends on the Business School research supervision capacity and resources available for your research interests.

The Graduate Research School Admissions and Scholarships team provides advice and support to all applicants for admission to a UNSW Higher Degree Research program or scholarship.

Master of Pre-Doctoral Business

Entry requirements
• The equivalent of a three-year bachelor’s degree plus a postgraduate degree in a relevant discipline with at least a distinction average (75%); or
• The equivalent of multiple bachelor’s degrees, such as a double degree from UNSW, with at least one degree in a relevant discipline, and at least a distinction average (75%); or
• The equivalent of a four-year bachelor’s degree with first or upper second-class honours from UNSW in a relevant discipline.

Economics stream applicants must provide results for the GRE unless waived by the Stream Convenor. Marketing stream applicants must provide results for the GMAT unless waived by the Stream Convenor.

You must submit a 300-word statement outlining your research interests as well as three potential referees. Admission is at the discretion of the UNSW Business School and depends on the Business School research supervision capacity and resources available for your research interests.

The Graduate Research School Admissions and Scholarships team provides advice and support to all applicants for admission to a UNSW Higher Degree Research program or scholarship.

Research

UNSW Business School is internationally recognised for world-class research. Our research degrees will expand your knowledge in your chosen field. Be inspired to think deeply and develop independent cutting-edge research. The higher degree research programs have been designed to equip candidates with the skills required for a future research career in the world’s elite institutions.

Areas of specialisation
• Accounting
• Banking and Finance
• Economics
• Information Systems and Technology Management
• Management
• Marketing
• Risk and Actuarial Studies
• Taxation and Business Law

Research Programs

Master of Philosophy - Commerce and Economics

Program code 2585
CRICOS code 052630F
Duration 1.5 – 2 years
Entry February and September
Estimated first year tuition AUD$34,540

Entry requirements
• A bachelor’s degree and a master’s degree in a related discipline with at least an overall grade of distinction (75%), or
• A bachelor’s degree and equivalent academic qualification or research output in the form of publications or relevant work experience.

Areas of specialisation
• Accounting
• Risk and Actuarial Studies
• Banking and Finance
• Economics
• Human Resource Management
• Industrial Relations
• International Business
• Information Systems and Management
• Marketing
• Organisational Behaviour
• Taxation and Business Law

Doctor of Philosophy (PhD)

Duration 3-4 years
Entry February, May and September
Estimated first year tuition AUD$34,540

Entry requirements
• The equivalent of a three-year bachelor’s degree plus a postgraduate degree in a relevant discipline from UNSW with at least a distinction average (75%); or
• The equivalent of multiple bachelor’s degrees, each with at least one in a relevant discipline, and at least a distinction average (75%); or
• The equivalent of a four-year bachelor’s degree with first or upper second-class honours from a relevant discipline.

Candidates may be admitted to the PhD program after one year’s full-time enrolment in a Masters by Research program, with the approval of the Faculty Postgraduate Affairs Committee.

Areas of specialisation
• Accounting (1521) CRICOS code 001012K
• Actuarial Studies (1545) CRICOS code 041942C
• Banking and Finance (1561) CRICOS code 008962G
• Economics (1540) CRICOS code 001023G
• Information Systems (1525) CRICOS code 008963F
• Marketing (1550) CRICOS code 001040F
• Organisation and Management (1605) CRICOS code 053201G
• Taxation and Business Law (1535) CRICOS code 028061A

Water and Waste Engineers

Empower yourself at a globally renowned engineering faculty, where passion, diverse perspectives and a hands-on approach create solutions for a better world.

Set yourself apart studying at the #1 engineering and technology faculty in Australia* with the largest range of disciplines, including emerging areas like quantum engineering and renewable energy engineering.

*QS Rankings by Subject 2023

Enrich your studies through our diverse and inclusive student community. Our clubs and societies bring students together for professional development programs and networking opportunities.

For more information, visit unsw.to/engineering
Real-world engineering
From day one, you will develop your abilities as an engineer, in the classroom and through hands-on practical experience. Build valuable industry networks and contacts with our unparalleled industry connections and while you study. Learn from industry leaders, create and design projects in our Makerspaces and participate in student projects. You can attend industry recruitment events and go on international exchange, giving you valuable real-world experience to prepare you for a successful career.

Meeting global challenges
Make a positive difference in the world when you combine your passion and creativity to meet global challenges. You will have access to the world’s best facilities and research to help you reframe global problems and engineer innovative solutions for individuals and communities.

The ChallENG Program
The ChallENG Program connects you with academics and industry partners as part of exciting, project-based learning initiatives. ChallENG prepares you for your future career through practical learning experiences that are valued in the real-world. You will expand your professional expertise through a multidisciplinary learning approach that develops your technical and design skills. Many of the ChallENG projects earn academic credit (for-credit-elective) or are eligible for Industrial Training.

For more information, visit: challeng.unsw.edu.au

Student societies
Make friends with other students and expand your professional network: join our flagship Engineering Society (EngSoc) and Women in Engineering Society (WIESoc). Our full range of societies offer professional development programs and social activities throughout the year.

For more information, visit: www.unsw.edu.au/engineering/student-life/student-societies

Engineering Postgraduate Admission Scheme (EPAS)
If you apply to UNSW Engineering for a postgraduate program and do not meet the minimum average mark requirement you may still be able to gain admission through the Faculty of Engineering’s Postgraduate Admissions Scheme (EPAS). This scheme is an alternative pathway for engineering students applying for postgraduate coursework study. The process includes an interview and successful students will receive an offer for their chosen master’s program. EPAS is currently only available for master’s coursework programs, not for Graduate Certificates or Diplomas.

All applicants are assessed for EPAS eligibility, and if you are eligible to gain entry through EPAS you will be contacted by the faculty.

You must apply for a master’s coursework program first to be considered for EPAS.

For more information, visit: uns.edu.au/epas
Engineering or Engineering Science?

The Master of Engineering is designed for students who are looking to become an accredited engineer. This 2-year program includes 60 days of industrial training and is accredited by Engineers Australia, which means you can work as an engineer in Australia and around the globe.

The Master of Engineering Science is designed for qualified and professional engineers to upskill, reskill or retrain in a specific area of engineering. There are 25 specialisations to choose from. Depending on your previous studies and experience, you can complete this degree in just one year.

### Engineering Science

The Master of Engineering Science offers in-depth, open-ended enquiry-based projects in 25 specialisations. The degree is designed for engineers and graduates to develop and expand their technical knowledge and build management skills in their area of expertise or in a new area of specialisation.

#### Areas of specialisation
- Biomedical Engineering (master only)
- Chemical Process Engineering

Entry requirements

A recognised four-year bachelor's degree in a relevant discipline of engineering with at least a credit average (65%). Those without a recognised four-year bachelor's degree in a relevant discipline of engineering with a minimum 65% average may submit a detailed statement outlining how their prior learning may be considered equivalent to this qualification. For example, a 3- or 4-year Bachelor of Engineering or Science combined with relevant discipline experience (exact positions and roles that will be considered relevant to be decided by each specialisation) may be recognised. A student may apply for advanced standing.

Entry requirements

For a postgraduate qualification recognised and accredited by employers globally, join a faculty ranked 13th in the world (for civil and structural engineering) and 1st in Australia for engineering and technology. Develop specialised skills and knowledge in your career to the next level.

QS World University Rankings by Subject, 2023

This program has compulsory Work Integrated Learning components.

### Master of Engineering Science/Master of Commerce (Dual Award)

You’ll combine your engineering degree with up to two commerce specialisations to gain knowledge and skills in professional decision making, project and staff management, leadership and strategy. With 23 specialisation options available you can personalise this degree to suit your career ambitions.

#### Entry requirements

- A recognised four-year bachelor’s degree in a relevant area of engineering with at least a credit average (65%), or
- A completed UNSW Graduate Diploma in Engineering Science with at least a credit average (65%), or
- A completed UNSW Graduate Certificate in Engineering Science with at least a credit average (65%).

Leaders in engineering organisations require both technical knowledge and business acumen. The Master of Engineering Science/ Master of Commerce is designed for early or mid-career professionals to advance their careers.

Students with a relevant background can apply for advanced standing to complete this degree in 1.5 years.

Areas of specialisation

Alongside the Engineering Science specialisations listed above you can specialise in up to 2 areas from the Master of Commerce including:

- Accounting
- Business Analytics
- Cybersecurity, Risk and Privacy
- Digital Transformation
- Economics and Finance
- Finance
- Financial Technology (FinTech)
- Global Sustainability and Social Impact
- Human Resource Management
- International Business
- Marketing
- Marketing Analytics
- Risk Management
- Strategy and Innovation

Information Technology

Information Technology is fast moving. The Master of Information Technology will put you at the forefront of creating future technologies. You will learn to anticipate requirements and develop applications and services in areas such as networking, data mining and robotics. You can choose to specialise in two majors: A Graduate Diploma in Information Technology and a Graduate Certificate in Computing is also available and is designed for those with little or no computing background.

Areas of specialisation
- Artificial Intelligence
- Bioinformatics
- Database Systems
- Data Science & Engineering
- eCommerce Systems
- Information Technology
- Internetworking

Entry requirements
- A three-year undergraduate degree equivalent to a standard Australian bachelor’s degree in a discipline including at least three mathematics courses, and a minimum average, or
- Completion of a 3 year BSc in Computer Science or Bioinformatics (or cognate discipline) at UNSW or equivalent, and a minimum average, or
- Completion of the Graduate Diploma in Information Technology, and a minimum average, or
- Completion of the Graduate Certificate in Computing, and a minimum 65% average.

This degree is accredited by the Australian Computing Society.

Biomedical Engineering

The Master of Biomedical Engineering will teach you to apply engineering principles to developing technologies and problem solving in a diverse range of health care related fields. If you have a medical/biological science or engineering/physical science background, you will benefit from this degree. A graduate diploma program is also available.

Entry requirements
- A four-year Bachelor of Engineering degree with at least a credit average (65%), or
- A recognised four-year bachelor’s degree in biomedical health-related discipline with honours either embedded or as a single honours year with at least a credit average (65%), and two courses of first-year university level mathematics or equivalent, or
- A graduate diploma in biomedical engineering, such as 5440 Engineering (Biomedical Eng) or the equivalent, with at least a credit average (65%).

