Fax: +61 2 9385 8705

Email: hal@unsw.edu.au

# Attendance Requirements

A student is expected to attend all class contact hours for a face-to-face (F2F) or blended course and complete all activities for a blended or fully online course.

A student who arrives more than 15 minutes late may be penalised for non-attendance. If such a penalty is imposed, the student must be informed verbally at the end of class and advised in writing within 24 hours.

If a student experiences illness, misadventure or other occurrence that makes absence from a class/activity unavoidable, or expects to be absent from a forthcoming class/activity, they should seek permission from the Course Authority, and where applicable, their request should be accompanied by an original or certified copy of a medical certificate or other form of appropriate evidence.

A Course Authority may excuse a student from classes or activities for up to one month. However, they may assign additional and/or alternative tasks to ensure compliance. A Course Authority considering the granting of absence must be satisfied a student will still be able to meet the course's learning outcomes and/or volume of learning. A student seeking approval to be absent for more than one month must apply in writing to the Dean and provide all original or certified supporting documentation.

For more information about the attendance protocols in the Faculty of Arts and Social Sciences: <a href="https://www.arts.unsw.edu.au/current-students/academic-information/protocols-guidelines/">https://www.arts.unsw.edu.au/current-students/academic-information/protocols-guidelines/</a>

#### **Academic Information**

For essential student information relating to: requests for extension; review of marks; occupational health and safety; examination procedures; special consideration in the event of illness or misadventure; student equity and disability; and other essential academic information, see <a href="https://www.arts.unsw.edu.au/current-students/academic-information/protocols-guidelines/">https://www.arts.unsw.edu.au/current-students/academic-information/protocols-guidelines/</a>

## **Course Details**

#### **Credit Points 6**

### **Summary of the Course**

Subject Area: Linguistics

This course focuses on syntax – traditionally defined as the study of the grammatical relation between words within the sentence. The course approaches the study of syntax from the perspective of generative linguistics. It explores the methodological foundations of the generative linguistics framework with particular reference to the place of syntax in the study of the human language faculty. The course investigates a number of key theoretical constructs that attempt to account for both universal and language-specific syntactic phenomena. You will have the opportunity to analyse data from English and a wide range of different languages.

#### At the conclusion of this course the student will be able to

- 1. Explain the conceptual and empirical foundations of generative syntax.
- 2. Apply basic techniques of syntactic analysis.
- 3. Analyse syntactic data and argue the merits of the analysis.
- 4. Construct models of syntactic knowledge to investigate and account for data from English and a wide range of different languages.

# **Teaching Strategies**

The teaching strategies involve lectures and tutorials. The tutorials are designed to foster individual problem solving skills as well as engagement in collaborative teamwork.

#### **Assessment**

#### **Assessment Tasks**

Assessment task	Weight	Due Date	Student Learning Outcomes Assessed
In-class Test I	30%	13/04/2018 12:00 PM	2,3
In-class Test II	30%	18/05/2018 12:00 PM	1,2
Problem set	40%	01/06/2018 04:00 PM	1,2,3,4

#### **Assessment Details**

Assessment 1: In-class Test I

Start date: Not Applicable

**Details:** 1 hour test on topics covered in the lectures and tutorials. You will receive feedback individually and through class discussion.

Assessment 2: In-class Test II

Start date: Not Applicable

**Details:** 1 hour test on topics covered in the lectures and tutorials. You will receive feedback individually and through class discussion.

Assessment 3: Problem set

Start date: Not Applicable

Length: Approximately 1800 words

**Details:** This is a take-home assignment which covers all the major topics of the course. Length: 1800 words. Students will receive individual feedback. This is the final assessment task for attendance purposes.

**Submission notes:** The take-home problem set is handed out one week prior to its due date.

**Turnitin setting:** This assignment is submitted through Turnitin and students do not see Turnitin similarity reports.

#### **Submission of Assessment Tasks**

Students are expected to put their names and student numbers on every page of their assignments.

#### **Turnitin Submission**

If you encounter a problem when attempting to submit your assignment through Turnitin, please telephone External Support on 9385 3331 or email them on <a href="mailto:externalteltsupport@unsw.edu.au">externalteltsupport@unsw.edu.au</a>. Support hours are 8:00am – 10:00pm on weekdays and 9:00am – 5:00pm on weekends (365 days a year). If you are unable to submit your assignment due to a fault with Turnitin you may apply for an extension, but you must retain your ticket number from External Support (along with any other relevant documents) to include as evidence to support your extension application. If you email External Support you will automatically receive a ticket number, but if you telephone you will need to specifically ask for one. Turnitin also provides updates on their system status on Twitter.

Generally, assessment tasks must be submitted electronically via either Turnitin or a Moodle assignment. In instances where this is not possible, it will be stated on your course's Moodle site with alternative submission details.

#### **Late Assessment Penalties**

An assessed task is deemed late if it is submitted after the specified time and date as set out in the course Learning Management System (LMS).

