CHeBA and the Dementia Landscape

Henry Brodaty
Scientia Professor
CHeBA, UNSW

Your brain. Your life.

UNSW
SYDNEY

2023 a bumper year for dementia research

- Three antibodies show success in Alzheimer's disease (AD)
- Blood tests for AD closer to clinical application
- Big data even bigger ... AUDEM
- Best results yet for prevention of dementia

Your brain. Your life.

UNSW
SYDNEY

Bumper year for CHeBA

- Vascular Contributions to Dementia - Centre for Research Excellence
- Maintain Your Brain dementia prevention trial results presented
- Purple food trial to prevent AD launch
- Memory and Ageing Study 2 launch

Your brain. Your life.

UNSW
SYDNEY

Bumper year for CHeBA

- **Functional Neurological Disorders Clinic launch**
- **WHO Blueprint for Dementia Research**
- **NSW Health Handbook for clinicians to assess and manage behaviours in dementia**

Your brain. Your life.

UNSW
SYDNEY

Bumper year for CHeBA

- CHeBA Advisory Committee established with Ita Buttrose AC OBE, Chair
- Ambassadors: PJ Lane, Edward Caser, Keri Kitay, Wayne “Rabbit” Bartholomew
- Ryman Prize to Perminder Sachdev

Dementia in Australia

2nd

leading cause of
death in **Australia**

\$15B

estimated cost
per year

What is CHeBA?

- CHeBA is a centre within Psychiatry / Clinical Medicine, UNSW
- *Our vision:* to achieve, through research, healthier brain ageing and better clinical care of age-related brain diseases
- *Our mission:* to conduct innovative research and provide the empirical basis to prevent and treat dementia and achieve healthy brain ageing for all Australians

Your brain. Your life.

UNSW
SYDNEY

Who are CHeBA?

- Over 60 people - students, PhDs, research assistants, post-doctoral fellows, early and mid-career researchers, associate/ full professors, a manager, innovation and communication team
- Drs, psychologists, OTs, physicist, data analyst, geneticist, biochemist, statisticians
- Range of nationalities, ages

Your brain. Your life.

UNSW
SYDNEY

What research occurs at CHeBA?

- Cohort studies: risk and protective factors
 - Memory and Ageing 1 & 2
 - Sydney Centenarian
 - Older Australian Twins

Your brain. Your life.

UNSW
SYDNEY

What research occurs at CHeBA?

- Prevention
 - Maintain Your Brain
 - Purple food / anthocyanin
 - Brain stimulation and cognitive training
 - MetMemory / metformin
 - Super-agers!

Dr Alice Powell

Karina Chan

Your brain. Your life.

UNSW
SYDNEY

Maintain Your Brain

Four basic modules

Physical activity

Nutrition

Brain training

Peace of mind
(Depression/anxiety)

Figure. Change in cognition (z-score) from baseline to three years by group

Your brain. Your life.

What research occurs at CHeBA?

- **Diagnosis**
 - Computerised cognitive testing
 - Computerised day-day function testing
 - Assessing non-native English speakers
 - Criteria for vascular cognitive disorders
 - Nanotechnology

Your brain. Your life.

UNSW
SYDNEY

What research occurs at CHeBA?

- **Neuroimaging**
 - The Brain Connectome
 - AI → Deep Learning
 - » Estimating brain age
 - » Normative modelling – mapping individual differences vs reference model
 - » Personalised medicine

UNSW
SYDNEY

Risk and protective factors

Environment v Genes

- Cohort studies
- Exercise
- Diet
- Alcohol
- Social health
 - SHARED, EU/NHMRC

Your brain. Your life.

UNSW
SYDNEY

Risk and protective factors

Environment v Genes

- **Genetics**
- **Epigenetics**
- **Proteins, apolipoproteins**

Your brain. Your life.

UNSW
SYDNEY

Clinical Care

- Australian Dementia Network (NHMRC)
 - Memory Clinics
 - Clinical Quality Register
- Post diagnostic care (EU/ NHMRC)
 - Living positively with dementia
 - www.ForwardWithDementia.org
- Functional Neurological Disorders

Your brain. Your life.

UNSW
SYDNEY

Clinical Care

- **Behaviours & Psychological Symptoms of Dementia (BPSD)**
- **Social skills training**
- **Carers**
 - App for carers for BPSD
 - Online assistant for Vietnamese, Chinese, Indonesian, Maori families

A Clinician's BPSD Guide 2023

*Understanding and helping people experiencing
changed behaviours and psychological symptoms
associated with dementia*

Grants awarded in 2023

- **NIH (USA): COSMIC & Dementias Platform Australia**
- **Department of Health: renewed funding ADNET**
- **Scientia Award: A/Prof Simone Reppermund**
- **DARF Fellowship: Dr Suraj Samtani**
- **William Gates Fellowship: Dr Jiyang Jiang**

PLUS 5 APPLICATIONS FOR 2024 (>\$12M/ 5 YRS)

- **Success rate low**
- **Grants funding always less than costs of research**

Your brain. Your life.

UNSW
SYDNEY

Nurturing future researchers

6 Honours students

21 PhD candidates

Early-/ Mid-career researchers

3 Awards for new researchers

Monthly journal club

Monthly seminar

Monthly neuropsychology session

Social gatherings

Your brain. Your life.

UNSW
SYDNEY

Media & Communications 2023

- 225 in Media
- Annual Report, Chronicle, Social Media
- Academic seminars, international conferences
- Professionals (GPs, psychiatrists, aged care)

Your brain. Your life.

UNSW
SYDNEY

Philanthropy and Fundraising

- Donations from individuals and Trusts and Foundations critical to our research – approximately \$1 million per year
- Wipeout Dementia over \$2.5 million since 2015
- Sydney Marathon and City 2 Surf

Your brain. Your life.

UNSW
SYDNEY

Future projects

- Gut microbiome & brain
- Social determinants of health in ageing
- National roll-out of MYB
- Memory clinic and behaviour care

Your brain. Your life.
