Research Translation Webinar: Social Isolation and loneliness amongst people aged 45 and over in Central and Eastern Sydney

The Centre for Primary Health Care and Equity, UNSW in collaboration with Sydney Local Health District (SLHD), South Eastern Sydney Local Health District (SESLHD) and Central and Eastern Sydney Primary Health Network (CESPHN) invite you to attend our one and a half-hour webinar.

The aim of the webinar is to: highlight research findings from the CES Primary and Community Health Cohort/Resource (CES-P&CH) to improve policy and practice, and to explore opportunities or activities to improve coordination of care and reduce isolation among people aged 45 years and over who are socially isolated.

More information, including the program, will be provided soon. If you require any further information or wish to discuss the event please contact A/Prof Margo Barr, Project Leader, CPHCE on margo.barr@unsw.edu.au or Katherine Meikle on z5268873@ad.unsw.edu.au.

Please let us know if you can attend by close of business on **Monday 23 May 2022** via the Teams link.
