SUMMARY OF COURSE

This course is designed to increase a student's pedagogical and content knowledge for Legal Studies teaching. The key elements of pedagogy and Legal Studies content knowledge are examined and developed. Students will critically address how these elements can then be combined into effective classroom practice to address the requirements and philosophy of the NSW Legal Studies syllabus.

4. RATIONALE FOR THE INCLUSION OF CONTENT AND TEACHING APPROACH

This subject aims to develop in each student the ability to effectively teach Legal Studies to secondary school students. Lectures, tutorials, and assignments cover a variety of approaches to teaching and learning in the Stage 6 Legal Studies classroom. During the course students will develop their knowledge of New South Wales syllabus documents. Emphasis will be placed on the relationship between Legal Studies and literacy and numeracy, and on the role and value of legal knowledge, skills and understanding in the curriculum and the community.

Student-centred activities form the basis of the course. These activities draw on the prior knowledge of the students and allow them to engage in relevant and challenging experiences that mirror those they will be expected to design for the secondary students they will teach.

5. TEACHING STRATEGIES

- Explicit teaching, including lectures, to demonstrate the use of a range of teaching strategies to foster interest and support learning.
- A range of individual and group independent learning activities, to enable students to develop an understanding of students’ different approaches to learning.
- Small group cooperative learning to enable students to understand the importance of teamwork in an educational context and to demonstrate the use of group structures to address teaching and learning goals.
- Extensive opportunities for whole group and small group dialogue and discussion, allowing students the opportunity to demonstrate their capacity to communicate and liaise with the diverse members of an education community, and to demonstrate their knowledge and understanding of method content.
- Structured occasions for reflection on learning to allow students to reflect critically on and improve teaching practice.
- Peer teaching in a simulated classroom setting.

These activities will occur in a classroom climate that is supportive and inclusive of all learners.

## Professional Experience

### 7. RESOURCES

**The Flipped Classroom**  

**TPACK** (created by Dr. Matthew Koehler and Dr. Punya Mishra)  

Technological Pedagogical Content Knowledge (TPACK) is a framework that identifies the knowledge teachers need to teach effectively with technology.

**Teaching Teachers for the Future – What is TPACK?**  

**Reflections of pre-service teachers**  

This series of video clips shows the reflections of several pre-service teachers who trialed one of the twelve Teaching Teachers for the Future (TTF) Australian Curriculum resource packages with a practicum class. At the end of their lesson the pre-service teachers were invited to reflect on the experience of working with the resource package and adapting it to their class situation. They were also asked to reflect on their understanding of TPACK.

Student teachers are encouraged to set up their own blog (it is free) at Edublog:  
[http://edublogs.org/](http://edublogs.org/) to create and share resources and lessons they create.

### Submission of Assessment Tasks

Students are required to follow their lecturer’s instructions when submitting their work for assessment. All assessments will be submitted online via Moodle by 5pm. Students are also required to keep all drafts, original data, and other evidence of the authenticity of their work for at least one year after examination. If an assessment is mislaid the student is responsible for providing a further copy. Please see the Student Policies and Procedures for information regarding submission, extensions, special consideration, late penalties, and hurdle requirements etc.

Assessment Details

Assessment 1: Lesson Plan

(c. 2000 words, weighting 40%)

Plan and design one 60-minute lesson for a mixed-ability Preliminary Legal Studies class. The lesson plan must follow a standard SED format and be presented using the template provided.

Plan your lesson for a class in a comprehensive high school which would typically include EAL/D students, Indigenous students, and students with various religious and cultural backgrounds. Some students may have low levels of literacy. Differentiation to cater for some students is therefore required. Appropriate differentiation strategies including scaffolding, group work and/or an alternative task or mode of presentation.

1. Write a rationale for your lesson plan. Your rationale should address the questions: What do I want the students to learn? Why is it important? What strategies will I use? What assessment for learning strategies will I use to monitor progress?

2. Prepare the lesson plan to demonstrate how you will use appropriate structure, activities, strategies and formative assessment to develop understanding of the material.

Make sure you:

- choose an appropriate topic for the year group
- support your rationale using references indicating your professional reading
- choose appropriate outcomes and lesson content
- demonstrate knowledge of effective teaching and learning strategies
- use appropriate format and provide sufficient detail for an effective lesson plan
- include an aspect of literacy/numeracy which integrates with the lesson focus
- provide in full one activity (which may be ICT-based)
- express yourself in clear, standard Australian English.

Assessment Criteria for the written component:

- design an effective lesson sequence suitable for a variety of Stage 6 students
- plan a logical, sequential, cohesive lesson plan
- write with clarity and accuracy of written expression in sufficient detail to show understanding of each activity
- use a variety of legal studies pedagogies appropriate to the material to be delivered
- show knowledge of the NSW Preliminary Legal Studies Stage 6 syllabus and curriculum documents
Assessment 2: Unit of Work

(c. 3500 words, weighting 60%)

Prepare an outline for a unit of work for a Stage 6 Preliminary class. The unit of work should cover the first five lessons; however, you are not preparing full lesson plans.

You must write a rationale for the unit (600-800 words) in which you:

- provide a brief outline of the school and class context
- state precisely what you want the students to learn and why it is important
- justify your choice of topic to suit the needs and abilities of this class
- justify your teaching strategies by referring to readings, research and material presented in lectures and the Quality Teaching Framework
- demonstrate how differentiation will support a diverse range of learners
- state the prior knowledge students have to begin this unit and discuss how you would assess and build on this prior knowledge.

Include in your unit outline:

- the learning intentions for each lesson
- one full activity for formative assessment (not an essay)
- one ICT-based activity (not watching a video or PowerPoint presentation)
- one group-work task with a focus on literacy/numeracy (not a mind-map)
- outlines only for the other teaching materials required.
