SUMMARY OF COURSE

This course is a core requirement for qualified practicing teachers, who wish to gain a formal qualification in special education and who already have the approved subject knowledge background in the field. This course comprises 25 days of advanced professional practice, including high-level teaching, observation, and critical reflection in special education, together with peer observations and school-based fieldwork. It provides a teaching method at a more advanced level of complexity and depth than that is offered in pre-service courses, ensuring all graduates of the program meet the Australian Professional Standards for Teachers. This professional practice course is usually undertaken in conjunction with the completion of the co-requisite courses EDST5106 Behaviour Management, EDST5129 Transitions, EDST5113 Autism Spectrum Disorders: Educational Practices, EDST5111 Intellectual Disabilities, and EDST5138 Inclusive Education.

THE MAIN WAYS IN WHICH THE COURSE HAS CHANGED SINCE LAST TIME AS A RESULT OF STUDENT FEEDBACK*:*

- Word limit for assessment 2 only applies to the reflective problem-solving diary.

4. RATIONALE FOR THE INCLUSION OF CONTENT AND TEACHING APPROACH

Field - based work is a critical component of effective teacher education, not only providing an essential forum for generating concrete problems and issues and applying new knowledge and skills, but also enabling the development of an integral link between theory and practice. The equivalent 25 days of teaching practice is also a mandated component of any specialist teaching method for schools and adult educational institutions nationally. **You must have current accreditation to teach in NSW schools to undertake this course.**

5. TEACHING STRATEGIES

Students learn best when they are engaged and given an appropriate level of challenge; when their prior experience and knowledge is valued and built upon; when they are expected to take responsibility for their own learning; and when they work collaboratively with their peers.

You will:

- engage in small group cooperative learning to address teaching and learning goals
- reflect critically on and improve teaching practice
- participate in small group dialogue and discussion, to demonstrate your capacity to communicate and liaise with the diverse members of an education community, and to demonstrate your knowledge and understanding of method content
- engage in online learning from readings and web links on the Moodle website and associated web-based resources.

These activities will occur in a classroom climate that is supportive and inclusive of all learners.

6. COURSE CONTENT AND STRUCTURE

A written IEP and behaviour plan for one student, to be completed by the (templates provided in Moodle).

Assessment 2

Assessment 2 requires you to demonstrate your successful classroom performance and your ability to operate independently both within the classroom and within the wider school community as judged by UNSW staff. This will be done by the satisfactory completion of:

- lesson plan logbooks that include three lesson plans of the best lessons THAT YOU HAVE TAUGHT along with three observations of classes THAT YOU HAVE OBSERVED. See Appendix A for the lesson observation templates. The templates are also provided on Moodle.
- 25 self-reflection (one for each day) at the end of each lesson. See Appendix B for the self-reflection template. The template is also provided on Moodle.
- AT LEAST one peer-evaluation. See Appendix C for the peer-evaluation template. The template is also provided on Moodle.
- A reflective problem-solving diary (3600 words). You are expected to define one challenge that you are facing in the classroom. This challenge could be academic, behavioural, or institutional. You need to study the identified issue in the current professional literature (5 peer-reviewed journal articles minimum, published between 2011-2020) and prepare an action plan. You will then evaluate the success of your intervention in your reflective problem-solving diary. See Appendix D for the template. The template is also provided on Moodle.

You will also need to submit completed and signed copies (by your mentor) of the attendance record form (See Appendix E) and evidence of professionalism form (See Appendix F). The templates are also provided on Moodle.

The assessment should be written in APA 7th edition style.

Appendix B: MEd SPECIAL EDUCATION – 25 Day Self-Reflection Template (to be completed by student)

Instructions: ***For each of the 25 days, reflect and write a short paragraph on the following:***

- **Goal**: What was your goal for that lesson/day?
- **Reality**: What actually happened? Use data from student work samples, your observations or those of your peers.
- **Options**: Engage in critical reflection. Examine the student work samples and the evidence from the previous section. Did you achieve your goals? Cite evidence for this. If you taught this lesson again to this class what would you do differently and why. What were the key moments in the lesson when you might have adapted your practice in response to the student learning happening at the time?
- **What's Next**: Consider the next steps for these students in the next lesson. What do you need to focus on in your next lesson with this class?

Teaching as Inquiry Action Plan Template

Class: **Date:**

Instructions: ***Answer all of the questions in the template.***

Focusing Inquiry What is important (and therefore worth spending time on) given where my students are at?
• What is not working well? What do I want to change? • What is the evidence – achievement data, student learning dispositions, student engagement or behaviour, teacher practice?
Teaching Inquiry What strategies (evidence-based) are most likely to help my students learn?

• Strategies for improvement
  ○ What does the research say?
  ○ Which strategies are known to have the greatest impact on student learning?
  ○ What can I do right now?
  ○ What do I need additional support with?
  ○ What will I choose to work on first?
  ○ What do the students think? How will I let them know we are trying something new?
  ○ Do I want to try out strategies with a group of students or the whole class?
• What goals do I want to set – teaching practice, student achievement?

Learning Inquiry/Evaluation

What has happened as a result of the changes in teaching, and what are the implications for future teaching?

- What evidence do I have that these strategies have been effective – achievement data, student learning dispositions, student engagement and behaviour, teacher practice?
- If the strategies have been effective, what are my next steps?
    - How will I sustain the effective practices?
    - What is my new inquiry focus? What new goals do I want to set?
- What can I do if things do not work?
    - What different approach to the problem could I try?
    - Should I ask the students?
    - Which other teachers can I talk to?
    - Who can I ask to peer observe in my classroom?
    - How can I organise to video my practice, so I can analyse it?
    - What other strategies might I use?
