Acknowledgement of Country

UNSW Arts, Design and Architecture Kensington and Paddington campuses are built on Aboriginal Lands. We pay our respects to the Bidjigal and Gadigal peoples who are the Custodians of these lands. We acknowledge the Aboriginal and Torres Strait Islander peoples, the First Australians, whose lands, winds and waters we all now share, and pay respect to their unique values, and their continuing and enduring cultures which deepen and enrich the life of our nation and communities.

Units of Credit 6

Workload

150 hours including class contact hours, readings, class preparation, assessment, follow up activities, etc.

Summary of the Course

This is a hybrid course. It is available to both undergraduate and postgraduate students. The course content, delivery and assessment will be identical for both groups of students.

This course expands students' skills and knowledge to teach visual arts in secondary schools, with an emphasis on elective visual arts and preparation for the HSC. Students will think deeply about their philosophy of visual arts education while critically examining current high school visual arts curriculums and developing skills related to teaching visual arts lessons with innovations in ICT, composition, and formal and informal visual arts learning practices.

Course Learning Outcomes

1. Demonstrate knowledge and understanding of the NSW Stage 5 and 6 Visual Arts Syllabi and various Department of Education policies, particularly those relating to ICT, Literacy, Aboriginal Education and Cultural Diversity
2. Plan and implement coherent, goal oriented lessons and lesson sequences that are designed to engage all students and address learning outcomes
3. Demonstrate the essential link between outcomes, assessment, teaching strategies and lesson planning
4. Demonstrate knowledge and understanding of learning outcomes and classroom practice related to teaching ICT
5. Use the internet and web-based Learning Management Systems to deliver visual arts curriculum to students
6. Plan for and implement a range of literacy strategies to meet the needs of all students
7. Discuss classroom strategies that recognise students’ different approaches to learning
8. Analyse specific strategies for teaching Aboriginal and Torres Strait Islander students, students with Special Education Needs, Non-English Speaking Background students, Students with Challenging Behaviours
9. Develop appropriate and engaging resources for the visual arts classroom that take into account students’ skills, interests and prior achievements and that respect the social, ethnic and religious backgrounds of students
10. Investigate and discuss a variety of strategies to develop rapport with students, a positive classroom learning environment and approaches to managing student behaviour

Teaching Strategies

- Explicit teaching, including lectures, to demonstrate an understanding of students’ different approaches to learning and the use of a range of teaching strategies to foster interest and support learning.
- Small group cooperative learning to understand the importance of teamwork in an educational context and to demonstrate the use of group structures as appropriate to address teaching and learning goals.
- Extensive opportunities for whole group and small group dialogue and discussion, allowing
students the opportunity to demonstrate their capacity to communicate and liaise with the diverse members of an education community, and to demonstrate their knowledge and understanding of method content.

- Structured occasions for reflection on learning to allow students to reflect critically on and improve teaching practice.
- Online learning from readings on the Moodle website.
- Online discussions.
- Peer teaching in a simulated classroom setting.

These activities will occur in a classroom climate that is supportive and inclusive of all learners.

Assessment 1: Case Study

**Due date:** Friday 25/3/2022

Design a critical and historical study of 6-8 hours in the HSC (Year 12) course, including a rationale, sequence of teaching and learning strategies, scope for extension and differentiation and key resources. Length: 2000 words

**Additional details**

Assume the role of Stage 6 (HSC) Visual Arts Critical and Historical Class teacher and design a **Critical and Historical CASE STUDY** comprised of learning activities of 6-8 hours in duration for students in the STAGE 6 HSC course.