Cyber Security

The cyber security programs are delivered 100% online to give you the flexibility to build on your knowledge from anywhere in the world. Learn key skills that help provide safe and secure online experiences and protect cybercrime. Gain a security engineering mindset to analyse current trends and anticipate the future of cybercrime. Examine how organisations can handle data in secure ways, learn the fundamentals of privacy and identify the best practices for managing and responding to security risks in a rapidly changing global environment.

- Sufficient professional experience in analytics with at least two years of experience in an analytical role.

Areas of specialisation
Select from either the Management and Leadership specialisation or Security Engineering specialisation within this program.

International students are not eligible for an Australian student visa for this program.
**Food Science**

Food scientists and graduates wishing to advance their skills and engineers seeking to move into food science will develop expertise through a complex, open-ended research-based project in the Master of Food Science. Gain a deep understanding of the agri-food business and develop the ability to analyse food-science problems.

**Master of Food Science**

- **Program code**: 8837
- **CRICOS code**: 08428K
- **Duration**: 2 years
- **Entry**: February, May and September
- **Estimated first year tuition**: AUD$47,740

**Entry requirements**

- A bachelor’s degree in Food Science with at least a credit average (65%) or
- A Graduate Diploma in Food Science from UNSW with at least a credit average (65%) or
- An equivalent qualification from another recognised university or tertiary institution.

**Graduate Diploma in Food Science**

- **Program code**: 5837
- **CRICOS code**: 08428M
- **Duration**: 1 year
- **Entry**: February, May and September
- **Estimated first year tuition**: AUD$47,740

**Entry requirements**

- A bachelor’s degree in Food Science or a related discipline defined for each specialisation, with at least a credit average (65%) or
- An equivalent qualification from a recognised university or tertiary institution.

**Graduate Certificate in Food Science**

- **Program code**: 7617
- **CRICOS code**: 18265J
- **Duration**: 0.7 years
- **Entry**: February, May and September
- **Estimated first year tuition**: AUD$47,740

**Entry requirements**

- A three or four year Bachelor of Science or Bachelor of Engineering with at least a credit average (65%) or equivalent in a relevant discipline or
- An equivalent qualification from a recognised university or tertiary institution.

---

**Mining Engineering**

If you are currently working in the mining industry, or planning a career change, the Master of Mining Engineering allows you to undertake advanced study in mining engineering. Mineral & Mining Engineering is UNSW’s best performing subject ranked third in the world*. You can choose one of two specialisations – Mine Geomechanics or Mine Management. Most courses can be studied on a part-time basis. A Graduate Diploma in Mining Engineering is also available.

**Areas of specialisation**

- Mine Geomechanics
- Mine Management

**Master of Mining Engineering**

- **Program code**: 8335
- **CRICOS code**: 08429K
- **Duration**: 1.7 years
- **Entry**: February and September
- **Estimated first year tuition**: AUD$47,740

**Entry requirements**

- A recognised four-year (honours) degree in mining engineering, engineering geology, civil engineering or geotechnical engineering from a recognised institution with at least a credit average (65%) and no course fails.
- Completion of UNSW Graduate Diploma in Mining Engineering (program 5335) with a minimum of 65% average and no course fails.

**Note**: Professional experience in the mining industry will be highly regarded.

**Graduate Diploma in Mining Engineering**

- **Program code**: 5335
- **CRICOS code**: 08428K
- **Duration**: 1 year
- **Entry**: February and September
- **Estimated first year tuition**: AUD$47,740

**Entry requirements**

- A recognised three-year degree in mining engineering or a related engineering or physical sciences discipline (three or four years) from a recognised institution with a credit average of 65% over the final two years of the degree, plus a minimum of one year relevant industry experience; or
- A three or four year degree based on portfolio supporting the application, including details of relevant industry experience. Relevant industry experience is defined by the UNSW School of Minerals and Energy Resources Engineering as professional and/or industry responsibility in mining or mining associated services; or
- A graduate certificate in mining engineering from UNSW with at least a credit average of 65% and no course fails.

**Graduate Certificate in Mining Engineering**

- **Program code**: 7335
- **CRICOS code**: 08428J
- **Duration**: 0.7 years
- **Entry**: February and September
- **Estimated first year tuition**: AUD$47,740

**Entry requirements**

- Relevant mining industry experience with vocational training and a minimum four years of full-time relevant professional experience in the mining industry; or
- A degree in other technical disciplines from a recognised institution. Relevant disciplines include surveying, accounting, business, economics, information technology/ systems, geology and pharmacy. A minimum of one-year relevant industry experience is essential for applicants with a three-year degree and is highly regarded for applicants with a four-year degree.

Entry is considered based on a portfolio supporting the application, including details of relevant industry experience. An entry interview may be required.

---

*QS World University Rankings by Subject, 2022
UNSW Engineering offers three higher degree research programs, a Doctor of Philosophy (PhD), a Master of Philosophy (MPhil) and a Master of Industrial Research in Engineering. All three are available across all eight engineering schools.

Candidates are required to undertake an original and critical research project that makes a significant contribution to existing relevant knowledge both nationally and internationally. Each degree requires submission of a thesis with the results of an original investigation or design. Candidates carry out their research under the supervision of some of Australia’s leading researchers. All higher degree research programs can be undertaken with an industry-engaged research project.

Research Programs

Doctor of Philosophy (PhD)

- **Areas of specialisation**
  - Biomedical Engineering (1710)
  - Chemical Engineering (1010)
  - Civil and Environmental Engineering (1630)
  - Computer Science and Engineering (1650)
  - Electrical Engineering (1640)
  - Engineering (1628)
  - Geospatial Engineering (1682)
  - Industrial Chemistry (1016)
  - Mining Engineering (1050)
  - Mechanical and Manufacturing Engineering (1010)
  - Mechanical Engineering (1620)
  - Mechanical Engineering (1620)
  - Mechanical Engineering (1620)

- **Entry requirements**
  - A relevant four-year bachelor’s degree with first or upper second-class honours from UNSW, or
  - A completed master’s degree by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high-quality thesis; or
  - A qualification from a tertiary institution at a level specified by the Faculty Higher Degree Committee.

- **Estimated first year tuition**
  - AUD$48,460

Master of Philosophy - Engineering

- **Program code** 2645
- **CRICOS code** 092961M
- **Duration** 1.7 – 2 years
- **Entry** February, May and September
- **Estimated first year tuition** AUD$48,460

- **Entry requirements**
  - A bachelor’s degree in the relevant discipline from UNSW at a level specified by the Faculty Higher Degree Committee; or
  - A qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee to be equivalent.

- **Areas of specialisation**
  - Biomedical Engineering
  - Chemical Engineering
  - Civil and Environmental Engineering
  - Computer Science and Engineering
  - Electrical Engineering
  - Engineering Education
  - Geospatial Engineering
  - Industrial Chemistry
  - Mechanical Engineering

Master of Industrial Research - Engineering

- **Program code** 2647
- **CRICOS code** 108847G
- **Duration** 1.7 – 2 years
- **Entry** January, February, May and September
- **Estimated first year tuition** AUD$48,460

- **Entry requirements**
  - A recognised bachelor’s degree in a relevant discipline at a level specified by the Faculty Higher Degree Committee; or
  - A qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee to be equivalent.

- **Areas of specialisation**
  - Biomedical Engineering
  - Chemical Engineering
  - Computer Science and Engineering
  - Electrical Engineering
  - Engineering Education
  - Food Science and Technology
  - Geospatial Engineering
  - Mechanical Engineering
  - Mining Engineering

Join a top global law faculty
Ranked 1st in Sydney and 13th in the world and 16th in the Employer Reputation category for law and legal studies*, UNSW Law & Justice has been Australia’s leader in progressive and rigorous legal education and research for 50 years. UNSW Sydney is a leading research-intensive university, and the Law & Justice Faculty’s outstanding research informs, inspires and enriches our teaching. The faculty draws students from all over the world, introducing you to lifelong peers and diverse global perspectives.

Benefit from interactive classes
Interactive seminar-style classes give you the chance to ask questions, expand your ideas, sharpen your critical and analytical mind, and get to know your peers and lecturers. Be part of the student-focused, interactive teaching environments that pioneered Australian legal education.

Join our student society
Expand your network, excel in your studies and develop your professional skills and passion for social justice. UNSW Law Society is one of Australia’s most respected student-run law organisations and has both an international and postgraduate portfolio.

Extensive clinics and internships
Apply what you learn in the classroom to real-world practice with a wide range of work-integrated learning opportunities available. Our students do not just learn about the law, they put their studies into action through a range of internships, clinics and competitions, most of which are credited towards your degree.

Global opportunities
Add a global experience into your degree. You can do an exchange, an overseas Law elective course or an internship abroad. Overseas electives and exchange can take you to places like Brazil, China, India, Switzerland, USA or Vanuatu. There are more than 80 exchange destinations available at leading universities around the world.

End-to-end legal education
If your ambition is to practise law in Australia, completing a Juris Doctor is your first step towards becoming a lawyer, followed by Practical Legal Training (PLT). All law graduates in Australia must complete PLT to practise as a lawyer. UNSW’s PLT is the Graduate Diploma in Legal Professional Practice (GDLPP), so you can graduate with all the qualifications you need to launch your legal career.

Step 1 – Complete your Juris Doctor (JD).
Step 2 – Complete your GDLPP at UNSW*.
Step 3 – Apply to the Supreme Court for admission to practice.

For more information, visit unsw.to/plt

Important note for international students: This program is not CRICOS registered. International students will require a valid visa other than a student visa. e.g. temporary graduate visa, to be eligible to apply to this program. For more information see independent immigration advice about their visa options.
The UNSW Juris Doctor (JD) is your pathway to admission to legal practice, as well as a wide range of law-related careers. This qualification is for people who do not have an undergraduate degree in law, or who have a law degree from an overseas institution.

Entry requirements
- A recognised bachelor’s degree (or equivalent qualification) in any discipline other than law; or
- A recognised non-Australian law degree

You must only have postgraduate qualifications and wish to apply, please write to UNSW Admissions for consideration in addition to following the standard application process.

