SUMMARY OF COURSE

Students with intellectual disabilities face numerous challenges in educational environments. You will learn about characteristics of students with intellectual disabilities (including issues of definition), relevant legislative requirements, and how to use assessment for educational intervention. You will learn about effective evidence-based practices that you can use to assist students with intellectual disabilities accomplish their educational goals. You will learn about curriculum-based strategies and curriculum adjustments and modifications that you can use in your teaching practice. In this course, I put great emphasis on a life-span approach to people with intellectual disabilities and their families, and why is it important for professionals to have a holistic perspective. Thus, you will also learn about issues related to social and community inclusion, family, peer, and partner relationships of people with intellectual disabilities. You will become acquainted with issues and supports relevant to adults with intellectual disabilities. Throughout the course, you will also learn about the importance of diverse transitions in lives of people with intellectual disabilities and how these can be supported.

THE MAIN WAYS IN WHICH THE COURSE HAS CHANGED SINCE LAST TIME AS A RESULT OF STUDENT FEEDBACK:

- The course content and readings have been updated, and new group activities developed.
- The assessment rubrics for all assignments have been improved.

STUDENT LEARNING OUTCOMES

Outcome		Assessment/s
1	Critically engage with the theories underlying the prevailing attitudes towards people with intellectual disabilities.	1
2	Apply legislation and government policies related to the education and life of people with intellectual disabilities in their professional judgments and decisions.	1, 2
3	Articulate current issues and trends in regard to the field of intellectual disabilities to relevant stakeholders.	1, 2
4	Perform curriculum adjustments to assist students with intellectual disabilities to meet educational outcomes.	2

AUSTRALIAN PROFESSIONAL STANDARDS FOR TEACHERS

Standard		Assessment/s
1.5.3	Evaluate learning and teaching programs, using student assessment data, that are differentiated for the specific learning needs of students across the full range of abilities.	2
1.6.2	Design and implement teaching activities that support the participation and learning of students with disability and address relevant policy and legislative requirements.	1, 2
2.6.2	Use effective teaching strategies to integrate ICT into learning and teaching programs to make selected content relevant and meaningful.	2
3.3.3	Support colleagues to select and apply effective teaching strategies to develop knowledge, skills, problem solving and critical and creative thinking	1, 2
4.1.2	Establish and implement inclusive and positive interactions to engage and support all students in classroom activities.	2
7.2.3	Support colleagues to review and interpret legislative, administrative, and organisational requirements, policies, and processes.	1, 2
7.3.4	Identify, initiate, and build on opportunities that engage parents/carers in both the progress of their children's learning and in the educational priorities of the school.	2
7.4.2	Participate in professional and community networks and forums to broaden knowledge and improve practice.	2

4. RATIONALE FOR THE INCLUSION OF CONTENT AND TEACHING APPROACH

You will learn different evidence-based practices that can be used not only during the educational process in early, pre-school, primary school, and secondary school age of students with intellectual disabilities, but also within ongoing life-long education. You will become acquainted with the Disability Standards for Education (2005) and learn the instructional and curriculum-based assessment strategies they can use in practice. You will also learn about the Quality-of-Life concept and its implications for the life of people with intellectual disabilities. Attention will also be paid to issues related to social and community inclusion, family, peer, and partner relationships of people with intellectual disabilities, possibilities of employment, independent living, and free time activities. You will also become acquainted with the needs of aging people with intellectual disabilities. Last but not the least; you will become familiarised with challenges faced by families of people with intellectual disabilities.

5. TEACHING STRATEGIES

- Small group cooperative learning to understand the importance of teamwork in an educational context and to demonstrate the use of group structures as appropriate to address teaching and learning goals
- Explicit teaching including lectures and a range of teaching strategies to foster interest and support learning
- Structured occasions for reflection on learning to allow students to reflect critically on issues discussed
- Extensive opportunities for whole group and small group dialogue and discussion, allowing students the opportunity to demonstrate their capacity to communicate.

Submission of assessments

Students are required to follow their lecturer's instructions when submitting their work for assessment. All assessment will be submitted online via Moodle by 5pm. Students are also required to keep all drafts, original data, and other evidence of the authenticity of the work for at least one year after examination. If an assessment is mislaid the student is responsible for providing a further copy. Please see the Student Policies and Procedures for information regarding submission, extensions, special consideration, late penalties, and hurdle requirements etc. <https://education.arts.unsw.edu.au/students/courses/course-outlines/>

Assessment Details

Assessment 1: Essay

There are two essay topics that you can choose from:

Topic 1 Challenges encountered by people with intellectual disabilities

This assessment requires you to write an essay on challenges people with intellectual disabilities encounter in their everyday life. In order to do so, you are asked to:

1. Choose a life stage that you will focus on (e.g., childhood, adolescence, adulthood, ageing),
2. Identify and discuss one challenge people with intellectual disabilities experience in the life stage you selected,
3. Suggest (through the use of evidence-based practices) how this challenge can be overcome.

