SUMMARY OF COURSE

This course is a core requirement for qualified practicing teachers, who wish to gain a formal qualification in the area of special education and who already have the approved subject knowledge background in the field. This course comprises 25 days of advanced professional practice, including high-level teaching, observation and critical reflection in the area of special education, together with peer observations and school-based fieldwork. It provides a teaching method at a more advanced level of complexity and depth than that is offered in pre-service courses, ensuring all graduates of the program meet the Australian Professional Standards for Teachers. This professional practice course is usually undertaken in conjunction with the completion of the co-requisite courses EDST5106 Behaviour Management, EDST5129 Transitions, EDST 5113 Autism Spectrum Disorders: Educational Practices, EDST5111 Intellectual Disabilities, and EDST5138 Inclusive Education.

THE MAIN WAYS IN WHICH THE COURSE HAS CHANGED SINCE LAST TIME AS A RESULT OF STUDENT FEEDBACK:

- There is no formal feedback for this course, however, student feedback in the past should be noted:
 - “Make sure students organise their practicum placement where possible for speed and convenience”.

STUDENT LEARNING OUTCOMES

Outcome		Assessment/s

6	Ethical and responsible professional practice Demonstrate an advanced capacity to recognise and negotiate the complex and often contested values and ethical practices that underlie education	1, 2

4. RATIONALE FOR THE INCLUSION OF CONTENT AND TEACHING APPROACH

Field - based work is a critical component of effective teacher education, not only providing an essential forum for generating concrete problems and issues and applying new knowledge and skills, but also enabling the development of an integral link between theory and practice. The equivalent 25 days of teaching practice is also a mandated component of any specialist teaching method for schools and adult educational institutions nationally. **You must have current accreditation to teach in NSW schools to undertake this course.**

5. TEACHING STRATEGIES

Students learn best when they are engaged and given an appropriate level of challenge; when their prior experience and knowledge is valued and built upon; when they are expected to take responsibility for their own learning; and when they work collaboratively with their peers.

Thus, teaching strategies used during the course will include:

- Small group cooperative learning to address teaching and learning goals;
- Structured occasions for reflection on learning to allow students to reflect critically on and improve teaching practice;
- Extensive opportunities for whole group and small group dialogue and discussion, allowing students the opportunity to demonstrate their capacity to communicate and liaise with the diverse members of an education community, and to demonstrate their knowledge and understanding of method content.
- Online learning from readings and web links on the Moodle website and associated web-based resources.

These activities will occur in a classroom climate that is supportive and inclusive of all learners.

6. COURSE CONTENT AND STRUCTURE

NOTE: This course is a responsive blended face to face and field-based course so reliable and easy access to the internet is essential. Students must be teaching in their area of specialisation.

There will be an introductory workshop, followed by three further two-hour meetings with a workshop leader and a group of students enrolled in the same specialisation. The workshop leader is also responsible for all assessment and teaching practice visits of students in that specialisation.

Assessment Details

Assessment 1 – due 5pm 4 October 2019:

A written IEP and Behaviour Plan for one student, to be completed by the (templates provided if necessary, however you may use your school templates if they are available).

Assessment 2 – due 5pm 29 November 2019:

Assessment 2 requires you to demonstrate your successful classroom performance and your ability to operate independently both within the classroom and within the wider school community as judged by UNSW staff. This will be done by the satisfactory completion of:

- (a) lesson plan logbooks that includes three lesson plans of the best lessons THAT YOU HAVE TAUGHT along with three observations of classes THAT YOU HAVE OBSERVED. The observation form is provided on Moodle,
- (b) 25 self-evaluations (one for each day) at the end of each lesson. You will provide this in the form of a short paragraph of how the lesson went and what can be done to improve it if necessary. The self-evaluation form is provided on Moodle,
- (c) AT LEAST one peer-evaluation (a form will be provided),
- (d) a reflective problem-solving diary. You are expected to define one challenge they you are facing in your classroom. This challenge could be academic, behavioural, or institutional. You need to study the identified issue in the current professional literature (5 peer-reviewed journal articles minimum, published between 2010-2019) and prepare an action plan. You will then evaluate the success of your intervention in your reflective problem-solving diary. The template is provided on Moodle.

You will also need to submit completed and signed copies (by your mentor) of the attendance record form and evidence of professionalism form.

* Please note all assessments must be passed in order to pass the course.
