SUMMARY OF COURSE

This course is designed to inculcate and infuse the student with a theoretical and practical understanding of the current BOSTES Economics curriculum, pedagogy and assessment strategies. Complementing this is recognition of the need to honour the concepts of differentiation, equity, cultural diversity and the various forms of literacy within planning, organising, leading and controlling of classroom practices and activities.

THE MAIN WAYS IN WHICH THE COURSE HAS CHANGED SINCE LAST TIME AS A RESULT OF STUDENT FEEDBACK:

- More structure to be provided to students on the course and how the many elements fit to make a whole.
- Clear structure for each week including learning intentions.

STUDENT LEARNING OUTCOMES

Outcome	
1	Identify foundational aspects and structure of the NSW Board of Studies Economics Syllabus and the depth of subject knowledge required to implement the syllabus
2	Evaluate how student characteristics affect learning and evaluate implications for teaching students with different characteristics and from diverse backgrounds
3	Use a range of strategies to plan and teach effective lessons to engage all students, address relevant syllabus outcomes and ensure a safe learning environment
4	Select appropriate resources, including ICT, to engage students and expand learning opportunities
5	Design and evaluate formative assessment strategies and use assessment information to improve learning
6	Practise the ethical and professional values expected of teachers

AUSTRALIAN PROFESSIONAL STANDARDS FOR TEACHERS

Standard	
1.1.1	Demonstrate knowledge and understanding of physical, social and intellectual development and characteristics of students and how these may affect learning
1.2.1	Demonstrate knowledge and understanding of research into how students learn and the implications for teaching.
1.3.1	Demonstrate knowledge of teaching strategies that are responsive to the learning strengths and needs of students from diverse linguistics, cultural, religious and socioeconomic backgrounds.
1.4.1	Demonstrate broad knowledge and understanding of the impact of culture, cultural identity and linguistic background on the education of students from Aboriginal and Torres Strait Islander backgrounds
1.5.1	Demonstrate knowledge and understanding of strategies for differentiating teaching to meet the specific learning needs of students across the full range of abilities
2.1.1	Demonstrate knowledge and understanding of the concepts, substance and structure of the content and teaching strategies of the teaching area.
2.2.1	Organise content into an effective learning and teaching sequence.
2.3.1	Use curriculum, assessment and reporting knowledge to design learning sequences and lesson plans.
2.4.1	Demonstrate broad knowledge of, understanding of and respect for Aboriginal and Torres strait Islander histories, cultures and languages.
2.5.1	Know and understand literacy and numeracy teaching strategies and their application in teaching areas
2.6.1	Implement teaching strategies for using ICT to expand curriculum learning opportunities for students.
3.1.1	Set learning goals that provide achievable challenges for students of varying characteristics.
3.2.1	Plan lesson sequences using knowledge of student learning, content and effective teaching strategies.
3.3.1	Include a range of teaching strategies.
3.4.1	Demonstrate knowledge of a range of resources including ICT that engage students in their learning.
3.5.1	Demonstrate a range of verbal and non-verbal communication strategies to support student engagement.
4.1.1	Identify strategies to support inclusive student participation and engagement in classroom activities.

4.2.1	Demonstrate the capacity to organise classroom activities and provide clear directions.
6.3.1	Seek and apply constructive feedback from supervisors and teachers to improve teaching practices.
7.1.1	Understand and apply the key principles described in codes of ethics and conduct for the teaching profession

NATIONAL PRIORITY AREA ELABORATIONS

Priority area	
A. Aboriginal and Torres Strait Islander Education	4, 7
B. Classroom management	1
C. Information and Communication Technologies	1, 3, 4, 5, 6, 10, 12
D. Literacy and Numeracy	1, 3, 4, 5, 8, 9, 10, 11, 12, 18, 19
E. Students with Special Educational Needs	7
F. Teaching Students from Non-English-Speaking Backgrounds	4, 5

4. RATIONALE FOR THE INCLUSION OF CONTENT AND TEACHING APPROACH

The course aims to develop and foster a capacity for each student to effectively teach economics that meets the syllabus content and skills outcomes. The lectures and tutorials will emphasise and deliver content knowledge, where the delivery will be demonstrated through a range of strategies where the primacy is on understanding- a capacity to take knowledge and expressed it in different forms or mediums i.e. written, verbal, and or visual. The focus will be on the use and appropriateness of teacher centred and student focused strategies, but these are set against a background of differentiation, equity and social inclusion.

5. TEACHING STRATEGIES

- Explicit teaching- lectures, where content will be delivered
- The use of cooperative or collaborative strategies where the emphasis on teamwork and student-centred learning
- Visual thinking strategies and visual tools
- Formative assessment strategies
- Peer assessment and teaching
- The use of ICT
- Thinking routines
- Peer tutoring and reciprocal peer tutoring

Submission of assessments

Students are required to follow their lecturer's instructions when submitting their work for assessment. All assessment will be submitted online via Moodle by 5pm. Students are also required to keep all drafts, original data and other evidence of the authenticity of the work for at least one year after examination. If an assessment is mislaid the student is responsible for providing a further copy. Please see the Student Policies and Procedures for information regarding submission, extensions, special consideration, late penalties and hurdle requirements etc.

