Summary of the Course

Intermediate German B builds on the successful completion of Intermediate A or the equivalent of 1.5 years of German language learning. It consolidates and extends your previously acquired oral and written German communication skills and extends your vocabulary and grammar foundation. Thus, the course enables you to communicate in a more spontaneous and in a more elaborate way about a range of topics in German. You will work with and discuss crucial historical and current socio-cultural issues in German-speaking countries.

Course Learning Outcomes

1. Understand and respond to both the main points and specific details of oral and written texts in German with fictional or factual information.
2. Produce a short but developed argument and convey detailed information and ideas on abstract topics using the target language.
3. Communicate with some confidence on matters related to one's interests and relevant to the topics studied by expressing thoughts on more abstract or cultural products (films, books, etc.) of German-speaking communities.
4. Use communicative strategies to cooperate effectively with other members of the group.
5. Reflect on language learning process and language learning strategies.

Teaching Strategies

The teaching strategies of our German classes are based on the communicative and task-based approach, which aim at giving students opportunities to practice their communication skills in contexts that are personally relevant and connected to everyday life. Thus, students learn a very authentic use of the German language combined with cultural and historical knowledge. The learning material (print and digital) and learning activities (e.g. online tasks, small tasks/projects inside and outside the classroom, fictional and non-fictional texts) provide students with varied opportunities to practice their receptive and productive skills, as well as their vocabulary and German grammar. We encourage students to expand their repertoire of suitable language learning strategies, and to independently practice or revise their German skills on a regular basis, inside and beyond the classroom. The language of instruction is predominantly German (apart from some explanation of grammatical features) so that students develop their listening skills. In both lecture and tutorials, we are using different learning approaches and modes of instruction (presentations, pair or small group work, individual assignments) to provide extensive and more holistic opportunities to listen to, read, speak and write in German.

Assessment Details

Assessment 1: Online Quizzes

Details:

The 4 online quizzes (30 mins each) will be conducted via the LMS. They consist of automatically marked question types (e.g. multiple choice, short answer, and matching) and individually graded question types (open-ended, short texts).

Feedback via automatic correction as well as individual comments and sample answers.

Turnitin setting: This is not a Turnitin assignment

Assessment 2: Portfolio

Details:

Portfolio consists of two parts (20% each) which are submitted on the LMS over the course of the term. Each part will require ca. 120 minutes work, including short-answer, multiple choice and open-ended questions, short writing tasks and reflection on students' learning needs and progress.

Feedback on each part via marking rubric with individual comments. This is the final assessment task for attendance purposes.

Turnitin setting: This is not a Turnitin assignment

Assessment 3: Speaking Test

Details:

Students conduct a short dialogue (15 mins) in pairs or small groups.

Feedback via marking rubric (marked individually) and individual comments.
**Turnitin setting:** This is not a Turnitin assignment
Attendance Requirements

Attendance of Lectures/Tutorials is mandatory in this course. It will be recorded at the beginning of each Lecture & Tutorial using the LMS. Unexcused absence from more than 20% of Lectures/Tutorials will result in the award of a fail grade. In Lectures/Tutorials you will actively engage with core course content, enabling you to attain CLO 1, 2, 3 & 4.

Feedback is gathered from students using myExperience. Students are encouraged to complete their surveys by accessing the personalised web link via the Moodle course site
Submission of Assessment Tasks

Turnitin Submission

If you encounter a problem when attempting to submit your assignment through Turnitin, please telephone External Support on 9385 3331 or email them on externaltelsupport@unsw.edu.au. Support hours are 8:00am – 10:00pm on weekdays and 9:00am – 5:00pm on weekends (365 days a year). If you are unable to submit your assignment due to a fault with Turnitin you may apply for an extension, but you must retain your ticket number from External Support (along with any other relevant documents) to include as evidence to support your extension application. If you email External Support you will automatically receive a ticket number, but if you telephone you will need to specifically ask for one. Turnitin also provides updates on their system status on Twitter.

Generally, assessment tasks must be submitted electronically via either Turnitin or a Moodle assignment. In instances where this is not possible, it will be stated on your course’s Moodle site with alternative submission details.

Academic Honesty and Plagiarism

Plagiarism is using the words or ideas of others and presenting them as your own. It can take many forms, from deliberate cheating to accidentally copying from a source without acknowledgement.

UNSW groups plagiarism into the following categories:

Copying: using the same or very similar words to the original text or idea without acknowledging the source or using quotation marks. This also applies to images, art and design projects, as well as presentations where someone presents another’s ideas or words without credit.

Inappropriate paraphrasing: Changing a few words and phrases while mostly retaining the original structure and/or progression of ideas of the original, and information without acknowledgement. This also applies in presentations where someone paraphrases another’s ideas or words without credit and to piecing together quotes and paraphrases into a new whole, without appropriate referencing.

Collusion: working with others but passing off the work as a person’s individual work. Collusion also includes providing your work to another student before the due date, or for the purpose of them plagiarising at any time, paying another person to perform an academic task, stealing or acquiring another person’s academic work and copying it, offering to complete another person’s work or seeking payment for completing academic work.

Inappropriate citation: Citing sources which have not been read, without acknowledging the "secondary" source from which knowledge of them has been obtained.

Duplication ("self-plagiarism"): submitting your own work, in whole or in part, where it has previously been prepared or submitted for another assessment or course at UNSW or another university.

Correct referencing practices:

- Paraphrasing, summarising, essay writing and time management
- Appropriate use of and attribution for a range of materials including text, images, formulae and concepts.

Individual assistance is available on request from The Learning Centre (http://www.lc.unsw.edu.au/). Students are also reminded that careful time management is an important part of study and one of the identified causes of plagiarism is poor time management. Students should allow sufficient time for research, drafting and proper referencing of sources in preparing all assessment items.

UNSW Library also has the ELISE tool available to assist you with your study at UNSW. ELISE is designed to introduce new students to studying at UNSW but it can also be a great refresher during your study.

Completing the ELISE tutorial and quiz will enable you to:

- analyse topics, plan responses and organise research for academic writing and other assessment tasks
- effectively and efficiently find appropriate information sources and evaluate relevance to your needs
- use and manage information effectively to accomplish a specific purpose
- better manage your time
• understand your rights and responsibilities as a student at UNSW
• be aware of plagiarism, copyright, UNSW Student Code of Conduct and Acceptable Use of UNSW ICT Resources Policy
• be aware of the standards of behaviour expected of everyone in the UNSW community
• locate services and information about UNSW and UNSW Library

Some of these areas will be familiar to you, others will be new. Gaining a solid understanding of all the related aspects of ELISE will help you make the most of your studies at UNSW.