The late penalty is the loss of 5% of the total possible marks for the task for each day or part thereof the work is late. Lateness will include weekends and public holidays. This does not apply to a task that is assessed but no mark is awarded.

Work submitted fourteen (14) days after the due date will be marked and feedback provided but no mark will be recorded. If the work would have received a pass mark but for the lateness and the work is a compulsory course component, a student will be deemed to have met that requirement. This does not apply to a task that is assessed but no mark is awarded.

Work submitted twenty-one (21) days after the due date will not be accepted for marking or feedback and will receive no mark or grade. If the assessment task is a compulsory component of the course a student will automatically fail the course.

#### **Special Consideration Applications**

You can apply for special consideration when illness or other circumstances interfere with your assessment performance.

Sickness, misadventure or other circumstances beyond your control may:

- \* Prevent you from completing a course requirement,
- \* Keep you from attending an assessable activity,
- \* Stop you submitting assessable work for a course,

\* Significantly affect your performance in assessable work, be it a formal end-of-semester examination, a class test, a laboratory test, a seminar presentation or any other form of assessment.

For further details in relation to Special Consideration including "When to Apply", "How to Apply" and "Supporting Documentation" please refer to the Special Consideration webstie: <a href="https://student.unsw.edu.au/special-consideration">https://student.unsw.edu.au/special-consideration</a>

# **Academic Honesty and Plagiarism**

Plagiarism is using the words or ideas of others and presenting them as your own. It can take many forms, from deliberate cheating to accidentally copying from a source without acknowledgement.

UNSW groups plagiarism into the following categories:

Copying: using the same or very similar words to the original text or idea without acknowledging the source or using quotation marks. This also applies to images, art and design projects, as well as presentations where someone presents another's ideas or words without credit.

Inappropriate paraphrasing: changing a few words and phrases while mostly retaining the original structure and information without acknowledgement. This also applies in presentations where someone paraphrases another's ideas or words without credit. It also applies to piecing together quotes and paraphrases into a new whole, without referencing and a student's own analysis to bring the material together.

Collusion: working with others but passing off the work as a person's individual work. Collusion also includes providing your work to another student before the due date, or for the purpose of them plagiarising at any time, paying another person to perform an academic task, stealing or acquiring another person's academic work and copying it, offering to complete another person's work or seeking payment for completing academic work.

Inappropriate citation: Citing sources which have not been read, without acknowledging the "secondary" source from which knowledge of them has been obtained.

Duplication ("self-plagiarism"): submitting your own work, in whole or in part, where it has previously been prepared or submitted for another assessment or course at UNSW or another university.

Correct referencing practices:

- Paraphrasing, summarising, essay writing and time management
- Appropriate use of and attribution for a range of materials including text, images, formulae and concepts.

Individual assistance is available on request from The Learning Centre (<a href="http://www.lc.unsw.edu.au/">http://www.lc.unsw.edu.au/</a>). Students are also reminded that careful time management is an important part of study and one of the identified causes of plagiarism is poor time management. Students should allow sufficient time for research, drafting and proper referencing of sources in preparing all assessment items.

UNSW Library also has the ELISE tool available to assist you with your study at UNSW. ELISE is designed to introduce new students to studying at UNSW but it can also be a great refresher during your study.

Completing the ELISE tutorial and quiz will enable you to:

- analyse topics, plan responses and organise research for academic writing and other assessment tasks
- effectively and efficiently find appropriate information sources and evaluate relevance to your needs
- use and manage information effectively to accomplish a specific purpose

- better manage your time
- understand your rights and responsibilities as a student at UNSW
- be aware of plagiarism, copyright, UNSW Student Code of Conduct and Acceptable Use of UNSW ICT Resources Policy
- be aware of the standards of behaviour expected of everyone in the UNSW community
- locate services and information about UNSW and UNSW Library

Some of these areas will be familiar to you, others will be new. Gaining a solid understanding of all the related aspects of ELISE will help you make the most of your studies at UNSW. (<a href="http://subjectquides.library.unsw.edu.au/elise/aboutelise">http://subjectquides.library.unsw.edu.au/elise/aboutelise</a>)

# **Course Schedule**

# View class timetable

# **Timetable**

Date	Туре	Content
Week 1: 26 February - 4 March	Lecture	Introduction□ Parts of Speech
IVIAI OI I		Syntax as a Cognitive Science; Modeling Syntax; Determining part of speech; subcategories and features
		Reading
		Chapter 1 & Chapter 2 (textbook)
Week 2: 5 March - 11 March	Lecture	Constituencey
Maron		Rules and trees; constituency tests; ambiguity
		Reading
		Chapter 3
	Tutorial	Chapter 1: Generative Grammar
		GPS1. Prescriptive Rules
		GPS2. Obligatory Split Infinitives
		Chapter 2: Parts of Speech
		GPS5. Part of speech
		GPS6. Nootka
		(Exercises are from the textbook. Detailed instruction for each week's tutorial tasks, acitivities and expectation will be available on Moodle. You must consult Moodle regularly for updates).
Week 3: 12 March - 18	Lecture	Structural relations
March		The geometry of trees; c-command and grammatical relations
		Reading
		Chapter 4
I	I	I