Professional recognition
The UNSW JD is accredited by the Legal Profession Admission Board and satisfies the academic component for admission to legal practice in the state of NSW. To practise law in other jurisdictions you must satisfy the academic and accreditation criteria in that particular jurisdiction. Always refer to the relevant authority or admitting body in that country or state.

For more information visit unfst.edu.au/plt

Law

Graduate Diploma in Legal Professional Practice

Program code 5213
Duration 8.5 years
Note: PLT requires 20 weeks of coursework + work experience

Entry requirements
- An accredited academic qualification in law – either a Bachelor of Laws degree, a Juris Doctor degree, or an equivalent qualification from an Australian tertiary institution.
- Academic qualifications from a jurisdiction outside Australia need to be assessed by the Legal Profession Admission Board (NSW) before applying to undertake Practical Legal Training (PLT).
- International Students are not eligible for an Australian Student visa for this program.

Early start rule
You may begin the PLT program prior to completing your accredited academic qualification in law if you have completed all Priestley 11 core courses and have no more than two electives remaining. This is known as the early start rule and you must seek approval from the Legal Profession Admission Board (LPAB).

Important note for international students
This program is not CRICOS registered. International students will require a valid visa other than a student visa (e.g. a temporary graduate visa) to be eligible to apply to this program. We strongly advise international students to seek independent immigration advice about visa options. Students based overseas also need to be aware that the five day face-to-face component of Skills in Practice is held on campus at UNSW and the mandatory workplace experience component (Workplace Experience 1) must be undertaken in Australia.

Professional recognition
This program is accredited by the Legal Profession Admission Board.

For more information, visit unfst.edu.au/plt

Areas of specialisation
- Master of Laws
- Graduate Diploma in Legal Professional Practice

Practical Legal Training (PLT)

This program is open to law and non-law graduates, though the degree structure will differ depending on your education background. Please see the table below for minimum entry requirements and corresponding degree structure.

Minimum entry requirements
- Bachelors (Honours) or JD with a credit average (65%)
- B. Com (Hons) + JD with a credit average (65%)
- B. Com (Hons) + JD with a credit average (65%)

Degree structure
- 8 elective courses (48 UOC)
- 8 courses (48 UOC) including two compulsory courses: Legal Concepts, Research & Writing and Global Common Law Systems
- 8 courses (48 UOC) if your degree and in a non-law discipline you will need to complete two compulsory courses: Legal Concepts, Research & Writing and Global Common Law Systems

Areas of specialisation
- Chinese and International Business and Economic Law
- Corporate, Commercial and Taxation Law
- Criminal, Justice and Criminology
- Dispute Resolution
- Environmental Law and Sustainable Development
- Human Rights Law and Policy
- International Law
- Media, Intellectual Property and Technology Law

Alternatively students can do a generalist LLM and choose courses from across all of our specialisation areas. You will also have the option to enrol in up to two courses from other UNSW faculties.

For more information, visit unfst.edu.au/plt

Entry requirements
• A recognised bachelor’s degree with honours class II, division I, that includes a substantial research component, or
• A recognised three-year Juris Doctor degree (or equivalent) with a research component sufficient to allow assessment of research potential at the disciplinary level and where weighted average grades for the research component and the coursework results are at least equivalent (75%); or
• An equivalent combination of academic and professional qualifications.

Admission to the program is subject to appropriate supervision being available.

Program structure

The Doctor of Philosophy gives you the opportunity to conduct a significant research project that will make a substantial and original contribution to an area of knowledge. You will acquire advanced specialist skills in training to produce a thesis that provides evidence of independent thought and critical analysis. The qualification requires a minimum of three years’ full-time study, completion of required units in research methods and the preparation of a thesis normally not exceeding 100,000 words (including footnotes).

Master of Laws by Research

</tr>
</tbody>
</table>

The Master of Philosophy in Law provides a pathway to further research in law, that may be appropriate for students coming from a different discipline. It includes a coursework component that provides an introduction to legal research methods and relevant law subjects.

Entry requirements
• A recognised bachelor’s degree in law or criminology or a relevant discipline with honours class II, division II or a pass degree with a credit average result
• You must also submit a research proposal.

Admission to the program is subject to appropriate supervision being available.

Program structure

This program requires a minimum of 1.5 years’ full-time study, completion of coursework units including research methods and submission of a thesis of no more than 40,000 words on an approved topic. You will develop competence in undertaking research through a combination of coursework and research.

In the coursework component you will be required to complete Introduction to Higher Degree Research in Law in your first term. If you are from non-common law or non-law backgrounds, you will be required to complete Global Common Law Systems. The remaining coursework units(ies) can be from those offered in the Master of Laws program. Coursework should be selected in consultation with supervisors, the Postgraduate Coordinator and Director of Postgraduate Research to ensure relevance to the proposed thesis area.
Prepare yourself for the future of health and join a community focused on improving life for all.

Make a difference as you apply your skills to real patients and global health problems. Join a supportive community that's leading the future of health and improving life for all.

Experience hands-on interactions with some of Australia's largest hospitals, research centres and health organisations through project and industry-based learning.

Develop a creative, open-minded approach to healthcare. Build your research, analytical and communication skills to become a compassionate innovator and leader in health.

- Fertility Specialist
- Forensic Mental Health Specialist
- Health Communication Specialist
- Health Data Scientist
- Health Economist
- Health Promotion Officer
- Infectious Diseases Control Officer
- Ophthalmic Technician
- Research Scientist
Learn from leaders in the field

We’re driven by innovation and excellence in health and medicine. UNSW is recognised as one of the top medical faculties in the world* and is among Australia’s leaders in health education and research. Learn from world leaders in the fields of cancer, neuroscience, mental health, addiction, infectious disease, immunity and inflammation, and non-communicable disease such as cardiovascular disease.

*QS World University Rankings by Subject 2023

Hands-on learning

Immerse yourself in hands-on learning as you leverage our extensive range of global industry partners. Your practical study will help you develop as a skilled health professional and innovative clinician with strong research and teamwork skills.

Access world class biomedical and clinical training facilities

Gain exposure to some of Australia’s largest hospitals and health precincts, and benefit from UNSW’s leadership role in Sydney’s newest health and innovation precinct, located alongside the UNSW campus. You will have access to cutting-edge learning environments, which use research to create positive impacts in the community.
# Health Data Science

The Master of Science in Health Data Science covers subjects from the comprehension of complex health issues, through data interpretation and management, machine learning, data analytics, and data modelling and communication. The degree is ideal if you are new to the field or already working and eager to develop your knowledge. Graduate diploma and graduate certificate programs are also available.

## Master of Science in Health Data Science

- Professional work experience includes any (professional) position creating data, managing data, or analysing data (e.g., database manager, data analyst, data scientist).

### Professional recognition
- Successful completion of a Graduate Certificate in Health Data Science will generally be considered as evidence of your commitment to ongoing education and development, as required by most professional organisations and bodies both in Australia and internationally.

# Reproductive Medicine

The Master of Reproductive Medicine is a fully online program. It will provide GPs, family planning practitioners, O&G trainees as well as specialist gynaecologists who work in menopause and infertility with detailed knowledge of reproductive medicine. The program will give you an advanced understanding of the clinical aspects and pathophysiology of these areas. In addition it elaborates on the ethical, social and professional aspects required to deliver a high standard of clinical care to patients. Graduate diploma and graduate certificate programs are also available.

Infectious Diseases Intelligence

The Master of Infectious Diseases Intelligence equips graduates with advanced skills in public health aspects of infectious diseases surveillance and intelligence, outbreak response, and infection prevention and mitigation. The program is relevant for professionals working or seeking a career in health emergencies, outbreaks, infectious diseases risk assessment and emergency response. Graduate diploma and graduate certificate programs are also available. This program can also be taken as a double degree with Public Health, Global Health or Health Leadership and Management.

Master of Infectious Diseases Intelligence

**Entry requirements**
- An undergraduate degree in a field relevant to public health or health management (see list below)* and two years of full-time professional or volunteer experience. This may also include equivalent professional experience acquired as part of a degree of four or more years duration (e.g. MBBS, MD) or
- An undergraduate degree plus an honours or postgraduate degree in a field relevant to public health or health management (see list below).*

**Graduate Diploma in Infectious Diseases Intelligence**

**Program code** 8362
**CRICOS code** 0100857
**Duration** 1.7 years (face-to-face or online option)
**Entry** February, May and September
**Estimated first year tuition** AUD$35,580

**Entry requirements**
- Please see Master of Infectious Diseases Intelligence (8362).

**Graduate Certificate in Infectious Diseases Intelligence**

**Program code** 7362
**CRICOS code** 0100845
**Duration** 0.7 years (face-to-face or online option)
**Entry** February, May and September
**Estimated first year tuition** AUD$24,880

**Entry requirements**
- Please see the Master of Infectious Diseases Intelligence (8362).

---

Health Leadership and Management

The Master of Health Leadership and Management promotes health leadership in strategic planning, policy and decision making. This degree emphasises understanding and meeting the challenges of safety and quality within current and emerging health service contexts. It is tailored to either the Australian health care system or developing health care systems. Also available to you are the Health Leadership and Management (Extension) and the shorter graduate diploma and graduate certificate programs. You can take this program as a double degree with Public Health, Global Health or Infectious Diseases Intelligence.

Master of Health Leadership and Management

**Program code** 8051
**CRICOS code** 040319E
**Duration** 1.7 years (face-to-face or online option)
**Entry** February, May and September
**Estimated first year tuition** AUD$47,500

**Entry requirements**
- An undergraduate degree in a field relevant to public health or health management (see list below) or two years of full-time professional or volunteer experience. This may also include equivalent professional experience acquired as part of a degree of four or more years duration (e.g. MBBS, MD) or
- An undergraduate degree plus an honours or postgraduate degree in a field relevant to public health or health management (see list below).*

**Graduate Diploma in Health Leadership and Management**

**Program code** 8062
**CRICOS code** 040319E
**Duration** 1.7 years (face-to-face or online option)
**Entry** February, May and September
**Estimated first year tuition** AUD$47,500

**Entry requirements**
- Please see Master of Health Leadership and Management (8051).

**Professional recognition**
This program is recognised by the Australasian College of Health Service Management (ACHSM). It also provides the core competencies required for individuals wishing to apply for Royal Australasian College of Medical Administrators (RACMA) Fellowship.