This Assessment Submission must include:

- Identification of a CASE from the world of Visual Arts to be investigated.
- Syllabus Content Focus from the Stage 6 Visual Arts Syllabus, Critical and Historical Practice: Identification of aspects of the Conceptual Framework and not more than two Frames as an overall focus for the investigation of the CASE.
- Inclusion of 3 to 4 artists/artworks as evidence for the investigation of the Case.
- Written Key Inquiry Question
- Appropriately referenced Written Rationale (1000 words)
- Concise Overview of Learning Sequence and resources for Case Study (1000 Words)
- Powerpoint Presentation – Maximum of 8 slides
- Handout Resource relating to learning activity

**EXPLANATION:**

When designing a Case Study, if you were to select the CONCEPTUAL FRAMEWORK (Artist- Artwork-Audience) – and the CULTURAL FRAME as your syllabus Content focus for your Case Study then you would:

Investigate your Case Study through an exploration of the roles and relationships between the Artist, their Artwork(s) and the Audience through a Cultural Lens (The Cultural Frame)- (Outcome H8, H9).

Therefore, for this assessment you would need to design learning activities and create/curate learning resources that seek to elucidate an understanding of the Case Study using the syllabus content to guide the learning. You would also need to rationalise your choices in this through a written explanation.

Suggested sequence for Completing this Assessment:
Select a specific and significant Critical and Historical CASE from the World of Art that will form the basis of your Case Study – (read page 34 in your Stage 6 Syllabus- What is a Case Study).

Select 3 or 4 significant Artists or Artworks to use as examples of the CASE you are studying (historical and/or traditional as appropriate).

Select an appropriate **Stage 6 Syllabus Content focus (Critical and Historical)** for investigating the CASE and use this as the GUIDING FOCUS in the design of learning activities for your Case study.

Design a learning sequence of activities using varied pedagogical approaches and demands that build towards a depth of student knowledge and understanding of the Case study being explored. (1000 Words)

Design a Powerpoint Presentation that you could use as an Introduction to the Case study (not included in word count) – 8 slides maximum

Design a Handout resource that you would use in one of your identified learning activities (not included in word count).

Write a rationale that explains your understanding of the characteristics and purpose of a Case Study for Stage 6 Visual Arts students in NSW and reasons through your choices in the learning activities, resources, artists, artworks, inquiry question, syllabus focus, chosen outcomes and strategies for checking for learning, and that references research in the field of Visual Arts Education, Art criticism and Art history and the world of art. (1000 Words)

**Brief Sample of the Assessment Layout:**

**CASE STUDY TITLE and FOCUS:**

This is a suggested sample only:

Feminism and Performance Art – The artist and the audience- A cultural Investigation

**SYLLABUS FOCUS:**

This is a suggested sample only:

Conceptual Framework (The Artist- The Artwork- The Audience)- Syllabus Outcome (H8)

The Frames: The Cultural Frame (role of the artist, role of the audience, functions of the artwork, influences of society, feminism, gender roles, stereotypes, authority in the artworld, the gaze) -Syllabus Outcome (H9)

**KEY INQUIRY QUESTION:**

The students you are teaching should be able to answer the key Inquiry question in detail at the completion of the Case study: You need to design and target the learning sequence to assist them. You must design the question to relate to the case and the course outcomes and syllabus focus. The question must be clear, concise and use the language of the Visual Arts syllabus.

This is a suggested sample of a Key Inquiry Question only:

Examine the changing roles and relationships of artists, artworks and audiences in the 1960’s Feminist performance art movement in the USA. Use three artists and their artworks to evidence your response. (Outcomes: H7, H8, H9, H10)
RATIONALE for the CASE STUDY: (1000 Words)

Write a rationale that explains your understanding of what a case study is and what makes it effective for learning at Stage 6 for Visual Arts students. Reason through your choices of artists, artworks, syllabus focus areas, outcomes, learning resources and activities that best perform as interventions in a student’s learning about the selected Case. Provide an explanation of the significance of your chosen Case Study to the artworld. Why is it important in the world of art? Provide references for research in the field of Visual Arts Education, Art criticism and Art history and the world of art as utilised in your rationale.

