Supervising Teacher process for concerns regarding student performance on placement

Are there concerns about the student’s pedagogical or professional skills and knowledge?

- No
  - Student to continue with placement
- Yes
  - Is the concern of a serious nature?
    - No
      - Have you addressed your concerns with the student and provided feedback?
    - Yes
      - Has the student taken action from your feedback?
        - No
          - Provide specific feedback to student
        - Yes
          - Has the student demonstrated sufficient improvement to meet the expectations for the stage of placement? (See relevant Evidence of Professionalism form)
            - No
              - Has another teacher observed the student’s teaching and provided feedback to the student?
                - No
                  - Ask your head teacher or a senior teacher to observe the student
                - Yes
                  - Do you both agree the student requires further remediation?
                    - No
                      - Do you both agree the student is now meeting the requirements?
                        - No
                          - Seek advice from the school-based placement coordinator. The university liaison may be contacted for a third opinion.
                        - Yes
                          - See WIL008 Procedure for Teacher Education Student requiring additional support and/or at risk of failure
                      - Yes
                        - Student continues the placement under supervision
            - Yes
              - Do you both agree the student requires further remediation?
                - No
                  - Do you both agree the student is now meeting the requirements?
                    - No
                      - Seek advice from the school-based placement coordinator. The university liaison may be contacted for a third opinion.
                    - Yes
                      - See WIL008 Procedure for Teacher Education Student requiring additional support and/or at risk of failure
