

Standard MPsych(Clin) Progression Plan

- The standard progression plan provides an overview of the typical workload across the 2-year MPsych(Clin) program. There would be some changes to these hours from year-to-year although the plan provides a good estimate of the contact hours associated with the various stages of the program.
- Please note that given the professional nature of the program, classes and placement work will occur outside the standard university term dates (during term break, O week and flex week).
- All program hours stated are estimates and includes only class and placement hours. These hours do NOT include time for completion of course assignments, reading, out-of-class tasks, client work preparation, report writing and other placement related admin duties.
- Any questions associated with the progression plan should be directed to Dr Chien Gooi (Program Director).

MASTER OF PSYCHOLOGY (CLINICAL)

NB Clinic/coursework time is defined as including class time, direct client time, supervision and formal meetings; does not include time for completion of course assignments, client preparation, report writing and other placement related admin duties.

Standard MPsyach(Clin)/PhD Progression Plan

- The standard progression plan provides an overview of the typical workload across the 4-year combined program. There would be some changes to these hours from year-to-year although the plan provides a good estimate of the contact hours associated with the various stages of the program.
- Please note that given the professional nature of the program, classes and placement work will occur outside the standard university term dates (during term break, O week and flex week).
- All program hours stated are estimates and includes only class and placement hours. These hours do NOT include time for completion of course assignments, reading, out-of-class tasks, client work preparation, report writing and other placement related admin duties.
- Any questions associated with the progression plan should be directed to Prof Angela Nickerson (Combined Program Coordinator) or Dr Chien Gooi (Program Director).

PhD/MASTER OF PSYCHOLOGY (CLINICAL)

NB Clinic/coursework time is defined as including class time, direct client time, supervision and formal meetings; does not include time for completion of course assignments, client preparation, report writing and other placement related admin duties.

YR 1

T1: Feb to May

T2: June to Aug

T3: Sept to Dec

COURSEWORK

Tuesdays:

9am-12noon PSYC7212
ACCP1 (+ some Wed)

1-2pm PhD Seminar

4-7pm PSYC7001 Psych
Assessment

CLINIC

N/A

**4 non-coursework days
per week**

COURSEWORK

Mondays:

10am-12pm PSYC7221 ECP
1-4pm PSYC7204 ACCP2

Tuesdays:

1-2pm PhD seminar
2-4pm PSYC7221 ECP

O Week (Specific Days TBC):

PSYC7221 ECP
Workshops (approx late May)

CLINIC

N/A

**~3 non-coursework days
per week**

COURSEWORK

Mondays:

10-12pm PSYC7210
Neuropsychology

Tuesdays

10-12pm PSYC7210
Neuropsychology
1-2pm PhD seminar

Attend Clinical/Forensic
Conference late October

CLINIC

N/A

**~3 non-coursework
days per week**

YR 2

T1: Feb to May

T2: June to Aug

T3: Sept to Dec

COURSEWORK

Workshop Block PSYC7222:
Advanced Topics in Clinical
Psychology workshops
(approx Feb/Mar)

Mondays/Thursdays:
