Units of Credit 6

Summary of the Course

This Course provides an Advanced level program in Korean language study from a communicative and task-based approach. The primary medium of instruction is Korean. Students continue to develop and extend their understanding and use of Korean morphology, lexis and syntax through reading, and discussion in Korean, of authentic Korean texts by utilising various reading strategies. Participation in a variety of writing, such as complex letters, literature responses, note taking, and essay writing. Includes systematic practice of seminar presentations in a wide range of communicative situations such as business and interview.

Topics includes interpersonal relations, entertainment industry, cultural heritage and business practices.

Course Learning Outcomes

1. Translate complex Korean dialogues or passages into English
2. Speak Korean using complex sentences, appropriate vocabulary, register and styles, and a variety of synonyms
3. Read complex texts to obtain information and ideas, and then use the information in a variety of contexts
4. Write formal and complex texts to describe activities, events and topics that relate to the life and work of Koreans
5. Explain the Korean cultural legacy from international perspectives

Teaching Strategies

Rationale:

This course is included to enable you to develop advanced communication skills that will enhance your practice as a competent communicator in Korean. It reflects a position that your practice within the field will require advanced levels of communication to enable ongoing development in various professional areas.

The teaching will be aligned with the aims, learning outcomes and assessment tasks of this course described above so as to achieve desired results. The language of instruction and communication is Korean so that you can develop your listening abilities. All the four language skills (listening, speaking, reading and writing) will be integrated throughout this course and both communicative and grammar-translation approaches will be adopted.

Teaching Strategies:

The course involves face-to-face lectures and tutorials and online or language lab exercises. In the lectures, grammatical and cultural topics to be covered during the week will be presented and explicated. In the tutorials, you will be assigned complex tasks in the four language skill areas. These tasks will include reading and analysing a variety of texts, delivering oral presentations about the topics being covered in the week, viewing and discussing films and other visual materials and writing various types of texts on Korean topics. Some reading and writing activities will be set to help you doing your essay
assignment on topics related to a linguistic and socio-cultural aspect of Korea. The online materials will provide you with explicit vocabulary, sentence patterns and other written exercises for which you will be provided immediate feedback.

The course uses a range of teaching strategies, including task-oriented activities in pairs and groups, and class and small group discussions. In this process, you will be able to communicate for information, ideas and arguments both orally and in writing. You will gather and organise information from the textbook and a wide range of written materials, audio-visual (DVD, Video, etc) and electronic (internet, etc) sources. This process will also enable you to use IT (Korean word processor, Korean web links, etc) effectively as a means of communication and as an aid to language learning as well as independent learning.
Assessment

Assessment 1: Vocabulary quizzes

Submission of Assessment Tasks

Turnitin Submission

If you encounter a problem when attempting to submit your assignment through Turnitin, please telephone External Support on 9385 3331 or email them on externalteltsupport@unsw.edu.au. Support hours are 8:00am – 10:00pm on weekdays and 9:00am – 5:00pm on weekends (365 days a year). If you are unable to submit your assignment due to a fault with Turnitin you may apply for an extension, but you must retain your ticket number from External Support (along with any other relevant documents) to include as evidence to support your extension application. If you email External Support you will automatically receive a ticket number, but if you telephone you will need to specifically ask for one. Turnitin also provides updates on their system status on Twitter.

Generally, assessment tasks must be submitted electronically via either Turnitin or a Moodle assignment. In instances where this is not possible, it will be stated on your course’s Moodle site with alternative submission details.

Academic Honesty and Plagiarism

Plagiarism is using the words or ideas of others and presenting them as your own. It can take many forms, from deliberate cheating to accidentally copying from a source without acknowledgement.

UNSW groups plagiarism into the following categories:

**Copying:** Using the same or very similar words to the original text or idea without acknowledging the source or using quotation marks. This includes copying materials, ideas or concepts from a book, article, report or other written document, presentation, composition, artwork, design, drawing, circuitry, computer program or software, website, internet, other electronic resource, or another person’s assignment without appropriate acknowledgement.

**Inappropriate paraphrasing:** Changing a few words and phrases while mostly retaining the original information, structure and/or progression of ideas of the original without acknowledgement. This also applies in presentations where someone paraphrases another’s ideas or words without credit and to piecing together quotes and paraphrases into a new whole, without appropriate referencing.

**Collusion:** Working with others but passing off the work as a person’s individual work. Collusion also includes providing your work to another student for the purpose of them plagiarising, paying another person to perform an academic task, stealing or acquiring another person’s academic work and copying it, offering to complete another person’s work or seeking payment for completing academic work.

**Inappropriate citation:** Citing sources which have not been read, without acknowledging the "secondary" source from which knowledge of them has been obtained.

**Duplication ("self-plagiarism"):** Submitting your own work, in whole or in part, where it has previously been prepared or submitted for another assessment or course at UNSW or another university.

**Correct referencing practices**

The **UNSW Academic Skills support** offers resources and individual consultations. Students are also reminded that careful time management is an important part of study. One of the identified causes of plagiarism is poor time management. Students should allow sufficient time for research, drafting and proper referencing of sources in preparing all assessment items.

UNSW Library has the **ELISE tool** available to assist you with your study at UNSW. ELISE is designed to introduce new students to studying at UNSW but it can also be a great refresher during your study. Completing the ELISE tutorial and quiz will enable you to:

- analyse topics, plan responses and organise research for academic writing and other assessment tasks
- effectively and efficiently find appropriate information sources and evaluate relevance to your needs
- use and manage information effectively to accomplish a specific purpose
- better manage your time
- understand your rights and responsibilities as a student at UNSW
- be aware of plagiarism, copyright, UNSW Student Code of Conduct and Acceptable Use of UNSW ICT Resources Policy
- be aware of the standards of behaviour expected of everyone in the UNSW community
- locate services and information about UNSW and UNSW Library