	Tutorial	Chapter 3: Constituency, Trees, and Rules
		GPS1. Trees: NPs, AdjPs and AdvPs
		GPS2. Trees II: English PPs
		GPS4. Trees III: VPs
		GPS6. English [(a) – (e) only]
Week 4: 19 March - 25	Lecture	Binding Theory
March		The distribution of pronouns; the distribution of Rexpressions
		Reading
		Chapter 5
	Tutorial	Chapter 4: Structural Relations
		GPS1. Trees [(a) – (e) only]
		GPS2. Domination
		GPS3. Exhaustive domination
		GPS11. Grammatical Relations I
Week 5: 26 March - 1 April	Lecture	Public holiday; no lecture
		Online acitvities to be assigned on Moodle.
	Tutorial	Public holiday; no tutorial
		Online activities to be assigned on Moodle.
Break: 2 April - 8 April		
Week 6: 9 April - 15 April	Lecture	X-bar theory
		Generalising the rules; complements, adjuncts, and specifiers;
		Reading
		Chapter 6
		(Class test (I) will be given during the second half of the lecture time. Further information will be provided on Moodle.)
	Tutorial	Chapter 5: Binding Theory
		GPS1. NP Types
		GPS2. C-command and Binding

		GPS3. Binding Domain
		GPS4. Binding Principles
Week 7: 16 April - 22 April	Lecture	Extending X-bar theory
		Determiner Phrases; Complementiser Phrases
		Reading
		Chapter 7
	Tutorial	Chapter 6: X-bar Theory
		GPS1.Complements vs. Adjuncts in NPs
		GPS2. Adjectives
		GPS4. Complements and adjuncts in VPs
		GPS7. Trees [(a) – (d) only]
Week 8: 23 April - 29 April	Lecture	Constraining X-bar theory
Дрії		Thematic relations and Theta roles; the lexicon
		Reading
		Chapter 8
	Tutorial	Chapter 7: Extending X-bar Theory
		GPS1. Tree drawing: DPs
		GPS2. Subjects and Predicates Phrases
		GPS3. Clause Types
		GPS4. English <i>That</i>
Week 9: 30 April - 6 May	Lecture	Auxiliaries and Functional Categories
		Complementisers; Determiners; Auxiliaries
		Reading
		Chapter 9
	Tutorial	Chapter 8: Constraining X-bar
		GPS1. Identifying Thematic Relations
		GPS2. Warlpiri
		GPS3. Theta Grids [(a) – (e) only]
I	I	I

		GPS5. Theta Criterion
Week 10: 7 May - 13	Lecture	Head Movement & DP Movement
May		Verb Movement; T Movement; Do-support;
		Passives; Case; Raising
		Reading
	Tutorial	Chapter 10 and Chapter 11
	Tutorial	Chapter 9: Functional Categories
		GPS1. Categorizing verbs
		GPS6. Tense, Voice, Aspect, Mood
		GPS8. English Trees [(a) – (e) only]
Week 11: 14 May - 20	Lecture	Wh-Movement
May		Wh-questions; Relative Clauses
		Reading
		Chapter 12
		(In Class test (II) will be given during the second half of the lecture time.)
	Tutorial	Chapter 10: Head-to-Head Movement
		GPS1. Italian
		GPS2. Haitian Creole Verb Placement
		Chapter 11: DP Movement
		GPS1. Haitian Creole
		GPS2. Arizona Tewa
Week 12: 21 May - 27 May	Lecture	Summary and conclusion
		Revision of basic concepts
	Tutorial	Chapter 12: <i>Wh</i> -Movement
		GPS1. English Movement Sentences [(a)- (e)]
		GPS2. Binding Theory
		GPS5. Locality
		GPS6. Irish
Week 13: 28 May - 3	Lecture	No lecture in Week 13.

June	Tutorial	Review exercises

#### Resources

#### **Prescribed Resources**

#### Required textbooks

Carnie, A. 2013. Syntax: A Generative Introduction. 3rd Edition. Wiley-Blackwell.

Carnie, A. 2013. The Syntax Workbook: A Companion to Carnie's Syntax. Wiley-Blackwell.

#### **Recommended Resources**

- Book Knowledge of Language: Its Nature, Origin & Use (1986)
- Book The Minimalist Program (1995)
- Book Chomsky's Universal Grammar : an Introduction
- Book Introducing Transformational Grammar (1994)
- Book Transformational Grammar: A First Course (1988)
- Book The Language Instinct (1994)
- Book Lectures on Contemporary Syntactic Theories (1985)

An extensive list of online resources is provided in Moodle. You must consult Moodle regularly for updates.

# **Course Evaluation and Development**

Courses are periodically reviewed and students' feedback is used to improve them.

Feedback is gathered from students using myExperience. It is encouraged students complete their surveys by accessing the personalised web link via the Moodle course site.