LEARNING SEQUENCE: (1000 Words)

Outline a concise sequence of learning activities. It can be formatted as a table that includes scope for:

- A logical building of skills and knowledge from basic to expert knowledge.
- Identifies syllabus content focus and outcomes for each learning activity.
- A targeted range of pedagogical interventions to build understanding.
- Names specific learning intention and methods (Teacher intervention, student role).
- Describes and lists most relevant resources. Name web address resources and describe handouts or features of resources.
- Intended duration of each activity.
- Specific method of establishing/checking for understanding throughout or showing understanding – and at the culmination of the case study (formative assessment)
- Brief connection to the key inquiry question (why is the learning relevant to the Case study at this point in the sequence)
- Scope for differentiation to at least two of your activities.

POWERPOINT PRESENTATION Maximum of 8 slides (not included in word count)

Design a powerpoint presentation that you would show to students to introduce them to the concepts in the Case Study being explored. You could include the Key Inquiry question, artists and artworks being studied and features of the Case from the world of art that you are examining. Utilise the conventions of effective communication in powerpoint presentations.

HANDOUT LEARNING RESOURCE: (not included in word count)

Design a handout (Learning resource) that would be used in one of the learning activities identified in the learning sequence. It should employ specific pedagogical demands and require the student demonstrate knowledge and understanding. It should briefly indicate the learning intention of this resource within the learning activity in the learning sequence of the Case Study Assessment.

Use the guidelines from the NSW Visual Arts Syllabus stage 6 on case studies and further research to construct a Case Study for Stage 6- HSC course.

Assessment 2: Assessment Portfolio

Due date: Friday 29/4/2022

Design an examination paper for Art Criticism and Art History Stage 6 with a marking scheme, sample answer, and rationale. Indicative length: 3,500 words.
Additional details

Assume the role of Stage 6 (HSC) Visual Arts Critical and Historical Class teacher and design a **Critical and Historical Formative Assessment Task** that follows the conventions of the NSW HSC Visual Arts Examination and that examines the content of the Stage 6 HSC course in Visual Arts.

This assignment (approximately 3,500 words) consists of four parts:

- Development of an examination paper for Art Criticism and Art History Stage 6
- Design of an accurate marking scheme
- Models of a range of sample answers to one question
- An explanatory rationale.

1. **Design a written examination paper for the Art criticism and art history component of the Visual Arts HSC course.** This must follow the conventions of the HSC Visual Arts Critical Historical Examination.

   - This would act as a trial examination or assessment task which formatively assesses a student’s knowledge and understanding prior to the HSC examination.
   - **Section I** will include THREE short-answer questions. ONE of the three questions must specifically focus on sources relating to Aboriginal or Torres Strait Islander Art examples.
   - Visual Arts Examples in the form of Visual Plates and Artist Extracts should be included in Section 1 of the Examination paper.
   - Questions must be designed using the conventions of the Visual Arts syllabus language and follow the structure used in the HSC Visual Arts examination.
   - Questions must directly link to appropriate Syllabus content areas and outcomes.
   - **Section II** will include three extended response questions, with ONE question on each of the following syllabus content areas of Practice, The Conceptual Framework and The Frames.
   - One Question in either Section 1 or Section 2 should relate to the Case study designed in Assessment 1.
   - The paper must follow the NESA format and will consist of two sections.

2. **Provide a marking scheme for each of each of the three Section I questions which clearly illustrates how marks will be allocated for each question in mark bands appropriate to the question value.**

3. **Model anticipated student responses at three different mark levels to ONE question chosen from Section I.** These modelled answers should be used to check the appropriateness of the question and the accuracy of the mark band descriptors.

   Parts 1-3 should be approximately 1500 words.

4. **Provide a rationale (approximately 2000 words) for the assessment task you have designed, explaining in some detail how assessment of and for learning approaches have been employed, and how the assessment task will:**

   - Address course content
   - Address contemporary issues in the Visual Arts
   - Assist student learning
   - Evaluate and improve teaching and learning programs
   - Provide evidence of satisfactory achievement and completion in the HSC course.