Assessment Details

Assessment 1: Lesson plan for mixed ability Year 11 Economics class

(c. 2000 words, weighting 40%)

Plan and design one 60-minute lesson for a mixed-ability Stage 6 Preliminary class. The lesson plan must follow a standard SED format and be presented using the template provided.

Plan your lesson for a class in a comprehensive high school which would typically include EAL/D students, Indigenous students and students with various religious and cultural backgrounds. Some students may have low levels of literacy. Differentiation to cater for some students is therefore required. Appropriate differentiation strategies are scaffolding, group work and/or an alternative task or mode of presentation.

1. Write a rationale for your lesson plan. Your rationale should address the questions: What do I want the students to learn? Why is it important? What strategies will I use? What assessment for learning strategies will I use to monitor progress?
2. Prepare the lesson plan to demonstrate how you will use appropriate structure, activities, strategies and formative assessment to develop understanding of the material.

Make sure you:

- choose an appropriate topic for the year group^{[1][1]}_[SEP]
- support your rationale using references indicating your professional reading^{[1][1]}_[SEP]
- choose appropriate outcomes and lesson content^{[1][1]}_[SEP]
- demonstrate knowledge of effective teaching and learning strategies
- use appropriate format and provide sufficient detail for an effective lesson plan^{[1][1]}_[SEP]
- include an aspect of literacy/numeracy which integrates with the lesson focus
- provide in full one activity (which may be ICT-based)
- express yourself in clear, standard Australian English.

Assessment 2: Unit of work for HSC Preliminary Economics course

(c. 3500 words, 60% weighting)

This assessment focuses on the **programming of ONE (1) of the HSC Preliminary Economics topics (See Stage 6 Economics Syllabus)**. **Note: The unit of work can only be based on topics 3-6.** The unit of work should cover the first five lessons; however, you are not preparing full lesson plans

Context of the unit of instruction

This class is a mixed ability, co-educational group of students in a comprehensive public/private high school. Thirty per cent of the students are from a non-English speaking background. There are several Indigenous Australian students in the class and students from the Pacific Islands.

A diverse range of religious and cultural groups are represented in this class. A small number of students in this class demonstrate challenging behaviours.

You must write **a rationale for the unit** (600 – 800 words) in which you:

- provide a brief outline of the school and class context
- state precisely what you want the students to learn and why it is important
- justify your choice of topic/text to suit the needs and abilities of this class
- justify your teaching strategies by referring to readings, research and material presented in lectures and the Quality Teaching framework
- demonstrate how differentiation will support a diverse range of learners
- state the prior knowledge students have to begin this unit and discuss how you would assess and build on this prior knowledge.

The unit program is a standard format explained and investigated during lectures and tutorials. You will receive a suggested template for the unit of work in class and this will be available via Moodle.

Include in your unit outline:

- the learning intentions for each lesson
- one full activity for formative assessment (not an essay)
- one ICT-based activity (not watching a video or PowerPoint presentation)
- one group-work task with a focus on literacy/numeracy (not a mind-map)
- one incursion/excursion/performance/product activity
- outlines only for the other teaching materials required.

In the unit you design, you will be assessed on your ability to:

1. Choose appropriate resources for the class
2. Use the appropriate unit plan format, including:
 - **A lesson sequence** with the key concepts to be taught identified
 - **A teaching and learning sequence** which identifies key concepts, links to syllabus (students learn about, students learn to), teaching strategies and formative and summative assessment strategies for each lesson.
3. Clearly identify **links to the syllabus and syllabus outcomes** and identify which outcomes will be assessed in the unit.
4. Include **differentiation** strategies

HURDLE REQUIREMENT

ASSESSMENT 3: MICROTEACHING

Microteaching is the planning, presentation and evaluation of a lesson over a shortened period of time (a 10-minute mini-lesson). It is a critical aspect of method as it provides students with the opportunity to demonstrate key competencies that must be achieved before student teachers are permitted to undertake Professional Experience 1, at the same time observing other student teachers and engaging in peer review. It is recommended that students read widely on effective classroom strategies and practise aspects of their mini lesson with a small group of peers prior to assessment.

The assessment process will consist of the following two components:

1. Assessment 1 - The detailed **lesson plan using the prescribed SED template**, including a statement of expected learning outcomes. The part of one of the lesson used for Microteaching **must** have a literacy or numeracy focus suitable for the content of Economics. You must derive lessons from **HSC Preliminary Economics topics (See Stage 6 Economics Syllabus)**.
2. A 10-minute mini-lesson, including a self-reflection based on feedback from your lecturer and from peers.

Micro teaching lesson plan: Derived from the detailed lesson plan. Students can submit to the method lecturer their proposed lesson plan from Week 3. This will be returned with comments on the suitability of the proposal. Microteaching presentations begin week 5.

Microteaching: This will be assessed according to the attached criteria and will be graded as **Satisfactory or Unsatisfactory**. Any student whose first microteaching episode is judged as unsatisfactory will be given a further (one only) opportunity to gain a satisfactory grade. This must be assessed as satisfactory before the student is permitted to visit the school to arrange PE1.

NOTE: If a student is assessed as unsatisfactory in microteaching s/he will automatically fail Method 1 overall, and not be permitted to undertake Professional Experience or any further method work in that teaching area until the key concerns have been resolved.
