# Acknowledgement of Country

We would like to Acknowledge the Bedegal (Kensington campus), Gadigal (City and College of Fine Arts Campuses) and Ngunnawal people (Australian Defence Force Academy in Canberra) who are the traditional custodians of the lands where each campus of the University is located.

## About us

UNSW Sydney is a world-leading university, driven by our mission to advance Progress for All globally, through transformative education, innovative research and meaningful engagement with people, communities and partners in Australia and around the world.

At UNSW, we are committed to our founding purpose and enduring responsibility to apply our talents, resources and renown for the greatest societal benefit.

We continue to drive innovative research that has relevance and impact, and to deliver world-class teaching that equips graduates with knowledge, experience and skills that lead to fulfilling careers and lives underpinned by a desire to make a difference.

Our University community demonstrates the immense potential of education, teaching, research and shared purpose to effect positive change locally and globally.

## A message from the Chancellor

You are now graduating from UNSW and we would like to celebrate with you.

It recognises not only the completion of a qualification, but the discipline, resilience and intellectual growth that have brought you to this point.

A degree from UNSW Sydney reflects rigorous preparation for a world defined by rapid change. You leave this University equipped to think critically, adapt with confidence and contribute thoughtfully to the communities and professions you enter. The challenges ahead are complex, but so too is your capacity to meet them.

You now join a global community of more than 400,000 alumni, connected by shared experience and shared purpose. The relationships formed here, and the sense of belonging they create, do not end with this ceremony. They strengthen over time.

I encourage you to remain engaged with the University and with one another. Your continued connection enriches both your own journey and the future of UNSW.

Congratulations on your achievement, and my very best wishes for what lies ahead.

**Warwick Negus**

Chancellor

## A message from the Vice-Chancellor and President

Congratulations on your graduation from UNSW Sydney. This award is a testament to your hard work and commitment to academic excellence during your time with us.

Today is both a celebration and a beginning. You graduate from one of the world's leading universities, joining a remarkable community of alumni who represent UNSW across Australia and around the globe.

Over many years, our graduates have built UNSW's reputation through their contributions in diverse professions and communities across the globe. Above all, they carry forward our commitment to advancing Progress for All. You are now part of that principled tradition.

As a fellow UNSW graduate, I share a pride in your achievements and anticipation of the positive impact you will have on the world. I know you will translate the energy, passion and courage that you brought to your time at UNSW into all your future endeavours.

Throughout your life's journey, you will always be a part of UNSW Sydney and your community will continue to take pride in your success.

**Professor Attila Brungs**

Vice-Chancellor and President

## Front cover and above: Dennis Golding - Between the land and water, 2024

*"The land in which UNSW (main campus) is based on holds great significance to the local Aboriginal people as it is saltwater Country that provides life sustainability, knowledge systems and space for cultural gatherings. Artist Dennis Golding takes inspiration of how the clans have used natural materials such as rock, plants, and shells to create cultural tools including flints, hooks, and nawis. These motifs are woven through a topographical patterning of the local coastline that frames the landscape and flows into the river systems (referencing all UNSW campuses). The artwork also shares how seaweed washes up to the local shores including Coogee, which in the local language refers to the 'drying or smelling seaweeds'. The lined patterns of land and water meet the seaweeds and bold lined pathways are woven in to acknowledge the many nations who live, work and travel across this region. Between the traditional practices, and the contemporary experiences of life on this Country, the artwork recognises how this country has been cared for, and how culture continues through deep listening, sharing stories and exchanging knowledge."*

## Heraldic Description of the Arms

*Arms of the University of New South Wales Granted by the College of Heralds, London 3 March 1952.*

*In 1994 the University Title was added to the Arms to create the University Symbol.*

## Heraldic Description of Arms

Argent on a Cross Gules a Lion passant guardant between four Mullets of eight points Or a Chief Sable charged with an open Book proper there on the word SCIENTIA in letters also Sable.

