SUMMARY OF COURSE

This course gives Teacher Education Students the opportunity to develop practical knowledge and skills regarding teaching and how a diverse range of students learn through structured observations and active participation as a teaching assistant in a school.

The course consists of an online orientation, an online forum, and 15 days structured fieldwork in a school. Teacher Education Students will be placed in a school for 15 days of fieldwork as a teaching assistant in a secondary school (which may include learning support / a gifted program).

CHANGES SINCE LAST COURSE AS A RESULT OF STUDENT FEEDBACK:

- Links to the new Professional Experience website have been added to this outline, as well as the course Moodle, so that students can quickly access required documents.

4. RATIONALE FOR THE INCLUSION OF CONTENT AND TEACHING APPROACH

This course gives second year BEd students the opportunity to observe and participate in student learning in NSW schools, to experience the diverse range of students and how they learn, and to begin to develop practical knowledge and skills necessary for successful professional teaching. The course also comprises the first 15 days of the 80+ days of supervised professional experience required to gain accreditation as a teacher in Australia.
**5. TEACHING STRATEGIES**

Professional engagement consists of structured observations and activities that allow Teacher Education Students to engage with teaching and learning in an educational setting. The orientation and online forum are designed to support this engagement. These activities will occur in a climate that is supportive and inclusive of all learners.

**6. COURSE CONTENT AND STRUCTURE**

The course consists of an online three-hour orientation session that includes child protection and anaphylaxis training as well as an introduction to the work integrated learning curriculum in the School of Education. Please check your timetable and course Moodle for the recorded orientation online session.

*Please note:*

Attendance at the orientation is compulsory. Failure to attend may result in immediate withdrawal of school placement.

**Assessment Details**

Students are required to follow their lecturer's instructions when submitting their work for assessment. All assessment will be submitted online via Moodle. Students are also required to keep all drafts, original data and other evidence of the authenticity of the work for at least one year after examination. If an assessment is mislaid the student is responsible for providing a further copy. Please see the Student Policies and Procedures for information regarding submission, extensions, special consideration, late penalties and hurdle requirements etc. [https://education.arts.unsw.edu.au/students/courses/course-outlines/](https://education.arts.unsw.edu.au/students/courses/course-outlines/)
Assessment task 1: Teaching assistance and forum posts

Description:

During your fieldwork as a teaching assistant you will support a regular classroom teacher and observe how students learn; how literacy and numeracy skills develop; how effective teachers work with their students; and how schools function as organisations. You will be asked to work with small groups of students or individuals within the classroom or in a homework club. You will also have the opportunity to observe your classroom teacher/s, and will conduct a range of informal observations focused on the Australian Professional Standards for Teachers. You will post your responses to seven different Question and Answer forums on the course Moodle and reply to at least one other post from another student in each of the seven forums. The completion of the forum posts and responses is a hurdle requirement. You will not pass this course unless you post to each of the seven forums and write a response to at least one other post from another student in each of the seven forums.

Assessment task 2: Evidence of Professionalism Report

Description:

As a Teacher Education Student you are required to act in a professional manner at all times during the fieldwork placement. This includes maintaining satisfactory attendance; being punctual; dressing appropriately; cooperating with staff; demonstrating high-level language usage, literacy, and numeracy skills; undertaking a range of structured observations; actively participating in class; working collaboratively in the school environment; and demonstrating attitudes and actions that are appropriate and aligned with the core standards and codes of conduct in the teaching profession. Evidence of professionalism is a hurdle requirement and is assessed by the Cooperating teacher.

The Evidence of Professionalism Report is the responsibility of the Cooperating teacher(s). The report is written collaboratively where there are two or more cooperating Teachers. This report needs to be discussed with the Teacher Education Student prior to it being signed. The report should be consistent with strengths/areas for concern discussed throughout the Professional Engagement placement.

The Cooperating teacher/s will assess each Teacher Education Student against the Graduate Teacher Standard descriptors included here as well as the key attributes. The teacher education student will build their understanding of the selected graduate standard descriptors through participation in online forums as well as through observation of teaching whilst on this experience. The teacher education student should be able to discuss their understanding of these descriptors when you ask them. For each standard descriptor and key attribute, the level of achievement is assessed as:

- ND: Not Demonstrated
- WT: Working Towards
- D: Demonstrated

The Cooperating teacher/s is also asked to provide a qualitative comment on the degree of professional engagement the Teacher Education Student demonstrated during the 15 days of Professional Engagement placement.

The overall result for EDST 2002 is graded Satisfactory or Unsatisfactory.

It is your responsibility as the student to ensure the Evidence of Professionalism Report and Attendance Records are completed properly and signed in all of the required areas. You are to submit both of these documents to the Moodle assessment submission box in the After Prac section.