International Students are not eligible for an Australian Student visa for this program.

---

Global Health Leadership and Management

The Master of Global Health Leadership and Management promotes health leadership in the management of global health challenges. This degree emphasises understanding and meeting the challenges of safety and quality within current and emerging health service contexts. It is tailored to either the Australian health care system or developing health care systems. Also available to you are the Global Health Leadership and Management (Extension) and the shorter graduate diploma and graduate certificate programs. You can take this program as a double degree with Public Health, Global Health or Health Leadership and Management.

Master of Global Health Leadership and Management (Extension)

**Program code** 8062
**CRICOS code** 040319E
**Duration** 1.7 years (face-to-face or online option)
**Entry** February, May and September
**Estimated first year tuition** AUD$47,500

**Entry requirements**
- An undergraduate degree in a field relevant to public health or health management (see list below) or two years of full-time professional or volunteer experience. This may also include equivalent professional experience acquired as part of a degree of four or more years duration (e.g. MBBS, MD) or
- An undergraduate degree plus an honours or postgraduate degree in a field relevant to public health or health management (see list below).*

---

International Students are not eligible for an Australian Student visa for this program.
Global Health

Through our global health programs, you will gain expertise in a broad range of areas based on real-life public health interventions spanning various populations and countries. You will examine relevant investigative methods, with evidence-based, culturally appropriate and cost-effective approaches to disease control, health promotion and health services development. A Master of Global Health (Extension) is also available, as are shorter graduate diploma and graduate certificate programs. The program can also be taken as a double degree with Public Health, Health Leadership and Management or Infectious Diseases Intelligence.

Master of Global Health

Entry requirements

- An undergraduate degree in a field relevant to public health or health management (see list below)* and two years' full-time professional or equivalent professional experience acquired as part of a degree of four or more years duration (e.g., MBBS, MS) or
- An undergraduate degree plus an Honours or postgraduate degree in a field relevant to public health or health management (see list below)*

*Example include, but are not restricted to, medicine, nursing, allied health, health sciences, biomedical sciences, dentistry, sociology, behavioural and social sciences, psychology, marketing, human services, emergency services, environmental health, veterinary science, health administration, business, management, engineering, law, science, mathematics and statistics, economics, policy studies, and development studies.

Graduate Diploma in Global Health

Entry requirements

Please see Master of Global Health (9048).

Graduate Certificate in Global Health

Entry requirements

Please see Master of Global Health (9048).

Public Health

The Master of Public Health provides the multidisciplinary training required for roles in all aspects of public health practice. You will gain a deep understanding of the breadth of public health, and the core skills entailed in both professional practice and research. A Master of Public Health (Extension) is also available, as are shorter graduate diploma and graduate certificate programs. The program can also be taken as a double degree with Health Leadership and Management, Global Health or Infectious Diseases Intelligence. These double degrees can also be undertaken with an Extension in one program.

Master of Public Health

Entry requirements

- An undergraduate degree in a field relevant to public health or health management (see list below)* and two years' full-time professional or volunteer experience. This may also include equivalent professional experience acquired as part of a degree of four or more years duration (e.g., MBBS, MS) or
- An undergraduate degree plus an Honours or postgraduate degree in a field relevant to public health or health management (see list below)*

*Example include, but are not restricted to, medicine, nursing, allied health, health sciences, biomedical sciences, dentistry, sociology, behavioural and social sciences, psychology, marketing, human services, emergency services, environmental health, veterinary science, health administration, business, management, engineering, law, science, mathematics and statistics, economics, policy studies, and development studies.

Graduate Diploma in Public Health

Entry requirements

Please see Master of Public Health (9045).

Graduate Certificate in Public Health

Entry requirements

Please see Master of Public Health (9045).
# Dual Masters – Population Health

Make the most of your studies by completing two master’s degrees within 1.7 years. Our suite of dual masters allows you to combine knowledge and skills from two related disciplines in public health, health leadership and management, global health or infectious diseases intelligence to enhance your career prospects.

Studying two masters concurrently gives you the opportunity to fast-track your studies. If you want to extend your knowledge, our 2 year extension options provide additional research methodology courses, research projects and opportunities to progress from a coursework master’s degree that includes a research component to enrolment in a PhD.

## Master of Public Health/Health Leadership and Management

**Program code**: 9047  
**CRICOS code**: 061598D  
**Duration**: 1.7 years or undertake the 2 year extension program (face-to-face or online option)  
**Entry**: February, May and September  
**Estimated first year tuition**: AUD$47,500

The Master of Health Leadership and Management/Public Health double degree provides essential knowledge and skills for a career in public health and leadership roles in health service delivery. This combination of degrees will give you sophisticated capabilities for leadership and managing complex health settings, including the capacity for improving health service outcomes.

2 years extension programs are available, under the program codes 9056 and 9057. Please refer to handbook.unsw.edu.au for more information.

**Entry requirements**  
Please see Master of Health Leadership and Management (9051), Master Public Health (Extension) / Master Health Leadership and Management (9056), CRICOS code 061598D.  
Master Health Leadership and Management (Extension) / Master Public Health (9057), CRICOS code 061598D.

## Master of Public Health/Infectious Diseases Intelligence

**Program code**: 9059  
**CRICOS code**: 066231B  
**Duration**: 1.7 years or undertake the 2 year extension program (face-to-face or online option)  
**Entry**: February, May and September  
**Estimated first year tuition**: AUD$47,500

2 years extension programs are available, under the program codes 9056 and 9057. Please refer to handbook.unsw.edu.au for more information.

**Entry requirements**  
Please see Master of Infectious Diseases Intelligence (9363), Master Public Health (Extension) / Master Infectious Diseases Intelligence (9366), CRICOS code 066231B.  
Master Public Health (9363), CRICOS code 100680D.  
Master Health Leadership and Management (Extension) / Master Public Health (9056), CRICOS code 089839F.

## Master of Global Health/Leadership and Management

**Program code**: 9043  
**CRICOS code**: 068908A  
**Duration**: 1.7 years or undertake the 2 year extension program (face-to-face or online option)  
**Entry**: February, May and September  
**Estimated first year tuition**: AUD$47,500

The Master of Health Leadership and Management/Leadership and Management double degree provides you with the advanced disciplinary knowledge and skills for infectious disease prevention and control and health services management roles in government, community and health service settings in Australia and internationally.

2 years extension programs are available, under the program codes 9056 and 9057. Please refer to handbook.unsw.edu.au for more information.

**Entry requirements**  
Please see Master of Health Leadership and Management (9051), Master Public Health (Extension) / Master Health Leadership and Management (9056), CRICOS code 061598D.  
Master Health Leadership and Management (Extension) / Master Public Health (9057), CRICOS code 061598D.

## Master of Global Health/Infectious Diseases Intelligence

**Program code**: 9044  
**CRICOS code**: 069061M  
**Duration**: 1.7 years or undertake the 2 year extension program (face-to-face or online option)  
**Entry**: February, May and September  
**Estimated first year tuition**: AUD$47,500

The Master of Global Health/Leadership and Management is a double degree that provides you with the knowledge and skills to carry out senior management and leadership roles in population, clinical and departmental health services. The double degree is ideal for people who want to work in international health departments, non-government organisations (NGOs), and international and bilateral aid agencies.

2 years extension programs are available, under the program codes 9056 and 9057. Please refer to handbook.unsw.edu.au for more information.

**Entry requirements**  
Please see Master of Global Health Leadership and Management (9051), Master Global Health (Extension) / Master Health Leadership and Management (9056), CRICOS code 096231B.  
Master Health Leadership and Management (Extension) / Master Public Health (9057), CRICOS code 061598D.

International students are not eligible for an Australian student visa for this program if undertaken in online study mode.
Studying Higher Degree Research at UNSW Medicine & Health places you alongside leading researchers breaking through the frontiers of modern medicine. State-of-the-art facilities, superior partnerships with leading medical centres and institutes together with the strength of UNSW’s research-focused community creates exceptional career development opportunities for higher degree research (HDR) candidates wanting to work towards a better future in healthcare.

**Medicine & Health**
Science

Think big and form deeper connections with our world. Allow your curiosity to be inspired as you discover your own path, exploring areas of science to acquire the skills needed for tomorrow’s workforce.

Expand your knowledge and experience with one of the largest and most impactful science faculties in Australia. Choose from our range of specialised coursework programs or take advantage of the extensive research opportunities offered across our eight schools.

Eight subjects ranked in the top 50 globally,* join a community of world-leading researchers and inspiring educators who are using science to improve lives and communities around the world.

Advance your career with industry relevant skills and experience. Tap into our network of 400+ industry and research partners to expand your professional connections.

For more information, visit unsw.to/science

*QS World University Rankings by Subject 2023
Embrace a career with impact
UNSW Science is where bright minds come together to learn, explore and discover. Join a vibrant and welcoming community that prepares you for real-world challenges and future leadership opportunities. In our technology-centric world, there’s increased demand for skilled scientists in a range of careers. Benefit from our leading industry partners and begin your journey to achieve your career goals and make an impact.

Learn from world-class educators
Study with innovative, passionate and world-renowned educators, including quantum physicist and former Australian of the Year Professor Michelle Simmons AO, Nobel Laureate Sir Fraser Stoddart, and ground-breaking recycling scientist and 2022 NSW Australian of the Year Scientia Professor Veena Sahajwalla.

Make profound scientific discoveries
Collaborate, explore and achieve with world-class laboratories, clinics and simulators giving you the tools to explore new limits and make meaningful scientific discoveries to benefit society.
Aviation

Gain the skills and knowledge you need to succeed in contemporary aviation management. Developed in consultation with industry, the Master of Aviation Management is designed for students who have a degree and relevant industry experience. The Graduate Diploma in Aviation Management is available to students without a degree who have at least one year of relevant industry experience. Both programs are taught entirely online.

Master of Aviation Management

Program code 8741
Duration 2 years (online)
Entry February, May and September
Estimated first year tuition AUD$19,820

Entry requirements
• A recognised three-year bachelor’s degree in any area.
• Applicants with a relevant bachelor’s degree and relevant industry experience may be eligible for advanced standing (also known as recognition of prior learning). For more information visit [www.unsw.edu.au/study/postgraduate/master-of-aviation-management](http://www.unsw.edu.au/study/postgraduate/master-of-aviation-management).

