Program and Course Terminology

Please refer to the 2023 Handbook for the program and major rules: <https://www.handbook.unsw.edu.au/undergraduate/programs/2023/3588>

Terminology	Definition
Level 1 Core Courses	Students must complete 54UOC (9 courses) of level 1 core course required for Actuarial Studies and Economics
Level 2 Core Courses	Students must complete 42UOC (7 courses) of Level 2 Actuarial Studies and Economics Core Courses. Students may replace ACTL2131 with the two courses MATH2901 Higher Theory of Statistics and MATH2931 Higher Linear Models. If students make this replacement, MATH2901 will count towards ACTL2131, and MATH2931 will be counted towards a major where this course is required or as a free elective.
Level 3 Actuarial Studies Core Courses	Students must complete 24UOC (4 courses) of Actuarial Studies Level 3 Core Courses. ACTL3191 and ACTL3192 cannot double count to meet Actuarial Studies level 3 requirements and Economics Elective/Major requirements.
Economics Electives	Students must complete 30UOC (5 courses) of Economics electives or accepted substitutes of Economics electives to ensure a student completes a minimum of 78 UOC (13 courses) of Economics courses across the program. MATH1151 and MATH1251 may count towards the required 78 UOC. ACTL3191 and ACTL3192 cannot double count to meet Actuarial Studies level 3 requirements and Economics Elective requirements.
Optional Actuarial Studies Majors	Students may wish to complete an optional Actuarial Studies major (ACTLE1, MATHE1). If students do not complete an optional Actuarial Studies major, students will complete program with a default major by completing program requirements. Note: Students cannot complete both a default major and an optional Actuarial Studies major.
Optional Economics Majors	Students may wish to complete an optional Economics major(s) (ECONV1, ECONT1, ECONU1). If students do not complete an optional Economics major(s), students will complete program with a default major by completing Economics program requirements. Note: Students cannot complete both a default major and an optional Economics major. If you choose to study 2 optional Economics majors, you must choose another 36UOC (6 courses) from the second major that do not overlap with the first major. ACTL3191 and ACTL3192 cannot double count to meet Actuarial Studies level 3 requirements and Economics Major requirements.
Free Electives	Free Electives account for 42UOC (7 courses) to satisfy the degree requirement of 192UOC (32 courses). These courses may be taken from the Business School or other Faculties. GEN coded courses cannot be counted as free electives. You may choose to use these Free Electives and Business School Electives to complete a second Business major or minor. Free Elective courses can also be used to complete an optional approved major or minor under the program (additional UOC may apply)
Maximum Majors/Minors	Students may complete up to 3 majors or 2 majors and 1 minor within their program. Students must complete at least 1 major in Actuarial Studies (this can be the default major) and 1 major in Economics (this can be the default major).
Level 1 limit	The maximum level one limit in this degree is 72UOC (12 courses).
Overall Program UOC	Students must complete a minimum 192 UOC (32 courses) across program requirements.
