Progression Rules

- Students must start with either PSYC5001 or PSYC5002 and must complete both of these courses before continuing to PSYC5003, then to PSYC5004.
- The four introductory courses (PSYC5001 – PSYC5004) have to be completed before proceeding to the advanced units (PSYC5005 – PSYC5010).
- The advanced courses PSYC5005 to PSYC5009 can be completed in any order that suits student’s individual pattern of study.
- PSYC5010 must be completed as the final course in the program.
- Students who have completed course/s equivalent to PSYC5001 and/or PSYC5002 as part of prior degree within 10 years prior to program commencement, may apply for Recognition of Prior Learning (RPL) in the online application. RPL is also known as “credit transfer” or “advanced standing”.
- Maximum enrolment in one course per hexamester.
- Maximum time to complete the program is 5 years.
- Students have the responsibility to self-enrol into the correct course via [myUNSW](https://myunsw.edu.au) prior to each hexamester and to ensure that they are following the progression rules and are on track to complete the program (see [Enrolment Guide](#) and program’s [Key Dates](#)).
- Typical progression plans are based on the assumption of full enrolment in all available sessions without any credit transfer. If students are granted credit transfer, students will need to adjust their progression plan accordingly.
