SUMMARY OF THE COURSE
This course prepares student teachers for the teaching of Geography in secondary schools in NSW.

THE MAIN WAYS IN WHICH THE COURSE HAS CHANGED SINCE LAST TIME AS A RESULT OF STUDENT FEEDBACK:

- Students requested more explicit instruction with regards to completing academic documentation such as Scope and Sequences and Units of Work. This has been built into the early weeks of the course.
- Previous students were very positive about the inclusion of opportunities to mark student work and as such there will be multiple opportunities to review student work in 2020, and Method Students will be given feedback on these exercises.
- Students continue to request exposure to class resources. Classroom resources will be showcased each week in 2020.
## STUDENT LEARNING OUTCOMES

4. RATIONALE FOR THE INCLUSION OF CONTENT AND TEACHING APPROACH

Student-centred activities will form the basis of the course. These activities will draw on the prior knowledge of the students and will allow them to engage in relevant and challenging experiences that mirror those they will be expected to design for the secondary students they will later teach. The lectures and tutorials are designed to be supportive and friendly, as students are more engaged and learn better if they can have fun whilst learning.

5. TEACHING STRATEGIES

- Small group cooperative learning to understand the importance of teamwork in an educational context and to demonstrate the use of group structures as appropriate to address teaching and learning goals
- Some explicit teaching, including lectures, to demonstrate an understanding of students’ different approaches to learning and the use of a range of teaching strategies to foster interest and support learning
- Structured occasions for reflection on learning to allow students to reflect critically on and improve teaching practice
- Extensive opportunities for whole group and small group dialogue and discussion, allowing students the opportunity to demonstrate their capacity to communicate and liaise with the diverse members of an education community, and to demonstrate their knowledge and understanding of method content.
## 6. COURSE CONTENT AND STRUCTURE

<table>
<thead>
<tr>
<th>Module</th>
<th>Lecture Topic</th>
<th>Tutorial Topic</th>
</tr>
</thead>
</table>
| 1      | On being a Beginning Geography Teacher | **Tutorial**: Biography, motivation and expectations: Why you are here affects where you’ll end up  
**Teaching Strategy Focus**: Getting to know your students and making sure they know each other  

*National Priority Area Elaborations A4-A5, B1* |
| 2      | The NESA Geography Syllabus 7-10 and its link to Stage 3 HSIE | **Tutorial**: Programming in Junior Geography/ICT ideas  
**Teaching Strategy Focus**: Group work  

*National Priority Area Elaborations A8* |
| 3      | Senior Geography Syllabus – Year 12 Course | **Tutorial**: Issues in programming for a differentiated curriculum  
**Teaching Strategy Focus**: Group Work  
**Microteaching**

7. RESOURCES

TPACK (created by Dr. Matthew Koehler and Dr. Punya Mishra http://www.tpack.org/), Technological Pedagogical Content Knowledge (TPACK) is a framework that identifies the knowledge teachers need to teach effectively with technology.

SAMR (created by Dr. Ruben R. Pumentedura); provides a framework to answer the question of what types of technology use would have greater or lesser effects upon student learning.

Rural & Distance Education NSW: A local resource presenting both frameworks, http://rde.nsw.edu.au/tpack-samr

Reflections of pre-service teachers, http://www.ttf.edu.au/psts-talk.html; this series of video clips shows the reflections of several pre-service teachers each of whom trialled one of the twelve Teaching Teachers for the Future (TTF) Australian Curriculum resource packages with a practicum class. At the end of their lesson the pre-service teachers were invited to reflect on the experience of working with the resource package and adapting it to their class situation. They were also asked to reflect on their understanding of TPACK.

Student teachers are encouraged to set up their own blog (It is free) at Edublog , http://edublogs.org/ to create and share resources and lessons they create.

