# Memory & Ageing Study 2 (MAS2)

Tiffany Chau  
Study Coordinator

MEMORY & AGEING  
STUDY 2

Your brain. Your life.

UNSW  
SYDNEY

# Background

4,200,000

Australians are  
aged 65 and over

ABS 2022

The number of older  
Australians is expected  
to continue to grow

65+  
years

Your brain. Your life.

## Why MAS2?

Generational shifts have occurred within the Australian population.

Older adults today have **more education**, access to more **health-related information**, and better **healthcare opportunities**.

“Researchers do not know what changes to expect in the rates of **age-related conditions** and in their **risk** and **protective factors**.”

— Scientia Professor Henry Brodaty,  
CHeBA, UNSW

Your brain. Your life.

# MEMORY & AGEING STUDY 2

Your brain. Your life.

UNSW  
SYDNEY

# MAS2 Aims

Generational change in  
Australians aged  
70-90 years old

Changes in risk factors  
for heart and brain  
disease and cognitive  
decline

Changes in the use of  
health services and  
health care

Your brain. Your life.

# MAS2 Participants

- Aged **70-90**
- Lives in Sydney's **Wentworth** or **Kingsford Smith** areas
- Need 1,500 participants

MEMORY & AGEING  
STUDY 2
