Professional Experience 1 Report

INSTRUCTIONS TO SUPERVISING TEACHER

This Professional Experience Report is to be completed at the end of that placement or placements identified by this institution as providing developmental opportunities in relation to the Australian Teacher Standards for graduates. The Professional Experience Overview contains advice of this professional experience placement and where it fits with other placements in the Teacher Education Student program as well as information of the teaching demands of Teacher Education Students. Supervising Teachers should refer to the accompanying [Evidence Guide](#) before completing this report. Teacher Education Students are to be assessed for each standard/requirement as either:

WT = Working towards

D = Demonstrated

E = Exceeded expectations

Please do NOT USE N/A or leave a Standard empty.

Using N/A or leaving a Standard empty in this report means students have not met requirements and will not be eligible for graduation.

If a student has not had the opportunity to demonstrate any of the standards an assessment on their understanding of the standards will be sufficient. The student may demonstrate their understanding against a standard through a discussion with the Supervising Teacher. Please assess demonstration of understanding against the standard, when necessary.

If Standards are not able to be demonstrated, please provide an explanation in the appropriate comment section. The overall assessment is either Satisfactory or Unsatisfactory.

This document is to be signed by the Supervising Teacher, the Teacher Education Student, and a third party overseeing the Professional Experience placement. This may include a Principal, Vice-principal, Assistant Principal, Head of Faculty, Executive, or other Nominee.

Upon completion, please return the Final Report to the Teacher Education Student who will upload it via our Learning Management System Moodle no later than ten (10) working days after completion of the professional experience placement.