Submission of assessments

Students are required to follow their lecturer’s instructions when submitting their work for assessment. All assessment will be submitted online via Moodle by 5pm. Students are also required to keep all drafts, original data and other evidence of the authenticity of the work for at least one year after examination. If an assessment is mislaid the student is responsible for providing a further copy. Please see the Student Policies and Procedures for information regarding submission, extensions, special consideration, late penalties and hurdle requirements etc. https://education.arts.unsw.edu.au/students/courses/course-outlines/
Assessment Details

Assessment 1 (2 000 wd eq, 40%)

Due Date: 5pm, Thursday March 26th, 2020 (Online submission via Moodle)

Plan and design one 60-minute lesson for a mixed-ability Stage 4 class. The lesson plan must follow a standard SED format and be presented using the template provided.

Plan your lesson for a class in a comprehensive high school which would typically include EAL/D students, Indigenous students and students with various religious and cultural backgrounds. Some students may have low levels of literacy. Differentiation to cater for some students is therefore required. Appropriate differentiation strategies are scaffolding, group work and/or an alternative task or mode of presentation.

1. Write a rationale for your lesson plan. Your rationale should address the questions: What do I want the students to learn? Why is it important? What strategies will I use? What assessment for learning strategies will I use to monitor progress?

2. Prepare the lesson plan to demonstrate how you will use appropriate structure, activities, strategies and formative assessment to develop understanding of the material.

Make sure you

- choose an appropriate topic for the year group
- support your rationale using references indicating your professional reading
- choose appropriate outcomes and lesson content
- demonstrate knowledge of effective teaching and learning strategies
- use appropriate format and provide sufficient detail for an effective lesson plan
- include an aspect of literacy/numeracy which integrates with the lesson focus
- provide in full one activity (which may be ICT-based)
- express yourself in clear, standard Australian English.

Assessment Criteria for the written component

- design effective lesson sequences suitable for a variety of Stage 4 students
- plan a logical, sequential, cohesive unit of work
- write with clarity and accuracy of written expression in sufficient detail to show understanding of each activity
- use a variety of pedagogies appropriate to the material to be delivered
- show knowledge of the NESA Geography syllabus and curriculum documents
Assessment 2 (3500 wd eq, 60%)

Due Date: 5pm, Thursday May 7th, 2020 (Online submission via Moodle)

Prepare an outline for a unit of work for a Stage 5 class. The unit of work should cover the first five lessons; however, you are not preparing full lesson plans.

You must write a rationale for the unit (600-800 words) in which you

• Provide a brief outline of the school and class context
• State precisely what you want the students to learn and why it is important
• Justify your choice of topic/text to suit the needs and abilities of this class
• Justify your teaching strategies by referring to readings, research and material presented in lectures and the Quality Teaching framework
• Demonstrate how differentiation will support a diverse range of learners
• State the prior knowledge students have to begin this unit and discuss how you would assess and build on this prior knowledge.

Include in your unit outline

• The learning intentions for each lesson
• One full activity for formative assessment (not an essay)
• One ICT-based activity (not watching a video or PowerPoint presentation)
• One group-work task with a focus on literacy/numeracy (not a mind-map)
• One incursion/excursion/performance/product activity
• Outlines only for the other teaching materials required.
HURDLE REQUIREMENT

ASSESSMENT 3 - MICROTEACHING

Microteaching is the planning, presentation and evaluation of a lesson over a shortened period of time (a 10-minute mini-lesson). It is a critical aspect of method as it provides students with the opportunity to demonstrate key competencies that must be achieved before student teachers are permitted to undertake Professional Experience 1, at the same time observing other student teachers and engaging in peer review. It is recommended that students read widely on effective classroom strategies and practise aspects of their mini-lesson with a small group of peers prior to assessment.

The assessment process will consist of the following two components:

1. A detailed lesson plan using the prescribed SED template, including a statement of expected learning outcomes
2. A 10 minute mini-lesson

Initial Lesson Plan: All students must submit to the method lecturer their proposed lesson plan at least one week prior to the presentation. This will be returned with comments on the suitability of the proposal.