International Students are not eligible for an Australian Student visa for this program.

Science Graduate Diploma (Research)

Gain specialised knowledge and research training through the Science Graduate Diploma (Research). This program can be used to qualify for a higher degree, upgrade existing qualifications or to develop expertise in a different disciplinary area. As part of the program, you will complete disciplinary coursework and a significant independent research project.

Entry requirements
• A bachelor’s degree with a good pass in a related, but not necessarily directly relevant discipline to your chosen area of study.

A ‘good pass’ is a weighted average mark of 55-64. However, specific disciplines may have additional entry requirements due to their competitive nature and the number of research places available within a School.

Science and Decisions

Get ready to meet the extraordinary global demand for talented data scientists. UNSW’s data science and decisions programs are designed to produce professionals who are skilled in the manipulation, visualisation and interpretation of large amounts of data. These programs bring together expertise from our award-winning School of Mathematics & Statistics, the School of Computer Science and the School of Economics.

Data Science

Organise, identify and analyse data to find answers that make a genuine impact. UNSW’s online data science programs cover programming, statistics and data systems. You will gain advanced technical and mathematical skills needed to analyse complexities and make sense of the numbers. Articulation pathways are available for students to apply to progress into the Master of Data Science, subject to academic performance in the graduate certificate and graduate diploma programs.

Master of Data Science

Program code 8646
Duration 1.7 years (online)
Entry January, March, May, July, September and October
Estimated first year tuition AUD$35,325

Entry requirements
• A Graduate Diploma in Data Science with at least a credit average (65%); or
• An undergraduate degree in data science or related discipline (e.g. computer science, economics, mathematics, statistics) plus sufficient data science background as indicated by an average mark of 70% or above across three level III courses in mathematics and/or statistics and/or computer science and/or economics; or
• A recognised degree in a non-related discipline plus sufficient data science background as indicated by at least five years experience in a data science or data analytics role.

Graduate Diploma in Data Science

Program code 5646
Duration 1.4 years (online)
Entry January, March, May, July, September and October
Estimated first year tuition AUD$35,180

Entry requirements
• A UNSW Graduate Certificate in Data Science with at least a credit average (65%); or
• An undergraduate degree in data science or related discipline (e.g. computer science, economics, mathematics, statistics) plus sufficient data science background as indicated by an average mark of 65% across three level III courses in mathematics and/or statistics and/or computer science and/or economics; or
• A recognised degree in a non-related discipline plus sufficient data science background as indicated by at least five years experience in a data science or data analytics role.

Graduate Certificate in Data Science

Program code 7446
Duration 8.7 years (online)
Entry January, March, May, July, September and October
Estimated first year tuition AUD$35,930

Entry requirements
• An undergraduate degree in data science or related discipline (e.g. computer science, economics, mathematics, statistics); or
• An undergraduate degree in a non-related discipline plus sufficient data science background as indicated by at least a credit average (65%) across three level III courses in mathematics and/or statistics and/or computer science and/or economics; or
• A recognised degree in a non-related discipline plus sufficient data science background as indicated by at least five years experience in a data science or data analytics role.
Marine Science and Management

The Master of Marine Science and Management is collaboratively delivered between UNSW and three Sydney Institute of Marine Science (SIMS) partner universities. It takes you beyond traditional courses to address innovative approaches to marine science. You will learn about coastal management and engineering, climate change, marine ecology and conservation, physical oceanography and modelling.

Entry requirements
• A Bachelor of Science degree in any discipline with at least a credit average (65%);
• A Bachelor of Science Honours degree in any discipline, or
• A Bachelor of Science degree with an average mark of 50-65% plus at least five years’ professional experience in a relevant field of marine science or environmental science;
• Any degree with an appropriate science major with numerical or data handling skills plus at least five years’ professional experience in a relevant field of marine science or environmental science.

Estimated first year tuition
AUD$44,725

Master of Materials Technology

The Master of Materials Technology provides you with a comprehensive yet flexible study of the full range of materials including ceramics, composites, metals and polymers. This degree covers a broad spectrum of materials science and engineering, emphasising the application of the basic sciences to the understanding of the structure, properties and processing of materials.

Entry requirements
• A bachelor’s degree in a related science (physics or chemistry) or engineering (material engineering, chemical engineering or mechanical engineering) discipline with at least a credit average (65%); or
• A bachelor’s degree with a minimum average mark of 50-65% plus approximately five years’ professional experience in a relevant field such as in the materials processing or testing industry; or
• A graduate certificate or graduate diploma in the materials sciences with at least a credit average (65%) or
• An honours degree at a recognised university in a related science or engineering discipline.

Materials Technology

The Master of Materials Technology provides a platform to gain valuable work and study experience with first-class materials researchers and opportunities to meet peers from around the world with the same background. The most attractive part of this degree was the open research atmosphere and advanced research instruments. It provides a strong foundation to start a future materials-related career, and the resource of your peers will be a treasure in your future work.”

Yue Jerry Jiang
Master of Materials Technology

Financial planning, analysing business risks and managing investment portfolios all rely heavily on mathematical modelling. The Master of Financial Mathematics will provide you with high-level training in the principles of modern finance and its mathematical foundations, stochastic analysis, risk assessment and relevant computational techniques.

Entry requirements
• A Bachelor of Mathematics or a Bachelor of Science (with a major in mathematics or statistics); and
• Sufficient mathematical/statistical background, as indicated by at least a credit average (65%) in level III mathematics and/or statistics university courses.

Estimated first year tuition
AUD$45,890

Mathematics and Statistics

The Master of Statistics is the longest running program of its kind in Australia. Strengthen your knowledge of statistical science and develop your consulting and project writing skills. This program provides advanced training for aspiring statisticians and students seeking to complete higher research in statistics.

Entry requirements
• A Bachelor of Mathematics or Bachelor of Science (with a major in mathematics or statistics), and
• Sufficient mathematical/statistical background as indicated by at least a credit average (65%) in level III mathematics/statistics university courses.

Estimated first year tuition
AUD$45,475

Entry requirements
• A Bachelor of Mathematics or a Bachelor of Science (with a major in mathematics or statistics), and
• Sufficient mathematical/statistical background, as indicated by at least a credit average (65%) in level III mathematics/statistics university courses.

Estimated first year tuition
AUD$45,250

Entry requirements
• A Bachelor of Mathematics or a Bachelor of Science (with a major in mathematics or statistics), and
• Sufficient mathematical/statistical background, as indicated by at least a credit average (65%) in level III mathematics/statistics university courses.

Estimated first year tuition
AUD$45,475

Entry requirements
• A Bachelor of Science degree in any discipline with at least a credit average (65%); or
• A Bachelor of Science Honours degree in any discipline, or
• A Bachelor of Science degree with an average mark of 50-65% plus at least five years’ professional experience in a relevant field of marine science or environmental science.

Estimated first year tuition
AUD$44,725

Entry requirements
• A Bachelor of Mathematics or a Bachelor of Science (with a major in mathematics or statistics); and
• Sufficient mathematical/statistical background, as indicated by at least a credit average (65%) in level III mathematics/statistics university courses.

Estimated first year tuition
AUD$45,890

Entry requirements
• A Bachelor of Mathematics or a Bachelor of Science (with a major in mathematics or statistics), and
• Sufficient mathematical/statistical background, as indicated by at least a credit average (65%) in level III mathematics/statistics university courses.

Estimated first year tuition
AUD$45,475

Entry requirements
• A Bachelor of Science degree in any discipline with at least a credit average (65%); or
• A Bachelor of Science Honours degree in any discipline, or
• A Bachelor of Science degree with an average mark of 50-65% plus at least five years’ professional experience in a relevant field of marine science or environmental science.

Estimated first year tuition
AUD$44,725

Entry requirements
• A Bachelor of Mathematics or a Bachelor of Science (with a major in mathematics or statistics); and
• Sufficient mathematical/statistical background, as indicated by at least a credit average (65%) in level III mathematics/statistics university courses.

Estimated first year tuition
AUD$45,890

Entry requirements
• A Bachelor of Mathematics or a Bachelor of Science (with a major in mathematics or statistics), and
• Sufficient mathematical/statistical background, as indicated by at least a credit average (65%) in level III mathematics/statistics university courses.

Estimated first year tuition
AUD$45,475
Physical Oceanography

Master of Physical Oceanography

Designed for graduates in science, engineering and related disciplines, this program provides advanced training in the theory and understanding of physical processes in the ocean. You will gain quantitative skills, ranging from simulation to data acquisition and advanced statistical and computational analysis through disciplinary courses that reflect current practices in physical oceanography. The major research project will extend your knowledge and investigation skills, preparing you for specialised roles within the growing Blue Economy industry or higher degree research opportunities.

Entry requirements
- A recognised bachelor's degree with at least an average mark of 70% or equivalent in a related discipline.
- Students must have a minimum of 12 UOC in level II mathematics university courses or equivalent training experience.

The following cohorts may be eligible for recognition of prior learning up to 24 UOC:

- Graduates of an Advanced Mathematics, Advanced Science or Honours degree in a cognate discipline from a recognised tertiary institution.
- Students who have completed a relevant advanced degree in a cognate discipline; for example the Australian Bureau of Meteorology's Graduate Diploma in Meteorology.

Graduate Diploma in Physical Oceanography

The Graduate Diploma in Physical Oceanography provides graduates in science, engineering and related fields with advanced training in the theory and understanding of physical processes in the ocean. You will gain quantitative skills focusing on the ocean and marine environment, ranging from simulation to data acquisition and advanced statistical and computational analysis. You will be prepared for a career in specialised roles within the growing Blue Economy industry.

Entry requirements
- A recognised bachelor's degree with at least an average mark of 70% or equivalent in a related discipline.
- Students must have a minimum of 12 UOC in level II mathematics university courses. Exceptions can be made in cases where students have received equivalent industry training or experience.

Psychology

Master of Psychology (Clinical)

Program code 8256
CRICOS code 081934A
Duration 2 years
Entry February
Estimated first year tuition AUD$45,100

This master's degree focuses on adult, adolescent and child clinical psychology, including assessment, case formulation and psychological interventions for various mental health issues. Alongside your coursework, you will complete at least 2000 hours of supervised clinical practice and a research thesis on a topic relevant to clinical psychology.

