

AGSM @ UNSW Business School Incoming Exchange Guidelines 2022-2023

Studying at AGSM@UNSW Business School

Introduction

The International Exchange Program is an important component of the MBA Programs of the Australian Graduate School of Management (AGSM) at the UNSW Business School. Various procedures and processes govern and coordinate incoming exchange students prior to and during their study at the AGSM. This document aims to ensure incoming exchange students are aware of all policies relevant to their studies while at AGSM. Students are required to read this document before applying to ensure they have a complete understanding of the procedures governing the exchange program.

Exchange Agreements

Exchange partnerships between AGSM Programs and individual exchange schools overseas are governed by agreements devised by both parties. As part of our overall incoming & outgoing exchange process, AGSM Programs honours these agreements. In this regard, the balance of trade between schools will be maintained while ensuring a positive relationship with our exchange partners.

Application and Selection

To apply to study on exchange at the AGSM, students must go through the application and selection process employed by their home institutions. Under the agreements existing between AGSM and our exchange partner schools, the responsibility for selection of all incoming students is at the discretion of their home institutions.

Once nominated to us, we require the completion of an AGSM incoming exchange application survey for which a link will be emailed out. Please note the following:

We recommend that prospective students complete their own research about the AGSM MBA Program. This can be accomplished as follows:

- Consulting the Exchange Coordinator at your home institution, as they will be able to provide various resources
- Visiting the [AGSM Programs website](#)
- Contacting the Student Experience Team at AGSM Programs via studentexperience@agsm.edu.au.

Research

Once selected to study on the AGSM MBA Exchange Program, students should start their own research in regards to visiting Australia both as a student and as an overseas visitor. The AGSM MBA Programs office can assist with information on accommodation, transportation, university facilities, etc. It is important for incoming exchange students to commence their research at least three to four months prior to their arrival. Students should allow ample time to secure health insurance, student or other visas, accommodation, etc. and to handle any other possible issues that may arise prior to the corresponding exchange session. All incoming exchange students will be allocated exchange buddies to assist with their queries.

Visa

Incoming Exchange students will need to obtain a visa (either Tourist visa, Student visa or Working Holiday visa) in order to study on the AGSM MBA Program. We recommend contacting nearest Australian embassy/consulate or searching the [Department of Home Affairs: Immigration and Citizenship](#) website to determine which visa is required and what steps must be taken in order to complete the visa application.

Student Visa

Overseas Student Health Cover (OSHC) is a student visa condition as required by the Australian Government and is compulsory. Exchange students are required to purchase their own overseas student health cover prior to obtaining their student visa and must purchase and maintain OSHC for the entire time that they are in Australia.

The UNSW preferred OSHC provider is: [Medibank Private](#).

Further information about other OSHC providers is available from [Department of Health and Ageing Care](#).

Tourist Visa

Please note that students on tourist visas will not be required to purchase the compulsory Overseas Student Health Cover (OSHC) as it is only required for those on student visas (described above). However, we strongly recommend that students obtain appropriate travel insurance.

Working Holiday Visa

For students under the age of 30 and a specific passport holder (noted on the site) the [Working Holiday visa](#) may be an option.

Entry Point

Our Full-time MBA program underwent a significant review in 2021 including changes in duration and commencement date. As a result electives in the Full-time MBA program may not coincide with established exchange periods. Incoming exchange students can also choose electives from our Part-time MBA programs in Term 3 2022 and Term 1 2023, dates are in the table below. Please note that Term 1 2023 has a later start and finish date than the Full-time program's Term 4 previously offered and may not fit with some programs.

Incoming exchange students should consult with their home institutions to determine during which terms they are eligible to undertake study at AGSM. Exchange students must ensure they are able to remain in Australia for the entire duration of their term of study, *including the examination/final assessment period*. Please refer to the term dates following to determine which term/s are suitable for exchange under your program requirements.

| Important Dates | Term 3 2022 | Term 1 2023 |
|--|--------------------------------|----------------------------------|
| School nomination deadline | 10 June 2022 (or as agreed) | 30 September 2022 (or as agreed) |
| Student application due date | 26 June 2022 | 30 October 2022 |
| Orientation: online and in-person events | 5 - 10 September 2022 | 6 - 11 February 2023 (TBC) |
| Term duration | 13 September – 3 December 2021 | 13 February - 5 May 2023 (TBC) |

Study Load

Exchange students are required to undertake what constitutes a full-time load whilst studying at the AGSM MBA Programs. A standard full-time load on the AGSM MBA is three elective courses or 18 units of credit (uoc). Each elective course is 6 units of credits and has 36 contact hours per term. Students may enrol in a maximum of four courses (24uoc).

Exchange students will only be permitted to enrol at less than a full-time load in the AGSM MBA Program if their home institution specifies this requirement.

Exchange students wishing to undertake more than a full-time load (overload) must make a formal submission outlining their reasons for this request *prior* to their arrival during the course selection process. AGSM is aware that in some cases students may be required to complete their studies in this format to meet requirements at their home institution. If this is the case, the home institution's Exchange Coordinator should inform the AGSM MBA Exchange Coordinator in writing of such requirements prior to the start of the corresponding term.

Course Offerings and Related Information

Courses in the Part-time MBA Programs are offered in a variety of modes, both online and face to face.