Microteaching: This will be assessed according to the attached criteria, and will be graded as Satisfactory or Unsatisfactory. Any student whose first microteaching episode is judged as unsatisfactory will be given a further (one only) opportunity to gain a satisfactory grade.

NOTE: If a student is assessed as unsatisfactory in microteaching s/he will automatically fail Method 1 overall, and not be permitted to undertake Professional Experience or any further method work in that teaching area until the key concerns have been resolved.
## UNSW SCHOOL OF EDUCATION
## FEEDBACK SHEET

### Student Name: 
### Student No.: 
### Assessment Task 1

<table>
<thead>
<tr>
<th>SPECIFIC CRITERIA</th>
<th>(-)</th>
<th>(+)</th>
</tr>
</thead>
</table>

### Learning Goals
- Ability to identify a clear and appropriate learning goal
- Ability to link this goal to appropriate syllabus outcomes

### Lesson Sequence
- Ability to sequence and scaffold activities in a manner that would promote effective learning

### Lesson strategies
- Learning strategies are appropriate for the Legal Studies class and for the topic

### Differentiation Strategies
- Ability to incorporate appropriate differentiation strategies

### Assessment Strategies
- Ability to incorporate appropriate assessment for learning strategies

### Use of English
- Ability to use standard Australian English clearly and effectively

### GENERAL COMMENTS

**Recommended:** /20 (**FL PS CR DN HD**) 
**Date** 
**Weighting:** 40%

**NB:** The ticks in the various boxes are designed to provide feedback to students; they are not given equal weight in determining the recommended grade. Depending on the nature of the assessment task, lecturers may also contextualize and/or amend these specific criteria. The recommended grade is tentative only, subject to standardisation processes and approval by the School of Education Learning and Teaching Committee.

## Microteaching Feedback Form for Pre-service Teacher

### STUDENT TEACHER

<table>
<thead>
<tr>
<th>Name:</th>
<th>zID:</th>
<th>Date:</th>
</tr>
</thead>
</table>

### Details

<table>
<thead>
<tr>
<th>Method</th>
<th>Topic/level</th>
<th>Details</th>
<th>Standards</th>
</tr>
</thead>
</table>

#### A. Teachers know their subject content and how to teach that content to their students (AITSL Standard 2)

- Was the lesson or unit of work relevant to the needs of the students and based on the appropriate syllabus document requirements? (1.3.1, 2.3.1)
- Was knowledge of relevant concepts, topics and themes demonstrated, including ATSI perspectives? (2.1.1, 2.4.1)
- Were relevant linguistic structures and features and literacy/numeracy knowledge and skills integrated into the lesson? (2.5.1)
- Was a clear and coherent sequence of activities undertaken to engage and support the learning of all students within a class or cohort? (2.2.1, 3.2.1)
- Were the teaching resources and materials suitable for the aims of the lesson? (2.1.1)
- Were tasks required of students modelled and scaffolded? (2.1.1, 3.3.1)

#### B. Teachers plan for and implement effective teaching and learning (AITSL Standard 3)

- Were challenging yet realistic and achievable goals in teaching and learning activities planned? Were these explicitly articulated in the lesson plan/to students? (3.1.1)
- Were instructions, explanations and questioning techniques effective? (3.3.1)
- Were verbal and non-verbal communication strategies used effectively in the classroom to support student understanding of content and encourage participation and engagement of students? (3.5.1)
- Was students’ understanding continually monitored and students’ achievements of the learning outcomes noted? (3.6.1)

#### C. Teachers create and maintain supportive and safe learning environments (AITSL Standard 4)

- Was rapport with the learners established and responsiveness to their needs in the class demonstrated? (4.1.1)
- Were activities well organised and direction clear? (4.2.2)
- Was respect and appreciation of others demonstrated through active listening, being accessible to all students and exhibiting a caring attitude? (4.1.1, 4.4.1, 1.1.1)