Entry requirements
- An accredited four-year, or three-year plus a fourth year, APAC-accredited sequence in psychology, including a major research thesis, completed within the last 10 years with honours class 1 (95%).
- Overseas qualifications must include a major research project and must be assessed by the Australian Psychological Society (APS). Admission is based on academic merit; two referee reports and performance at an interview.
- All candidates must be registered as a Provisional Psychologist with the Australian Health Practitioner Regulation Agency (AHPRA) for the duration of the program.
- For detailed information about the application process please visit: psy.unsw.edu.au/future-students/postgraduate-coursework/how-apply

This degree is accredited by the Australian Psychology Accreditation Council (APAC).

Graduate Diploma in Psychology

Program code 8518
CRICOS code 10657F
Duration 1 year
Entry February, May and September
Estimated first year tuition AUD$45,325

Gain an integrated and comprehensive education in developmental, social, cognitive, biological, physiological and abnormal psychology. This program allows you to complete an accredited three-year psychology sequence in just 1.7 years, providing a pathway to further accredited training. You will gain a solid foundation in the principles of psychology and develop skills in analysis and research methods.

Entry requirements
- An undergraduate bachelor's degree in any discipline or a higher university qualification.
- Overseas qualifications must include a major research project and must be assessed by the Australian Psychological Society (APS). Admission is based on academic merit; two referee reports and performance at an interview.
- All candidates must be registered as a Provisional Psychologist with the Australian Health Practitioner Regulation Agency (AHPRA) for the duration of the program.
- For detailed information about the application process please visit: psy.unsw.edu.au/future-students/postgraduate-coursework/how-apply

This degree is accredited by the Australian Psychology Accreditation Council (APAC).

Graduate Certificate in Child Development

Program code 7419
CRICOS code 8257
Duration 1 year (online)
Entry March
Estimated first year tuition AUD$33,700

A unique offering in Australia, the Graduate Certificate in Child Development gives professionals from non-psychology backgrounds specialised skills to apply psychological principles to their work with children, improving outcomes for children with diverse needs. If you work in education, nursing, juvenile justice, social work or any other field involved with young people, this program will give you a highly-valued suite of psychological skills.

Entry requirements
- An undergraduate bachelor's degree in any discipline or a higher university qualification.
- This program has compulsory Work Integrated Learning components.
- International students are not eligible for an Australian student visa for this program.

This degree is accredited by the Australian Psychology Accreditation Council (APAC).
### Research

UNSW has an outstanding cohort of higher degree research students drawn from within Australia and internationally, and many of our graduates have become world leaders in their respective fields.

Our commitment to research-focused teaching and our close links with industry provide exceptional higher degree research opportunities. If you are interested in undertaking research in an area of interest with one of our schools, please contact the relevant school.

- Management Consultants
- Policy Analysts
- Political Advisors
- Project Managers
- Public Sector Managers

Engineering, Information Technology, and Science
- Cyber security Specialists
- Data Analysts
- Data Communication Developers
- Defence Contractors
- Engineers
- Information Security Managers
- Law Enforcement Specialists
- Network Consultants
- Systems Engineers
- Space Engineers
- Space Systems Operators
Postgraduate coursework programs

Courses within the master by coursework programs at UNSW Canberra are delivered through distance mode (online), or a combination of distance (online) and intensive delivery mode (IDM). International applicants may undertake these programs as offshore international students. Offshore international students are not eligible for an Australian student visa but may undertake intensive delivery mode courses on a visitor visa to Australia.

Distance Mode (online) Distance students are not required to be physically present on campus throughout the semester. Distance Mode courses are often referred to as ‘online courses’ as the main method of delivering learning resources and assessment is via the online learning management system, Moodle. All coursework and forums on Moodle are asynchronous, so there is no need for you to be online at specific times.

Intensive Delivery Mode (IDM) Students undertaking IDM courses will attend the UNSW Canberra campus for one full week of full-time, face-to-face instruction. The IDM periods are usually delivered at the start of each session, with the on-campus component followed by a period of online interaction and assessment via the online learning management system, Moodle. International students are required to obtain a visitor visas to Australia in order to attend IDM courses.

Entry Requirements
• Completion of a bachelor’s degree with honours in the same or a related discipline* from a recognised institution, or
• Completion of a Graduate Diploma or Graduate Certificate in the same or a related discipline* from a recognised institution, or
• Completion of a bachelor’s degree in the same or a related discipline* from a recognised institution and completion of at least three years relevant full-time professional experience, or
• Evidence of other qualifications and professional experience to be assessed as acceptable grounds for admission into the program by the relevant Program Authority. In certain circumstances, students may be required to undertake and successfully complete a relevant non-award course as a condition for admission into the program. This non-award course may also be credited towards the program upon admission.

• Related discipline: Find out more at handbook.unsw.edu.au

Mission
The Master of Capability Management gives you a high-level understanding of the principles and practices of decision analytics and to strengthen their skills in this area. The degree allows you to acquire qualitative and quantitative decision-making tools for analyzing complex operational environments and making appropriate decisions within those environments.

Mission
The Master of Cyber Security gives you a detailed understanding of the managerial and technical skills and expertise relevant to planning, operation and acquisition of the cyber security function. This degree provides principles gathered from information systems, cyber security, risk, management and governance and is for managers wanting to enhance their career in cyber security operations. Through UNSW’s PLuS Alliance partnership, you will be given access to courses at Arizona State University (ASU) in the USA and King’s College London in the UK.

Mission
The Master of Cyber Security, Strategy and Diplomacy provides advanced interdisciplinary study into the political, military, diplomatic and higher-level management aspects of issues where cyber security, strategy and diplomacy interact. Through UNSW’s PLuS Alliance partnership, you will be given access to courses at Arizona State University (ASU) in the USA and King’s College London in the UK.
Logistics Management

Master of Logistics Management

Program code 8564
Duration 1 year (online)
Entry February and July
Estimated tuition AUD39,340

The Master of Logistics Management covers advanced logistics planning strategies, logistics life-cycle management, inventory management, contingency forecasting, distribution and reverse logistics. It also develops your understanding of analytical tools and systems for information flow management, including big data analysis and business intelligence techniques.

People Management

Master of Strategic People Management

Program code 8563
Duration 1 year (online)
Entry February and July
Estimated tuition AUD39,340

The Master of Strategic People Management is designed to develop middle managers, particularly in people management. This degree provides you with an understanding of systems theory and its implications for implementation. As a manager you will then be better able to interpret organisational strategy and develop appropriate, people-focused implementation plans.

Project Management

Master of Project Management

Program code 8595
Duration 1 year (online with IDM options)
Entry February and July
Estimated tuition AUD39,340

The Master of Project Management provides you with an understanding of and advanced analytical skills in the key areas required to manage projects. There is a strong emphasis on extending skills and knowledge and vocational experiences to enable you to apply your high-level understanding to real-world problems within any industry.

Security and Defence Management

Master of Security and Defence Management

Program code 8573
Duration 1 year (on-line)
Entry February and July
Estimated tuition AUD39,340

The Master of Security and Defence Management is designed for defence, security and foreign affairs professionals who wish to gain a more detailed understanding of the factors shaping the contemporary strategic and security environment, the complex policy challenges they present, and the skills and insights required of astute managers within this context.

War Studies

Master of War Studies

Program code 8577
Duration 1 year (online)
Entry February and July
Estimated tuition AUD39,340

The Master of War Studies is an interdisciplinary degree focused on war and its effects. It is built around a central core of subjects in military history, with additional options addressing topics in strategy, international relations, security and literature. It honed analytical and interpretive skills within a wide range of military-related courses.

Space

Master of Space Engineering

Program code 8622
Duration 1 year (online and IDM)
Entry February and July
Estimated tuition AUD39,340

The Master of Space Engineering is designed to ensure you develop a high-level understanding of the principles and practices of engineering related to space systems. You will obtain a grounding in the discipline of systems engineering and apply that body of knowledge to space systems.

Master of Space Operations

Program code 8624
Duration 1 year (online with IDM options)
Entry February and July
Estimated tuition AUD39,340

The Master of Space Operations is designed for you to examine issues in space operations and aspects of space applications. This degree allows you to develop a high level of understanding of the issues associated with the planning, operation and acquisition of space systems.

Workforce Planning

Master of Workforce Planning

Program code 8561
Duration 1 year (online)
Entry February
Estimated tuition AUD39,340

The Master of Workforce Planning enables the development of skills that will improve organisational productivity and outcome through the process of systematically predicting the future demand and supply of the employees. You will acquire the knowledge to enable the forecasting and deployment of capability in order to support the strategic development of an organisation.

The program integrates strategic theory with modelling applications. The program includes optional research project courses that enable students to produce a substantial piece of research-based scholarship during their degree.

Special Operations

Master of Special Operations and Irregular Warfare

Program code 8632
Duration 1 year (online)
Entry February and July
Estimated tuition AUD39,340

The Master of Special Operations and Irregular Warfare is aimed at military personnel and those in the security policy community, including security contractors, who would benefit from a better understanding of special operations as a military instrument. This is the only degree of its kind in Australia and is developed by Special Operations Command personnel in conjunction with UNSW academics.

International students are not eligible for an Australian student visa for this program.

Strategy and Security

Master of Strategy and Security

Program code 8572
Duration 1 year (online)
Entry February and July
Estimated tuition AUD39,340

The Master of Strategy and Security is designed for postgraduate scholars and foreign affairs, security and defence professionals who want to gain a deeper and more advanced understanding of the factors shaping the global and Asia-Pacific security and strategic environments, as well as the complex policy challenges presented by the Australian government’s new security agenda.

Sustainment Management

Master of Sustainment Management

Program code 8566
Duration 1 year (online and IDM)
Entry February and July
Estimated tuition AUD39,340

The Master of Sustainment Management provides you with an opportunity to develop a detailed understanding of the managerial and technical skills and expertise relevant to planning, acquisition and sustainment of complex technology and systems over their life cycles. You will also develop the ability to procure capability according to organisational strategy and to develop appropriate implementation and sustainable plans.

