4. RATIONALE FOR THE INCLUSION OF CONTENT AND TEACHING APPROACH

This course is being offered to provide students with an opportunity to undertake literature review in a specific area of education of their choice. The course will also enable students to develop a deeper reflective approach to education and give them a foundation in working autonomously with guidance from an academic supervisor.

5. TEACHING STRATEGIES

The course will initially use explicit instruction designed to stimulate student thinking because there are a number of issues that students will need to address so that the review of literature can become practicable and feasible and also, group discussion and activities designed to increase the capacity and capability of students for conducting a literature review.