All images and resources used must be appropriately referenced.

Attendance Requirements

School of Education Attendance Requirement

The School of Education (SED) requires students meet a minimum attendance requirement of 80% of all scheduled classes (i.e., lectures, tutorials, workshops, seminars) for all courses. Attendance in person is required for tutorials, seminars, and workshops when course are delivered in face-to-face mode. It is the responsibility of students to ensure that their attendance is recorded for the face to face either by electronic means or via an attendance register. Attendance in online or blended mode will be assessed through digital. Further information can be found here.

Submission of Assessment Tasks

Turnitin Submission

If you encounter a problem when attempting to submit your assignment through Turnitin, please telephone External Support on 9385 3331 or email them on externalteltsupport@unsw.edu.au. Support hours are 8:00am – 10:00pm on weekdays and 9:00am – 5:00pm on weekends (365 days a year). If you are unable to submit your assignment due to a fault with Turnitin you may apply for an extension, but you must retain your ticket number from External Support (along with any other relevant documents) to include as evidence to support your extension application. If you email External Support you will automatically receive a ticket number, but if you telephone you will need to specifically ask for one. Turnitin also provides updates on their system status on Twitter.

Generally, assessment tasks must be submitted electronically via either Turnitin or a Moodle assignment. In instances where this is not possible, it will be stated on your course’s Moodle site with alternative submission details.

Academic Honesty and Plagiarism

Plagiarism is using the words or ideas of others and presenting them as your own. It can take many forms, from deliberate cheating to accidentally copying from a source without acknowledgement.

UNSW groups plagiarism into the following categories:

Copying: Using the same or very similar words to the original text or idea without acknowledging the source or using quotation marks. This includes copying materials, ideas or concepts from a book, article, report or other written document, presentation, composition, artwork, design, drawing, circuitry, computer program or software, website, internet, other electronic resource, or another person’s assignment without appropriate acknowledgement.

Inappropriate paraphrasing: Changing a few words and phrases while mostly retaining the original information, structure and/or progression of ideas of the original without acknowledgement. This also applies in presentations where someone paraphrases another’s ideas or words without credit and to piecing together quotes and paraphrases into a new whole, without appropriate referencing.

Collusion: Working with others but passing off the work as a person’s individual work. Collusion also includes providing your work to another student for the purpose of them plagiarising, paying another person to perform an academic task, stealing or acquiring another person’s academic work and copying it, offering to complete another person’s work or seeking payment for completing academic work.

Inappropriate citation: Citing sources which have not been read, without acknowledging the "secondary" source from which knowledge of them has been obtained.

Duplication ("self-plagiarism"): Submitting your own work, in whole or in part, where it has previously been prepared or submitted for another assessment or course at UNSW or another university.

Correct referencing practices

The UNSW Academic Skills support offers resources and individual consultations. Students are also reminded that careful time management is an important part of study. One of the identified causes of plagiarism is poor time management. Students should allow sufficient time for research, drafting and proper referencing of sources in preparing all assessment items.

UNSW Library has the ELISE tool available to assist you with your study at UNSW. ELISE is designed to introduce new students to studying at UNSW but it can also be a great refresher during your study. Completing the ELISE tutorial and quiz will enable you to:

- analyse topics, plan responses and organise research for academic writing and other assessment tasks
- effectively and efficiently find appropriate information sources and evaluate relevance to your needs
- use and manage information effectively to accomplish a specific purpose
- better manage your time
- understand your rights and responsibilities as a student at UNSW
- be aware of plagiarism, copyright, UNSW Student Code of Conduct and Acceptable Use of UNSW ICT Resources Policy
- be aware of the standards of behaviour expected of everyone in the UNSW community
- locate services and information about UNSW and UNSW Library
Academic Information

Due to evolving advice by NSW Health, students must check for updated information regarding online learning for all Arts, Design and Architecture courses this term (via Moodle or course information provided.)