Estimated tuition

Estimated tuition is for the first year of the program and does not include enrolment fees. Entry is in February and July for both the on-campus and online programs. Duration is 1 year for both the on-campus and online programs. Program code is used to identify the specific program.

February and July

Entry is in February and July for both the on-campus and online programs.

Duration

Duration is 1 year for both the on-campus and online programs.

Program code

Program code is used to identify the specific program.
Research

Higher degree research programs allow you to undertake a more thorough exploration of a field or topic. Higher degree research programs at UNSW Canberra include the Professional Doctorate, Master of Philosophy, Masters by Research, and Doctor of Philosophy (PhD).

Research Programs

Master of Arts by Research

Program code 2486
CRICOS code 085772G
Duration 1.5 - 2 years
Entry February, May and September
Estimated first year tuition AUD$37,188

Entry requirements
• An appropriate four-year UNSW bachelor’s degree with lower-second-class honours or higher, or
• An equivalent qualification from a tertiary institution, as determined by the Higher Degree Research Committee (HDRC).

Master of Business by Research

Program code 2223
CRICOS code 0095570
Duration 1.5 - 2 years
Entry February, May and September
Estimated first year tuition AUD$37,188

Entry requirements
• A relevant four-year UNSW bachelor’s degree with lower second-class or higher, or
• An equivalent qualification from a tertiary institution, as determined by the Higher Degree Research Committee (HDRC).

Master of Engineering by Research

Program code 2693
CRICOS code 0857770
Duration 1.5 - 2 years
Entry February, May and September
Estimated first year tuition AUD$37,188

Entry requirements
• A relevant four-year UNSW bachelor’s degree with lower second-class or higher, or
• An equivalent qualification from a tertiary institution, as determined by the Higher Degree Research Committee (HDRC).

Master of Science by Research

Program code 085769C
CRICOS code 085780G
Duration 1.5 - 2 years
Entry February, May and September
Estimated first year tuition AUD$37,188

Entry requirements
• A relevant four-year UNSW bachelor’s degree with lower-second-class honours or higher, or
• An equivalent qualification from a tertiary institution, as determined by the Higher Degree Research Committee (HDRC).

Master of Philosophy

Program code 085795A
CRICOS code 085790F
Duration 1.5 - 2 years
Entry February, May and September
Estimated first year tuition AUD$37,188

Entry requirements
• A relevant three-year UNSW bachelor’s degree or an equivalent qualification from another tertiary institution, or
• An equivalent qualification from a tertiary institution, as determined by the Higher Degree Research Committee (HDRC).

Overseas international students are eligible for an Australian student visa. Full details on all research programs, applications, scholarships and support services can be found at: unsw.adfa.edu.au/study/postgraduate-research

Research

The Graduate Research School Admissions and Scholarships team provides advice and support to all applicants for admission to a UNSW Higher Degree Research program or scholarship. Go to page 126 for further information or email: graduate.admissions@adfa.edu.au

120

Professional Doctorate - Information Technology

Program code 1743
CRICOS code 085790M
Duration 3 - 4 years
Entry February, May and September
Estimated first year tuition AUD$37,188

Entry requirements
• A relevant UNSW bachelor’s degree or an equivalent qualification from another tertiary institution; and
• Completion of qualifying program (master’s with discipline specific) to an approved standard (distinction average or above); and
• Professional experience.

Professional Doctorate - Project Management

Program code 1742
CRICOS code 085770K
Duration 3 - 4 years
Entry February, May and September
Estimated first year tuition AUD$37,188

Entry requirements
• A relevant UNSW bachelor’s degree or an equivalent qualification from another tertiary institution; and
• Completion of qualifying program (master’s with discipline specific) to an approved standard (distinction average or above); and
• Professional experience.

Professional Doctorate - Cyber Security

Program code 1748
CRICOS code 093550C
Duration 3 - 4 years
Entry February, May and September
Estimated first year tuition AUD$37,188

Entry requirements
• A relevant UNSW bachelor’s degree or an equivalent qualification from another tertiary institution; and
• Completion of qualifying program (master’s with discipline specific) to an approved standard (distinction average or above); and
• Professional experience.

Professional Doctorate - Systems Engineering

Program code 1741
CRICOS code 0857690
Duration 3 - 4 years
Entry February, May and September
Estimated first year tuition AUD$37,188

Entry requirements
• A relevant UNSW bachelor’s degree or an equivalent qualification from another tertiary institution; and
• Completion of qualifying program (master’s with discipline specific) to an approved standard (distinction average or above); and
• Professional experience.

Doctor of Philosophy (PhD)

Mathematics and Statistics (1881)
CRICOS code 085794G
Oceanography (1082)
CRICOS code 085855J
Physics (1892)
CRICOS code 085754M
Project Management (1615)
CRICOS code 085760G
Southeast Asian Social Inquiry (1203)
CRICOS code 085740G
System Engineering (1620)
CRICOS code 0857755E

Entry requirements
• A relevant UNSW bachelor’s degree with upper-second-class honours or higher; or
• A completed Master’s by Research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high quality research thesis; or
• An equivalent qualification from a tertiary institution as determined by the Higher Degree Research Committee (HDRC).
How to apply

Postgraduate coursework

Step 1
Choose your program
Choose your program at unsw.to/degrees, or from the pages of this guide and make a note of the program code.

Step 2
Check your entry requirements
You need to meet your chosen program’s entry requirements. You also need to meet UNSW’s English language requirements (see page 124 or visit unsw.edu.au/elp).

Step 3
Submit your application online
Submit your application at UNSW Apply Online, apply.unsw.edu.au. Click ‘Register now’ and fill out your details. Upload your supporting documents and pay your application fee.

Step 4
Track your application
Once you have submitted your application you will be able to easily track its progress via your Apply Online account. You will also be able to upload any additional documents we need.

Step 5
We will send you a letter of offer
We will notify you of the outcome of your application via email. If your application is successful, you will receive a full offer, or a conditional offer if more steps are required. If you are receiving assistance with your application, your nominated agent will also receive a copy of the email.

Step 6
Accept your offer
If you receive a full offer, you will also receive an email with a link to your personalised offer page. Your page will guide you through the process of accepting or deferring your offer. Once you have accepted and paid your deposit, you will receive an electronic Confirmation of Enrolment (eCoE).

Step 7
Enrol online
Once enrolment for your degree is available, you can enrol in your degree and courses online at Accept Online, acceptonline.unsw.edu.au.

Need help?
If you have any questions regarding your application, go to enquiry.unsw.edu.au.

Other ways to apply
You can also apply to UNSW at a conference or event where we are attending, or through a UNSW agent located in your country. Find out more at unsw.edu.au/study.

Application deadline
You should submit your completed application as early as possible to ensure it will be processed in time for your preferred term. Some high-demand programs such as engineering, and faculties with limited places such as Medicine & Health, may have an earlier application deadline or may have an earlier commencement date.

For more information go to applyonline.unsw.edu.au.

### Coursework scholarships

Supporting your ambitions

A wide range of scholarships are available to support students from around the world to succeed at UNSW.

#### UNSW postgraduate coursework scholarships

UNSW scholarships for international students provide financial support to cover some of the costs associated with studying at UNSW. Scholarships recognise students who demonstrate academic achievement or other outstanding qualities, such as leadership skills or contributions to the wider community. To be considered for a scholarship, you must submit a separate application in addition to your admission application.

### Other scholarship providers

There are many scholarships offered by organisations other than UNSW including the Australian government, industry partners, and organisations in your home country.

#### Australian government scholarships

Australia Awards are international scholarships and short courses funded by the Australian government. They offer the next generation of global leaders an opportunity to undertake study, research, and professional development.

For more information, visit [australiaawards.gov.au](http://australiaawards.gov.au).

---

**Step 1**

**Search**

Visit [scholarships.unsw.edu.au](http://scholarships.unsw.edu.au). Make sure you select ‘International’ in the residency search box to see the list of scholarships available to you.

**Step 2**

**Register**

Before applying for your chosen scholarship, first register an account by following the instructions on the page.

**Step 3**

**Apply**

To apply, log in using your registered login and password. Double check the requirements as some scholarships may have specific questions or require supporting documentation.

**Step 4**

**Submit**

Submit your application by the due date. Do not forget to check the website regularly for application deadlines and updates.

Please check our website regularly for any new scholarships that may become available.

For more information about UNSW Scholarships, visit [scholarships.unsw.edu.au](http://scholarships.unsw.edu.au).
Higher Degree Research

UNSW is one of the world’s leading research universities, known for innovative, pioneering research that has global impact.

By enrolling in a UNSW Higher Degree Research program, you will join a vibrant community conducting world-changing research, and you will be supervised by leading experts in your field.

You will live and work like a career researcher at every stage of your degree. You can publish, teach or travel; network with or be mentored by high achievers in your field; and build the skills, expertise and networks you need to succeed in the future.

A research career, not just a degree

UNSW prepares you for a career success as a researcher. When you join UNSW, you become an essential part of the research community and play a vital role in the University’s research culture, output and performance.

Our researchers are pioneers in both established and emerging fields. They solve complex problems and tackle some of the major challenges of our time. They will mentor and guide you to conduct innovative research in a world-class environment.

UNSW’s research facilities are some of the best in the business. From the world-leading Lowy Cancer Research Centre to the Mark Wainwright Analytical Centre, we invest in the latest technologies, spaces and equipment to support research excellence across all disciplines.

Through industry engagement, UNSW’s Higher Degree Research candidates have the opportunity to translate their research in collaboration with a range of industry partners. This includes small to medium-sized enterprises, entrepreneurs, investors, policy makers, community, and non-government organisations.

UNSW’s Graduate Research School delivers high quality, professional and engaged services to support Higher Degree Research candidates and the research training leaders who work with them.

Applying is easy

Step 1
View UNSW Higher Degree Research programs and check your eligibility at unsw.edu.au/research/hdr.

Step 2
Search for supervisors, projects and scholarships in your research area, and get in touch with the lead supervisor to gain their agreement to supervise you. Please note, some faculties require an Expression of Interest. Find a supervisor here: unsw.edu.au/research/hdr/find-a-supervisor. Browse our research projects here: unsw.edu.au/research/hdr/find-a-supervisor#researchprojects.

Step 3
Work with your supervisor to develop a description of your research interests, which should be approximately one page in length, and outline how you plan to address a specific problem.