This topic of the essay needs to be based on a minimum of **12 peer-reviewed journal articles, which were published in last 5 - 10 years (i.e., between 2012 and 2021).**

Topic 2 Attitudes towards people with intellectual disabilities

This assessment requires you to write an essay on how society's attitudes towards people with intellectual disabilities are reflected in the media, and how the media in reverse influences society's attitudes towards people with intellectual disabilities. To do so, you are asked to:

1. View one of the movies suggested below involving a person with intellectual disabilities,
2. Identify the focus of the movie (e.g., parenting with intellectual disabilities – *I am Sam*; relationships and people with intellectual disabilities – *The Other Sister* or *Charly*; prejudice towards social inclusion for people with intellectual disabilities – *Radio*)
3. Read a minimum of **10 peer-reviewed journal articles, which were published in last 5 - 10 years (i.e., between 2012 and 2021)**, in the area of your assignment's focus (e.g., if you selected the movie, *I am Sam* and decided to focus on society's attitudes towards people with intellectual disabilities being parents, then read peer-reviewed journal articles on parenting of people with intellectual disabilities),
4. Discuss the following:
 - Was the character with intellectual disabilities portrayed realistically, stereotypically, positively, or negatively? Note the date the movie was produced and make comments on the prevailing attitudes towards disability at that time.
 - How were the other characters' reactions to this person portrayed (e.g., reactions/attitudes of siblings, parents, partners, peers, and other society members)?
 - What is the message conveyed by this movie?
 - Based on your reading of 10 peer-reviewed journal articles, is this message consistent with what we know about the topic from research?

Suggested movies (Please note that this is not an exhaustive list. If you are unsure if your preferred movie is suitable for this assessment, please consult your course coordinator):

- *Buddies*
- *Charly*
- *Forrest Gump*
- *I Am Sam*
- *Of Mice and Men*
- *Radio*
- *Sling Blade*
- *The Other Sister*
- *What's Eating Gilbert Grape?*

This assessment will help you to:

- develop familiarity with the area of intellectual disabilities,
- develop critical thinking skills,
- improve research and evaluation skills, and
- use APA referencing correctly.

The essay should be **double-spaced and written in APA 7th edition style**; see the course Moodle site for more guidance.

Please note: Encyclopaedia or dictionaries may be consulted to learn background about your topic, but they will not be counted as one of your references.

Assessment 2: Information booklet

You are invited to create an information booklet for parents about intellectual disabilities. The booklet should be focused on one of the following topics:

- Information booklet for parents deciding about early intervention and pre-school education options (aimed group: parents of pre-school children with intellectual disabilities),
- Information booklet for parents deciding about the schooling options for their child with intellectual disabilities (aimed group: parents whose child is about to begin compulsory education),
- Information booklet for parents about post-schooling options (employment, education, living) for their offspring with intellectual disabilities,
- Information booklet for ageing parents about transition-to-retirement supports and options for their adult off-spring with intellectual disabilities.

Each booklet should:

- Be written in user-friendly language for parents,
- have a clear structure, using headings and subheadings,
- have introduction on the topic of the booklet,
- provide advice to parents based on NSW context,
- provide useful tips for parents,
- list of resources (e.g., peer-reviewed book, journal articles, DVDs, websites) that you would recommend to parents,
- list of references that you used in order to create the booklet. The references should be from peer-reviewed journal articles from the last ten years (that is from 2012-2021). Articles must be sourced from high-quality peer-reviewed journals. You should include a minimum of twelve (12) references.

This type of task is very practical, and you will use it in your future practice; however, it is also a type of assessment that is difficult to put number of pages on. If you are struggling with estimating the amount of work required, then about 3,500 words is right. The word count does not include the list of references.

The guide should be **double-spaced and written in APA 7th edition style**; see the course Moodle site for more guidance.

This must be your original work.

When paraphrasing is inadequate, quotes are used and correctly attributed.</p> <p>Language is judiciously selected for the context, and sentence structure, flow of argument and tone fluently enhance communication.</p>	<p>The booklet demonstrates the use of skilful use of language to communicate meaning to readers with clarity and accuracy. Care needs to be taken not to overly rely on quoting directly from academic texts.</p> <p>Presentation, formatting, and stylistic choices are highly effective, in addition to being compatible with the APA 7th style guide.</p> <p>Reference list and in-text referencing may contain only minor errors. Seamless paraphrasing is integrated, according to APA conventions, within the structure of the booklet sections. When paraphrasing is inadequate, quotes are used and correctly attributed.</p> <p>The language shows general regard for audience and purpose without nearly impeccable use of an academic style and register.</p>	<p>The written style is readable, with some inconsistencies and areas of confusion. Care needs to be taken not to overly rely on quoting directly from academic texts. Correctly attributed paraphrasing is preferred to demonstrate your deep understanding of the texts and offer greater opportunities for research synthesis.</p> <p>The presentation of response according to appropriate academic and linguistic conventions may benefit from supported improvement. Use of the UNSW Academic Skills Support Service to better meet the written textual requirements, including effective and appropriate communication, and adherence to APA 7th referencing style and formatting is recommended.</p>	<p>An obscure or confused written style obstructs readability of the booklet. Common errors include: obscure language and jargon parents may not understand; incorrect, poorly attributed, or unattributed ideas which derive from academic literature/course materials; incorrect quoting (e.g., no page numbers, punctuation issues); paraphrasing without referencing; references copied from the internet or books, without checking APA 7th style guide adherence; in-text referencing does not adhere to APA 7th style guide; colloquial language; run-on sentences: over-use of commas when full stops are required; incorrect or poorly executed paragraph structure, or lack of paragraphing; inadequate editing (spelling errors, vocabulary taken out of context and losing meaning); written text not re-read prior to submission to ensure clear flow of ideas; excessive use of the passive voice.</p> <p>The presentation of response according to appropriate academic and linguistic conventions may benefit from supported improvement. The UNSW Academic Skills Support Service is available to support you to better meet the written textual requirements, including effective and appropriate communication, and adherence to APA 7th referencing style and formatting is recommended.</p>