The lion and the four stars of the Southern Cross on the Cross of St George have reference to the State of New South Wales which brought the University into being; the open book with SCIENTIA across its page reminds us of its original purpose. Beneath the shield is the motto "Corde Manu et Mente", which builds on the motto of the Sydney Technical College, from which the University has developed. Adding "Corde" or "heart" to the original "Knowledge by Hand and Mind" motto is a representation of UNSW's diversity of thought, social impact, and inclusion, and our community and connections.

## The University Mace

The Mace is a symbol of the dignity and authority of the University. Originally it was a weapon capable of breaking through the strongest armour, and, according to the Encyclopedia Britannica, was carried in battle by mediaeval bishops so as to conform to the canonical rule that forbade priests to shed blood. Later, maces began to have a ceremonial function, though they were still intended to provide protection, usually to the king's person, and were carried by sergeants-at-arms.

The University's Mace is of simple form, constructed of stainless steel and embellished with silver. The Head, of sixteen satin-finished stainless steel ribs, is surmounted with a silver waratah, the floral emblem of the State of New South Wales, and in its horizontal bar are mounted four silver shields, two engraved with the arms of the State. The inner core has a scarlet velvet lining. The shaft is of eumung, a New South Wales timber, dark in colour, and terminates in a stainless steel tail.

The Mace was presented to the University on 6 December 1962 by the Broken Hill Proprietary Company Ltd.

## The History and Significance of Academic Dress

The history of academic dress reaches far back into the early days of the oldest universities. A statute of 1321 required that all 'Doctors, Licentiates, and Bachelors' of the University of Coimbra wear gowns. It is still a vexed question whether academic dress finds its sources chiefly in ecclesiastical or in civilian dress. Gowns may have been counted necessary for warmth in the unheated buildings frequented by mediaeval scholars, and the hood currently in use is the remnant of a garment, also a device against the cold, which could be pulled up over the head and kept in position with the tail wound around the throat. The type of academic headgear most commonly worn by graduates today is the mortar-board cap, also called the trencher cap, which dates back to the seventeenth century. It is also the custom of many universities for Doctors to be allowed to wear a distinctive type of headgear, either a round velvet bonnet, or a black velvet mortarboard, with the full dress gown.

As universities developed throughout the Commonwealth countries they mostly prescribed academic costume based on that established for the members of Oxford and Cambridge Universities, where the Chancellor and often other senior members wear a distinctive official gown and hat. Graduates are identified by the wearing of a gown and hood specifically prescribed for each degree and undergraduate students wear a distinctive gown and hat.

Notwithstanding the importance of the Oxford and Cambridge tradition of the gown and cap, it is the wearing of a hood by the graduate to indicate their degree which is the principal feature of the academic costume code.

The tradition of wearing academic dress continues in universities around the world and it is customary on ceremonial occasions, such as the Graduation Ceremony today, that the distinctive official costume of each person concerned be worn.

## Academic Dress

Academic dress of UNSW Sydney is available for purchase or hire from UNSW Arc's The Grad Shop.

## University Medal

The University Medal is a recognition by the University of outstanding academic achievement at the undergraduate level. The bronze medal carries on its face an engraving of the Arms of the University and on the reverse, within a wreath of laurels, is engraved the name of the recipient.

## UNSW Alumni | Progress Never Ends

UNSW Sydney has always been a springboard for progress. Driving progress through learning, teaching and research, all to leave our world a little better than we found it. The sharpest minds exploring the bravest ideas.

Every step you'll take after graduating from UNSW will stride towards progress.

No matter what path your career journey will take, we're proud to have played a part in it.

Our greatest achievements – breakthroughs in renewable energy, medical technologies and global equity initiatives – are the result of the work you will do in your communities every day. You have aspired to excellence and taken setbacks on the chin. Future generations of students will fill the same classrooms you did, face new challenges, inspired by the legacy you helped create.

As a UNSW graduate, you'll always have a place in a lifelong network of changemakers. Your uni days may be behind you, but our door is always open. Because there's always more to learn, there's always room to grow and there's always more progress to make.
