Rising Stars

UNSW Computer Science & Engineering
2022 Prizes
At the School of Computer Science and Engineering, we pride ourselves on the quality of our programs, the brilliance and diligence and of our students, and the dedication and inspiration provided by our academics. All of them spark off each other and raise the standards all round. This is clearly evident on Prizes night, with the diversity of prizes and winners on display.

Congratulations to all the prize winners, I hope you remember the school, the academics and your peer groups with fondness in the years to come.

My sincere thanks to all our industry partners and sponsors of prizes, your generosity is much appreciated.

Parents and friends, thank you for your support of our students and academic community.

Head of School,  
Professor Arcot Sowmya
