## 1. Guiding principles

The University's approach to poor scholarship and plagiarism is guided by the principles of:

- Fairness
- Consistency
- Timeliness
- Education

This approach is supported by the University's services to students aimed at understanding the importance of academic integrity and in developing academic skills to avoid poor scholarship or plagiarism. It also extends to modes of teaching, assessment design and efforts to deter, detect and manage poor scholarship and plagiarism at the University.

## 2. Roles and responsibilities

**APPENDIX A** outlines the roles and responsibilities for managing poor scholarship and plagiarism at the University.

## 3. Managing poor scholarship and plagiarism

Allegations of plagiarism arising from Research will be handled according to the University's [Research Misconduct Procedure](#).

Otherwise the process for managing poor scholarship and plagiarism is as follows. An overview of the workflow is set out in **APPENDIX B**.

### 3.1. Poor scholarship or plagiarism detected

- 3.1.1. The University's [Plagiarism Policy](#) describes the various forms of plagiarism.
- 3.1.2. The assessor(s) or marker(s) exercise their academic expertise and judgement to detect poor scholarship or plagiarism, enlisting the assistance of the Course Authority, where appropriate.
- 3.1.3. Schools should use technology tools that detect poor scholarship or suspected plagiarism, such as *Turnitin*, where assessable work can be submitted electronically.
- 3.1.4. Once poor scholarship or plagiarism is suspected, the matter is referred to the Course Authority and/or School Student Integrity Adviser (SSIA) for assessment.

### 3.2. Assess poor scholarship or level of plagiarism

- 3.2.1. The Course Authority and/or School Student Integrity Adviser (SSIA) will assess poor scholarship or level of plagiarism in the submitted work using:
  - a) academic expertise and judgement
  - b) technology tools (i.e. the percentage similarity between a student's submitted assessment and other sources), such as, *Turnitin*, as [a guide](#)
  - c) the UNSW plagiarism marking rubric<sup>1</sup> found in **APPENDIX C** which delineates poor scholarship and four levels of plagiarism.
- 3.2.2. According to the UNSW plagiarism marking rubric:
  - a) 'Poor scholarship', 'Minor', 'Moderate' and 'Significant' will be managed by the School according to sections 3.3 to 4.2 below; or
  - b) 'Serious' will be referred by the Course Authority (following consultation with the SSIA) or the SSIA to UNSW Conduct & Integrity Office (CIO), to manage as a potential Student Misconduct according to the [Student Misconduct Procedure](#).

---

<sup>1</sup> Adapted from *Plagiarism Reference Tariff*, Amber Project, plagiarismadvice.org, August 2010.

### **3.3. Advise student of poor scholarship or plagiarism and invite response**

- 3.3.1. The Course Authority/SSIA should advise the student of poor scholarship/ minor/moderate/significant level detected and proposed academic action. (Template 1: Notice to student in **APPENDIX D**)
- 3.3.2. The student will have five (5) business days to provide a response to the finding.
- 3.3.3. Where no response is received from the student within the stipulated time, the Course Authority may proceed with marking the submitted work.

### **3.4. Award a mark and notify student of outcome**

- 3.4.1. The Course Authority, following consultation with the SSIA, will mark the submitted work based on the information available (including any response received from the student).
- 3.4.2. The SSIA's advice should be based upon available information and the plagiarism marking rubric in **APPENDIX C**.
- 3.4.3. The Course Authority will:
  - a) notify the student by email of the outcome and any action to be taken (Template 2, **APPENDIX D**)
  - b) refer the student to Student Academic and Career Success, where the student will be offered further academic assistance (Template 3 **APPENDIX D**); and
  - c) record the mark.

### **3.5. Record instance of poor scholarship and plagiarism**

The Course Authority (or their delegate) will record the finding of poor scholarship/ minor/moderate/significant plagiarism on the UNSW Plagiarism Register within a week of notifying the student of the outcome. For information about the UNSW Plagiarism Register please contact UNSW Conduct & Integrity Office at [studentconduct@unsw.edu.au](mailto:studentconduct@unsw.edu.au).

## **4. Appeals**

### **4.1. Lodging an appeal for poor scholarship/minor/moderate/significant plagiarism**

- 4.1.1. A student may only lodge an appeal on the ground that the process followed by the School in determining poor scholarship or plagiarism lacked procedural fairness.
- 4.1.2. The purpose or scope of the appeal will not extend to a review of the merits of the decision.
- 4.1.3. Appeals must be submitted by email to the Head of School or delegate within 20 business days of the Notification of Outcome referred to in clause 3.4.3(a) above.

### **4.2. Managing the appeal**

- 4.2.1. The Head of School or their delegate, who was not involved in the initial decision-making process, will consider the appeal and determine the outcome.
- 4.2.2. The student is to be notified by the Head of School or their delegate of the outcome of the appeal within 10 business days of receipt of the appeal. The notification should include any action to be taken where an appeal is upheld. (see Template 4 in **APPENDIX D**).

## 5. Repeated instances of poor scholarship and plagiarism

- 5.1.1. UNSW Conduct & Integrity Office will regularly monitor the UNSW Plagiarism Register to identify repeated instances of poor scholarship and plagiarism by a student.
- 5.1.2. Repeated instances of poor scholarship and plagiarism by a student may constitute a breach of the UNSW [Student Code of Conduct](#) and will be managed by UNSW Conduct & Integrity Office as an allegation of Student Misconduct according to the UNSW [Student Misconduct Procedure](#).
- 5.1.3. Repeated instances of poor scholarship and plagiarism, regardless of level, may be considered Student Misconduct where the student has received previous findings and with an educative outcome.
- 5.1.4. Repeated instances that have been substantiated at or around the same time may be treated by Designated Officer within UNSW Conduct & Integrity Office as a single finding under this Procedure.

## 6. Procedural fairness

The following principles of procedural fairness apply in handling all cases managed under this Procedure:

- be unbiased in their decision making
- ensure that decisions are soundly based, relying upon relevant information
- ensure that students are afforded a fair hearing. This means inviting and considering student submissions, oral and/or written before a decision is made.

Matters should also be progressed promptly, and students should be advised of any likely delays on the part of the University.

## 7. Record keeping

All instances of poor scholarship and plagiarism must be recorded in the UNSW Plagiarism Register.

## 8. Confidentiality

Information gathered in the processes outlined in this Procedure are confidential and outcomes are not released to any external agency unless required by law or with the consent of the student.

Analysis and internal reporting of poor scholarship and plagiarism trends must be de-identified. Entries in the UNSW Plagiarism Register and the UNSW Student Misconduct Register may only be accessed by staff of UNSW Conduct & Integrity Office and nominated staff and affiliates located in Faculties and Schools.

## 9. Other matters

The University reserves the right to investigate and determine allegations of poor scholarship and plagiarism that may be outside the scope of this Procedure where they are considered by the University to be of a serious nature and which may adversely impact upon UNSW, its programs or other students.

Key requirements of procedural fairness include:

2. Ensuring that respondents are given a proper opportunity to respond to the allegations in an appropriate way before a decision is made (including detail of any mitigating circumstances)
3. That persons involved in deciding an outcome do not have any bias or conflict of interest
4. That a decision is based only upon relevant material.
