#### What is Wipeout Dementia?

Dementia is one of the biggest global public health challenges in history. With no cure, the answer lies only in research.

Wipeout Dementia is a key fundraising event of the Centre for Healthy Brain Ageing (CHeBA), with all funds raised going directly to innovative research into the prevention and treatment of Alzheimer's disease and other dementias.

The campaign brings together teams from across the property industry, captained by experienced Wipeout Dementia surfers. All team members fundraise in the weeks leading up to the event and then compete in a surf off on event day.

# Celebrating 10 Years of Wipeout Dementia in 2025

in 2015 –
13 events have been held

Over \$2.6 million has been raised

190 surfers have been involved

Traditionally held at beaches across
Sydney, the 10 Year event will see a new format

1999 ASP World Champion

OWEN WRIGHT

Olympic Bronze Medalist

FELICITY 'FLICK'
PALMATEER

Big Wave Surfer

# **Staggering Statistics**

It is estimated that **433,300 Australians** live with dementia.

2025

**433,300**Australians

This number is expected to increase to over **812,500 by 2054.** 

Dementia is the **second** leading cause of death of all Australians and the leading cause of death among women.

#### **CHeBA & Wipeout Dementia**

CHeBA is an international centre of excellence in multidisciplinary research into the ageing brain, with a vision of achieving, through research, healthier brain ageing and better clinical care of Alzheimer's disease and other dementias.

Research shows physical exercise has positive and protective effects on brain function, not only reducing risk of cognitive decline, but also increasing neuroplasticity. Wipeout Dementia surfers are seen as advocates of healthy brain ageing.

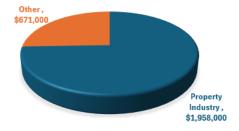

With the possibility of dementia affecting over 1.1 million Australians cumulatively by 2056, an increased investment in research is the best hope we have for the development of interventions to delay, stop, reverse or ameliorate the diseases that lead to dementia.

#### **Funds raised**

Wipeout Dementia has raised over \$2.6 million for CHeBA in 10 years of the event