Step 4
Prepare your supporting documents for submission. Documents include your supervisor’s agreement, research proposal, resume, academic transcripts, financial declaration and proof of English. Visit unsw.edu.au/research/hdr/application.

Step 5
Submit your application online and apply for a scholarship at the same time. Visit applyonline.unsw.edu.au.

Contact Us

The Graduate Research School can provide you with advice and support throughout the application process.

A wide range of scholarships are available for international Higher Degree Research candidates.

### Scholarships

Scholarships provide benefits such as annual living stipends and tuition fee cover, as well as funding and supplements for travel.

### Eligibility

Full scholarships are only available to applicants who meet UNSW admission requirements (including significant research experience). Scholarships are awarded using a merit-based, competitive process.

### Apply

You can apply for a scholarship within your online Higher Degree Research application.

## Available scholarships

**Australian Government Research Training Program (RTP) International Scholarship**

Based on outstanding academic merit and research potential, these awards provide successful applicants undertaking a PhD or research masters’ degree with a tax-exempt living stipend in addition to covering tuition fees for 3.5 (for PhD) or 2 (for masters) years. The RTP also provides some additional allowances.

**UNSW and home country joint scholarships**

Available to applicants from specific countries.

**Other scholarships**

There are a range of other scholarships and top ups available funded by faculties, donors, and external parties. Applicants should check the individual eligibility and application requirements.

**University International Postgraduate Award (UIPA)**

Based on outstanding academic merit and research potential, these awards provide successful applicants undertaking a PhD or research master’s degree with a tax-exempt living stipend in addition to covering tuition fees for 3.5 (for PhD) or 2 (for masters) years. The UIPA also provides some additional allowances.

**Tuition Fee Scholarship (TFS) plus a Research Stipend**

Based on outstanding academic merit and research potential, these awards provide successful applicants undertaking a PhD or research masters with a tax-exempt living stipend provided by the faculty, school or supervisor, in addition to covering tuition fees for 3.5 (for PhD) or 2 (for master’s degree) years.

English pathways

**Improve your English language skills for success.**
UNSW College’s Academic English Programs are designed to help you improve your skills so you can meet the UNSW English language entry requirements. They also prepare you for success at university and in your future career.

If you want to study an academic pathway program, or an undergraduate or postgraduate degree, there’s an English pathway for you.

**Advance with the help of experts**
- Study at Australia’s first university languages centre.
- Learn from over 50 years of experience in language teaching.
- Access world-class university facilities and social surroundings while studying at UNSW Sydney campuses.

**Gain direct entry to UNSW**
UNSW College’s University English Entry Course (UEEC) is designed specifically to help you meet the English language entry requirements for a UNSW degree. There are 10, 15, and 20-week courses available, depending on your level of English:
- Improve your academic English language, literacy and digital skills, giving you a strong head start at UNSW.
- Get direct entry to UNSW – 90% of UEEC graduates progress to UNSW.
- Prepare for university with UEEC – gain a range of learning skills, research and writing processes, access academic information and UNSW’s learning resources.
- Explore a wide range of global topics and issues through lessons and tasks that are based on authentic university lectures and readings.
- Develop collaborative and independent learning skills through hands-on, supportive lessons.
- Receive individual feedback every week, so you know exactly what to practise and how to improve.
- Build your confidence and practise communication for real university situations while you get to know UNSW.

For more information, visit [unswcollege.unsw.edu.au/ueec](http://unswcollege.unsw.edu.au/ueec)

</table>

*Note: Sub-scores may apply. Students who do not meet the entry requirements may be eligible to study the 10-week Essential Academic English Course prior to starting UEEC.*

Depending on your current level of English, there are different English pathway courses available to you.

- University English Entry Course (10, 15, 20 weeks)
- Tertiary Orientation Program (5 weeks)

**Tertiary Orientation Program**
If you have a full offer from UNSW and an IELTS 6.5 or equivalent, UNSW College’s Tertiary Orientation Program (TOP) will help you prepare for Australian university culture, understand requirements and develop academic English skills to maximise your success. This 5-week course will develop your academic communication and literacy skills and improve your cultural awareness.

**Prepare for life at UNSW**
- Develop and present strong academic arguments on issues in your field of study.
- Develop skills to manage university assignments, and learn to use academic search tools and UNSW learning resources.
- Prepare for university by developing your listening skills, and improving the fluency and speed of your reading.
- Become an independent learner and build your confidence through a range of communication activities.

For more information, visit [unswcollege.edu.au/study/tertiary-orientation-program](http://unswcollege.edu.au/study/tertiary-orientation-program)

*Indicative fees only

This guide shows indicative fees only because every student’s study choices are different, therefore, total costs will vary. Here are a few things to consider when calculating your expected fees.

**Fees are per course**

Fees for international students are set according to the course (subject) and not the program. The fees reflect the relative cost of delivering the course and are calculated per unit of credit (UOC). For example, a science course is likely to cost more than an arts course. Therefore, your total tuition fees will vary depending on which courses you choose.

**Fees vary each year**

Fees for courses (subjects) change from year to year. The tuition fees are for students commencing in 2023. The fees for 2023 are indicative only; fees may change during the program. Actual fees for 2024 will be released in late 2023.

For more information, visit [student.unsw.edu.au/fees](student.unsw.edu.au/fees)

**Estimating your tuition fees**

Estimates for each program are outlined in the faculties and postgraduate programs section, starting from page 134. You can also calculate your own expected fees by referring to the table above.

*Indicative fees only

Coursework program fees
A coursework master’s program will require 48 units of credit (UOC) per year, a graduate diploma will require 36 or 48 UOC per year, online study programs require 36 UOC per year, while a graduate certificate requires 24 UOC per year. Most courses (subjects) are 6 UOC.

A typical postgraduate program will include courses from within the faculty offering the degree. However, if you do choose courses from outside your faculty, they will be charged at the rate set by that faculty. As an example, the course Environmental Impact Assessment will be calculated using the Faculty of Science rate, which is AUD$910 per UOC in 2023.

Research program fees
The indicative tuition fees listed for research programs are for a standard full-time year of study, which is 48 UOC per year.

Some research degrees combine coursework with research. In this case, your research tuition fee covers the cost of these courses and you are not required to pay an additional fee.

Graduate diplomas by research are not classified as research degrees and fees are calculated using the value of individual courses undertaken.

For more information about the UNSW fees, including refund of fees and overpayments, visit [student.unsw.edu.au/fees-policy](http://student.unsw.edu.au/fees-policy)

Other study-related costs
Some programs and courses have costs which are additional to the tuition fees, such as costs relating to laboratory kits, equipment, and field trips. Textbooks are not considered compulsory, but we recommend budgeting around AUD$1,000 per year. A compulsory non-tuition fee of AUD$1,000 per year also applies.

An estimate of your total costs (tuition and other study-related costs) will be shown on your Confirmation of Enrolment Form (CoE) that will be issued on acceptance of an offer of admission to UNSW.

Living costs
Living costs vary depending on each student’s requirements. We estimate a single international student will need a minimum AUD$28,000 per year to cover general living expenses. This does not include the costs of large non-essential items like electrical equipment or a car. In addition, you will need at least AUD$3,400 when you arrive in Sydney to cover initial expenses such as a rental bond payment (security deposit), electricity, gas, and telephone connection fees, and basic furniture and household items.

Overseas student health cover
If you are in Australia on a student visa you will need to pay for health insurance through the Overseas Student Health Cover (OSHC) scheme and maintain insurance for the duration of your visa.

All international students must be covered by health insurance from the date they arrive in Australia until the date they depart, regardless of when they start or complete their program. It is your responsibility to ensure your health insurance policy matches your arrival and departure dates.

The only exception is for students from Belgium, Norway, and Sweden who are covered by CSN or Kammarkollegiet. These students will need to provide proof of official health insurance cover from their home government provider.

There are five registered providers of OSHC
The five registered providers are Medibank Private (UNSW’s preferred overseas student health cover provider), Allianz Global Assistance, BUPA Australia, NIB Health Funds Ltd and Australian Health Management.

Medibank OSHC will pay benefits towards your medical and hospital treatment, medically necessary ambulance transport, and most prescription medicines. Be aware that there may be some exclusions for pre-existing conditions, and you may have to serve a waiting period to receive some services.

Some services are not covered by Medibank’s policies. These include optical, physiotherapy, dental, and some pharmaceuticals. If you want to be covered for these expenses, you will need to take out additional insurance.

United States financial aid
We are authorised by the US Department of Education to administer Federal Direct Loans for eligible US students studying at UNSW. If you are eligible for this support, the UNSW Financial Aid Office will be able to help you with your application.

For more information, visit [unsw.edu.au/study/how-to-apply/fees/financial-aid](http://unsw.edu.au/study/how-to-apply/fees/financial-aid)

International student loans
If you are from Canada, Sweden, Norway, Denmark, or the UK and have applied for a student loan or a grant from your home country, we can help you certify your enrolment at UNSW.

Please send the Certification Form to financialaid@unsw.edu.au.

For more information, visit [unsw.edu.au/study/how-to-apply/fees/financial-aid](http://unsw.edu.au/study/how-to-apply/fees/financial-aid)
Supporting you in times of change

Deferrals

If you have a UNSW offer and need to defer to an alternative commencing term, please let us know as soon as you can, and we will support you in this process. If this is the case, we encourage you to avoid delaying your studies. Instead, take advantage of our flexible study options and start online to stay on track with your goals. Please note that any deferrals may affect a student visa or visa application.

For more information on deferrals, visit student.unsw.edu.au/deferral

Important information about online/distance learning

UNSW prides itself on being able to offer you flexible study options when you plan your course enrolment. Your student visa places certain limitations on the total number of Units of Credit (UOC) you can undertake online or by distance during your program and during each compulsory study period.

- 67% or more of your total program must be completed in a face-to-face setting.
- You must enrol in at least one face-to-face course in each compulsory study period.

If you are a US citizen or eligible permanent resident and are planning on using US Federal Direct Loans, you cannot undertake any online or distance courses to remain eligible for federal student aid.

For comprehensive information about online/distance learning, please visit student.unsw.edu.au/english

For the most up-to-date information on study options when you plan your course enrolment, please visit student.unsw.edu.au/degrees
