1. Preamble

1.1 Purpose

This policy provides an overarching framework to ensure that all digital media, including for the purposes of online learning and teaching, marketing, recruitment, and publicity, is produced, delivered and managed in a way which is consistent with the University's policies, UNSW Strategic Intent and the UNSW Brand.

1.2 Background

There is increasing use of digital media by UNSW. This includes its use as a means to disseminate content and to facilitate communication in the delivery of programs and open access learning; by academic staff to engage in public discourse in their fields of expertise; and by UNSW to promote the University, its activities and the activities of its staff. Examples include videos uploaded on the UNSW website and UNSWTV, online teaching via learning management systems, mobile applications, and the use of Facebook, Twitter, YouTube and other social media to communicate with prospective and current students and the general public.

UNSW encourages the use of digital media and at the same time must ensure that its content and use enhances the reputation of the University and is managed within a clear and accountable framework which is consistent with UNSW policy and procedures. This policy, with associated procedures and guidelines, sets out how the University manages the production, use and management of digital media.

The intention of this policy is not to inhibit appropriate innovation or creativity, and where a proposed innovation appears to be in conflict with this policy, an exception may be authorised by following the process identified in the relevant procedure.

2. Scope

This policy applies across the University to Content:

- a) developed for the dissemination, advancement, development and application of knowledge in the delivery of:
 - a. courses leading to a degree or other award of the University;
 - b. non-award courses;
 - c. executive education programs;
 - d. UNSW branded open access learning.
- b) developed for public discourse where staff identify as a member of the University. This policy is not intended to govern the activities of staff in their private capacity;
- c) used for the promotion of the University, its activities and its staff.
- d) which is developed either:
 - a. by staff. It does not apply to content developed by students unless they have been appointed as contractors to work on behalf of the University; or
 - b. on behalf of the University whether internally or by external parties.

This policy is not intended to apply to other forms of electronic information such as files or emails which are dealt with in accordance with relevant policy and procedures such as the *Electronic Recordkeeping Policy*.

3. Definitions

In this policy:

- Associated with the University** includes any implicit association, and where any association can reasonably be assumed.
- Content** means materials created for activities covered in the scope of this policy. In this policy content does not refer to conversational communications that accompany content on UNSW learning management systems. Such communications are dealt with under the staff *Code of Conduct*.
- Digital Media** includes, but is not exclusive to, content made available via video or other recording techniques, websites and information displayed on websites (which may be sourced from a database), social media and mobile applications.
- Staff or Academic Staff** means all employees of UNSW, including continuing, fixed-term and casual employees and persons who are engaged to perform work as contractors of UNSW, or any person who is voluntarily associated with the University.
- University Resources** means all resources including physical and information technology infrastructure and staff time.
- UNSW Brand** means the requirements set out in *UNSW Branding Requirements 2013* or superseding documents.
- UNSW Strategic Intent** means the Strategic Intent set out in *B2B Blueprint to Beyond UNSW Strategic Intent* or superseding documents.

4. Policy Statement

- 4.1 Content which is associated in any way with the University must be developed in a manner that is consistent with the University's policies, UNSW Brand and UNSW Strategic Intent.
- 4.2 Content must adhere to UNSW policies, procedures and guidelines which define quality standards including those relating to pedagogy, branding, accessibility, production value and presentation.
- 4.3 Developers of Content are responsible for:
- a) identifying which UNSW policies, procedures, standards or guidelines Content is governed by;
 - b) ensuring that Content is managed lawfully including obtaining appropriate consents and licenses for use of third party material and making appropriate acknowledgment of the contributions of others;
 - c) ensuring approved processes are followed through the full lifecycle from creation, dissemination, maintenance, preservation and archiving, and removal.
- 4.4 The creation and dissemination of Content must not:
- a) harm or diminish the University's reputation as a leading educational and research institution; or
 - b) conflict with the interests of UNSW.
- 4.5 Where University resources are used in the development of Content, they must be used accountably and responsibly.

5. Legal & Policy Framework

- 5.1 Intellectual property rights relating to the creation and production of Content will be dealt with in accordance with the *Intellectual Property (IP) Policy* and its related procedures and guidelines.
- 5.2 Dissemination of research Content will be managed as described in the *Research Code of Conduct*.
